FROM: Pat Sánchez, Superintendent
Dr. Lori Aragon, Executive Director of Learning Services
DATE: August 5, 2021

TOPIC: Adoption of Revised July 2021 Special Release Board Policy &
Administrative Regulation 6158, Independent Study

DESCRIPTION: Education Code 51747, as amended by AB 130, mandates that the Governing Board adopt a policy with specified requirements as a condition of receiving state apportionments for independent study students. Commencing in the 2021-2022 fiscal year, the Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting will require verification of the adoption of an independent study policy by the Board, including loss of apportionment for independent study for districts found to be noncompliant.

In addition to meeting the requirements specified by Education Code 51747, board policies must comply with rules and regulations adopted by the Superintendent of Public Instruction (SPI). School boards are encouraged to review independent study policies as the SPI adopts revised rules to reflect the new requirements of AB 130.

RECOMMENDATION: Approve for adoption.

CSBA POLICY GUIDE SHEET July 2021

Note: Descriptions below identify revisions made to CSBA's sample board policies, administrative regulations, board bylaws, and/or exhibits. Editorial changes have also been made. Districts and county offices of education should review the sample materials and modify their own policies accordingly.

DELETE - Board Policy 6157 - Distance Learning

Policy deleted due to expiration of emergency legislation that temporarily waived apportionment requirements to permit distance learning for the 2020-2021 school year.

Board Policy 6158 - Independent Study

Policy updated to reflect **NEW LAW (AB 130, 2021)** which requires all districts, for the 2021-22 school year, to offer independent study to meet the educational needs of students unless a waiver is obtained and to adopt policy with specified components in order to generate apportionment for independent study. Policy updates the minimum period of time permitted for independent study to be three consecutive school days, requires an evaluation to determine if the student should continue in independent study if the student fails to make satisfactory educational progress, and requires that content be aligned to grade level standards including the requirement for high schools to offer access to all courses offered by the district for graduation and approved as creditable for A-G admission criteria. Policy also updated to include the requirement for live interaction and/or synchronous instruction based on grade level, tiered reengagement strategies for students not generating attendance for a specified period of time, expeditious transition for students whose families wish to return to in-person instruction, notice to parents/guardians of specified information, the provision of a student-parent-educator conference, upon request, prior to enrollment and/or disenrollment, and the keeping of additional records including documentation of each student's participation in live interaction and synchronous instruction on each school day, as applicable. Policy updated to include material formerly in the AR regarding requirements for independent study and written agreements as well as new requirements regarding the same, including that written agreements must include a detailed statement of academic and other supports that will be provided to address the needs of particular students, that the agreement may be signed electronically as specified, and that, for the 2021-22 school year, the written agreement must be signed no later than 30 days after the first day of instruction. Policy updated to include material formerly in the AR regarding course-based independent study and to generally align the requirements of course-based independent study with the requirements for general independent study.

Administrative Regulation 6158 - Independent Study

Regulation updated to reflect **NEW LAW (AB 130, 2021)** which includes, adding definitions for "live interaction," "student-parent-educator conference" and "synchronous instruction," the requirement for all districts for the 2021-22 school year to offer independent study to meet the educational needs of students unless the district has obtained a waiver, that independent study may be offered to students whose health would be put at risk by in-person instruction as determined by the parent/guardian, the assurance of access to Internet connectivity and devices adequate to participate in the educational program and complete assigned work, and the documentation of each student's participation in live interaction and synchronous instruction pursuant to Education Code 51747 on each school day, as applicable. Material regarding requirements for independent study, written agreements and course-based independent study moved to BP.

BP 6158(a)

INDEPENDENT STUDY

Note: Education Code 51745-51749.6 authorize districts to establish independent study programs to meet the educational needs of students. Pursuant to Education Code 51745, as amended by AB 130 (Ch. 44, Statutes of 2021), for the 2021-22 school year, all districts are required to offer independent study to meet the educational needs of students.

Education Code 51747, as amended by AB 130, **mandates** that the Governing Board adopt a policy with specified requirements as a condition of receiving state apportionments for independent study students. In addition to meeting the requirements specified by Education Code 51747, board policies must comply with rules and regulations adopted by the Superintendent of Public Instruction (SPI). Boards are encouraged to review independent study policies as the SPI adopts revised rules to reflect the new requirements of AB 130.

Commencing with the 2021-22 fiscal year Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, the State Controller is required to incorporate verification of the adoption of the policies, including loss of apportionment for independent study for districts found to be noncompliant.

Education Code 51749.5 **mandates** that the Board adopt policy with specified components as a condition of offering a program of course-based independent study. The mandated components are reflected throughout this policy and the accompanying administrative regulation.

