Board Secretary

September 12, 2012

Dear Parent/Guardian:

The Salisbury-Elk Lick School District has moved from a Targeted Assisted Title I Program to a Schoolwide model. This means all students in grades K-6 are eligible for Title I activities, services, and programs. Because the elementary school is receiving funds under Title I of the Elementary and Secondary Act (ESEA), the district must have all students and parents in the elementary sign a written compact.

If you are not familiar with Title I services, this compact has been used for Title I services in the past. Because all students are now eligible, we are asking that all parents and students sign this compact. Even though your child may not be receiving direct tutoring in the traditional pull out placement, but may still participate in any and all activities sponsored through the Title I Program.

This compact is also very important because it outlines how parents, teachers, and students share the responsibility for improved student academic achievement. This compact develops a commitment between the school and home to build a partnership to help children improve academically and develop a strong appreciation for the value of their education.

The Salisbury-Elk Lick School District is always moving forward and improving the way we serve our students, parents, and community. If you have any questions regarding this compact please contact me at 814 662-2733 ext 514.

Thank You
Joe Renzi
