Southern Hills Career & Technical Center requires a uniform to instill a professional appearance. This attire is to be worn the entire school day, fastened as designated (buttoned, zipped, snapped, etc.) and shirts may be required to be tucked neatly into slacks during lab for professional appearance and or safety issues. This will be determined by the Career Tech instructor. Shirts that are designed to be tucked in, for example shirts with long tails, will need to be tucked in. Career Technical program uniforms are assigned by the Career Technical Instructor.

Shoes must meet health and safety standards. In addition, some programs may require two pairs of shoes, one for the lab area and one to be worn the remainder of the day. Both pairs must be professional in appearance for someone in that line of work. Flip flops are not acceptable footwear.

Smocks and /or other protective lab attire, a state law for licensing purposes in some labs, will be worn.

Shorts (including Bermuda shorts), halter, midriff, tube, crop tops, see-through blouses, net, cut-off, muscle, open or sleeveless shirts, going shirtless are not proper attire. Excessively large clothing (sagging or baggy pants, oversize shirts, etc.) will not be permitted. Pajama items are not appropriate, nor are leggings. Tops and bottoms must overlap at all times, including when arms are raised. **Clothing that has rips or holes in it are not to be worn in school.** Confederate wear, including hats, belts, belt buckles or clothing is not permitted.

Accessories such as bandannas, sunglasses, chained wallets, or other chained items are not permitted. Earrings/piercings are permitted in accordance with industry standards. However, in areas where safety necessitates, they may have to be removed.

We understand that some students are unable to be in uniform the first week of school, but do ask that all students be in uniform by August 31st. If there are extenuating circumstances those may be discussed with the Principal. If a student is waiting for uniform shirt orders to be completed students are still expected to dress appropriately while waiting on uniforms.

The administration reserves the right to review individual situations where staff may feel the attire and/or appearance of a particular student is inappropriate or unsafe.