When developing policy on independent study, 5 CCR 11701 requires the Board to consider, in a public hearing, (1) the scope of its existing or prospective use of independent study as an instructional strategy, (2) its purposes in authorizing independent study, and (3) factors bearing specifically on the maximum realistic lengths of assignments and acceptable number of missed assignments for specific populations of students or adult students.

In the event of a school closure necessitated by an emergency condition pursuant to Education Code 46392, districts must develop a plan for offering independent study to affected students pursuant to Education Code 46393, as added by AB 130. See BP 3516.5 - Emergency Schedules.

Independent study may be offered as a program within a school, as a charter school, or as an alternative school of choice pursuant to Education Code 58500-58512; see AR 0420.4 - Charter School Authorization, BP 6146.11 - Alternative Credits Toward Graduation; and BP/AR 6181 - Alternative Schools/Programs of Choice.

The Governing Board authorizes independent study as an optional alternative instructional strategy for students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan to serve students who desire a more challenging educational experience, whose health or other personal circumstances make classroom attendance difficult, who are unable to access course(s) due to scheduling problems, and/or who need to make up credits or fill gaps in their learning. As necessary to meet student needs, independent study may be offered on a full-time basis or on a part-time basis in conjunction with part- or full-time classroom study.

INDEPENDENT STUDY (continued)

The Superintendent or designee may provide a variety of independent study opportunities, including, but not limited to, through a program or class within a comprehensive school, an alternative school or program of choice, a charter school, and an online course.

(cf. 0420.4 - Charter School Authorization)
(cf. 6181 - Alternative Schools/Programs of Choice)

A student's participation in independent study shall be voluntary. (Education Code 51747, 51749.5)

Independent study for each student shall be under the general supervision of a district employee who possesses a valid certification document pursuant to Education Code 44865 or an emergency credential pursuant to Education Code 44300. Students' independent study shall be coordinated, evaluated, and documented, as prescribed by law and reflected in the accompanying administrative regulation. (Education Code 51747.5)

Note: Pursuant to Education Code 46300, as amended by AB 130, the attendance of students participating in independent study for three or more consecutive school days will be included in computing average daily attendance for apportionment purposes. The following **optional** paragraph is for use by districts that wish to limit independent study to periods of three or more consecutive school days.

The minimum period of time for any independent study option shall be three consecutive school days.

General Independent Study Requirements

Note: Education Code 51745, as amended by AB 130, requires districts to offer independent study for the 2021-22 school year only. Districts may meet the requirement for the 2021-22 school year by contracting with a county office of education or by entering into an interdistrict transfer agreement with another district pursuant to Education Code 46600. In addition, the requirement to offer independent study for the 2021-22 school year may be waived for districts by the county superintendent of schools in the county in which the district is located if the district demonstrates that (1) offering independent study would create an unreasonable fiscal burden on the district or county office of education due to low numbers of students participating or other extenuating circumstances; and (2) the Board does not have the option to enter into an interdistrict transfer agreement with another district or to contract with a county office of education to provide an independent study option.

For single-district counties, the waiver must be granted by the SPI.

For the 2021-22 school year, the district shall offer independent study, as specified in Education Code 51745, to meet the educational needs of students unless the district has obtained a waiver. (Education Code 51745)

INDEPENDENT STUDY (continued)

For the 2022-23 school year and thereafter, the Superintendent or designee may continue to offer and approve independent study for an individual student upon determining that the student is prepared to meet the district's requirements for independent study and is likely to succeed in independent study as well as or better than the student would in the regular classroom setting.

(cf. 5147 - Dropout Prevention)
(cf. 6011 - Academic Standards)
(cf. 6143 - Courses of Study)
(cf. 6146.1 - High School Graduation Requirements)
(cf. 6146.11 - Alternative Credits Toward Graduation)
(cf. 6172 - Gifted and Talented Student Program)
(cf. 6200 - Adult Education)

Note: Education Code 51747 **mandates** that the Board, in a public hearing, adopt a policy on the maximum length of time, by grade level and type of program, which may elapse between the time an independent study assignment is made and the date by which the student must complete the assignment. 5 CCR 11700 defines "type of program" as the statutory program category for purposes of attendance accounting, such as adult education or continuation high school. In addition, 5 CCR 11701 **mandates** that Board policy reflect an awareness that excessive leniency in the duration of independent study assignments can result in a student falling so far behind peers as to increase, rather than decrease, the risk of dropping out of school.

The following paragraph sets one week for all grade levels and types of programs as the maximum length of time an independent study assignment should be completed, and should be revised to reflect the length of time determined by the Board. In order to ensure that apportionments are received, the length of time determined by the Board in its policy should be reflected in the district's written agreement. See the section "Master Agreement" below.

