

Attention Parents and Guardians:

Please be aware that your 9th grade student needs to resubmit a completed dental screening certificate to school, which is required by state law.

If your child has been to the dentist within the last 12 months of August, please have their dentist complete a dental screening certificate and return it to the school nurse. Many dental offices are willing to complete dental screening certificates and fax them directly to the school. Our fax number is: 641-664-1763. Certificates can also be found at the following web address:

<https://idph.iowa.gov/ohds/oral-health-center/school-screenings>

If your child has not returned a completed certificate they will receive a dental screening during the school day on a later date from a registered dental hygienist.

You may call the school to find out the date(s) scheduled for the screenings. If you wish for your child not to receive a dental screening while at school, please notify the school in writing. Please call the school nurse at 641-664-2200 ext 1120 if you have further questions or concerns.

Sincerely,

Angela Davis, BSN RN
Davis County Community School District Nurse
