

MARION HIGH SCHOOL

2021-2022 School Supply List

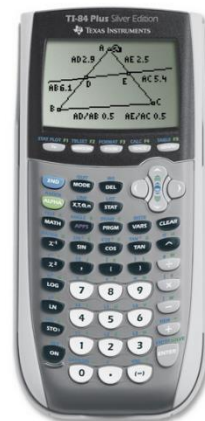

There are a limited number of materials that are "must-haves," in that, students use district issued Chromebooks related to many needs. The traditional supplies will suffice (pencils, pens, notebooks); nearly all material beyond this are specific to a student's individual learning and organization style. It is asked that all students have a particular calculator that is used exclusively in multiple math courses. It is also anticipated that students will not be using hallway lockers to begin the year therefore a bookbag would be very beneficial.

Optional Items for All Grades (Suggested)

- 1 – personal water bottle
- 1 – 8 oz. bottle hand sanitizer

Graphing Calculator, required
can be used, does not have to be new

TI Nspire CX (non-CAS)	TI-84 Plus CE (Colored Edition)	TI-84 Plus Silver Edition
\$110 – \$160	\$120 – \$130	\$105 – \$160
Classroom demonstration supported, colored screen to easily decipher multiple graphs, rechargeable	<i>Non-classroom</i> demonstration supported, colored screen to easily decipher multiple graphs, rechargeable	<i>Non-classroom</i> demonstration supported; battery operated

While the TI Nspire CX is the top recommendation as the teachers have the ability to demonstrate on this model in the classroom, it is not required. If a TI-84 model is already owned by the family, a new model does not need to be purchased.

Courses that will use a graphing calculator (*=required course for graduation):

General Science Motion*
General Science Matter*
AP Statistics
AP Calculus

Chemistry
Physics
Pre-Calculus
Money Math*

Integrated Algebra/Geometry I*
Integrated Algebra/Geometry II*
Integrated Algebra/Geometry III*
Principles of Engineering
Introduction to Engineering

For any calculator questions, contact a teacher in the math department
