 Discussion of SRBI Revamp

 A presentation was given by Kerry Morin and Rosemary Humes, both involved in the WES SRBI program.

 Currently in the elementary school, for SRBI reading, there are 2 teachers and 4 paraprofessionals, servicing about 66 students. At this time the grade level with the highest number of students being serviced is grade 4.

 Rosemary Humes is the only teacher for K-4 math SRBI. At this time about 37 students are being serviced by SRBI math K-4.

 Lisa Foisy is the teacher for WMS SRBI math, Alison Silver is the WMS SRBI reading teacher.

 At WES, for reading, all students start as Tier I, or general education.

 Assessments, such as Wilson, ELS, Star, Fry, Dibbles and DRA, are used to identify students needing Tier 2, in class support, or Tier 3, pull out support.

 Goals are generally reevaluated every 6 to 8 weeks. Star test, My Math, benchmark test and Edulastics are assessments used to identify students

needing SRBI math services. Both Mrs Morin and Mrs Humes indicated that additional computers would make a positive difference in their SRBI programs

V. Discuss subject topic for March 5th, 2018, meeting.-

1. The next meeting Viktor will invite teachers using the new K-2 phonics program.
2. Also, WMS Parent teacher conference will be discussed. Ian Webster will be invited to share how conferences are handled at the district where he works.

VII. Citizens comments - none

VIII. Adjourn 7:00 Rhonda Chenail motion to adjourn, Cindy Alberts seconded, unanimous