Because excessive leniency in the duration of independent study assignments may result in a student falling behind peers and increase the risk of dropping out of school, independent study assignments shall be completed no more than one week after assigned for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

Note: Education Code 51747 **mandates** that the Board, in a public hearing, adopt a policy which specifies the level of satisfactory educational progress and the number of missed assignments allowed before an evaluation would be required to determine whether it is in a student's best interest to remain in independent study. The following paragraph specifies a maximum of three assignments and should be revised to reflect the Board's determination of the number of missed assignments that will trigger an evaluation.

The number of missed assignments that will trigger an evaluation must be included in the student's written agreement.

INDEPENDENT STUDY (continued)

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student fails to make satisfactory educational progress and/or misses three assignments. Satisfactory educational progress shall be determined based on all of the following indicators: (Education Code 51747)

1. The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and engagement specified in Education Code 52060
2. The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments
3. Learning required concepts, as determined by the supervising teacher
4. Progress towards successful completion of the course of study or individual course, as determined by the supervising teacher

Note: Education Code 51747, as amended by AB 130, **mandates** the Board to adopt policy that includes the provision of content aligned to grade level standards that is provided at a level of quality and intellectual challenge substantially equivalent to in-person instruction. For high schools, this requirement includes access to all courses offered by the district for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria. See BP/AR 6143 - Courses of Study.

The Superintendent or designee shall ensure that students participating in independent study are provided with content aligned to grade level standards at a level of quality and intellectual challenge substantially equivalent to in-person instruction. For high schools, this shall include access to all courses offered by the district for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria. (Education Code 51747)

Note: Education Code 51747, as amended by AB 130, **mandates** the Board to adopt policy that includes plans, by grade level, to provide students with specified levels of live interaction and/or synchronous instruction as described below and defined in the accompanying administrative regulation. This requirement only applies to students participating in an independent study program for 15 school days or more.

The Superintendent or designee shall ensure that students participating in independent study for 15 school days or more receive the following throughout the school year: (Education Code 51747)

1. For students in grades transitional kindergarten, kindergarten, and grades 1 to 3, opportunities for daily synchronous instruction

INDEPENDENT STUDY (continued)

2. For students in grades 4-8, opportunities for both daily live interaction and at least weekly synchronous instruction
3. For students in grades 9-12, opportunities for at least weekly synchronous instruction

Note: Education Code 51747, as amended by AB 130, **mandates** the Board to adopt policy that includes procedures for tiered reengagement strategies for all students who are not generating attendance for more than three school days or 60 percent of the instructional days in a school week. This requirement only applies to students participating in an independent study program for 15 school days or more.

The Superintendent or designee shall ensure that procedures for tiered reengagement strategies are used for all students who are not generating attendance for more than three school days or 60 percent of the instructional days in a school week, or who are in violation of their written agreement. This requirement only applies to students participating in an independent study program for 15 school days or more. The procedures shall include, but are not necessarily limited to, all of the following: (Education Code 51747)

1. Verification of current contact information for each enrolled student
2. Notification to parents/guardians of lack of participation within one school day of the absence or lack of participation
3. A plan for outreach from the school to determine student needs, including connection with health and social services as necessary

Note: Education Code 51747 requires districts to hold a student-parent-educator conference as defined by Education Code 51745.5, at specified times, as reflected below and in the accompanying regulation.

4. A clear standard for requiring a student-parent-educator conference to review a student's written agreement and reconsider the independent study program's impact on the student's achievement and well-being

Note: Education Code 51747, as amended by AB 130, **mandates** the Board to adopt policy that includes a plan to expeditiously, and not longer than five instructional days, transition students whose families wish to return to in-person instruction from independent study. This requirement only applies to students participating in an independent study program for 15 school days or more.

The Superintendent or designee shall develop a plan to transition students whose families wish to return to in-person instruction from independent study expeditiously, and, in no case later, than five instructional days. This requirement only applies to students participating in an independent study program for 15 school days or more. (Education Code 51747)

INDEPENDENT STUDY (continued)

Note: Education Code 51747, as amended by AB 130, **mandates** the Board to adopt policy providing that a current written agreement (i.e., the "master agreement") will be maintained for each student who participates in independent study and for whom apportionment is claimed. Education Code 51747 provides that no independent study agreement can be valid for longer than one school year. For the 2021-22 school year only, the district is required to obtain a signed written agreement for independent study no later than 30 days after the first day of instruction.

In addition, Education Code 51749.5 **mandates** the Board to adopt policy providing that a "learning agreement" be maintained for each student participating in course-based independent study.

See the section "Master Agreement" below for required content of these agreements.

The Superintendent or designee shall ensure that a written master agreement exists for each participating student as prescribed by law. (Education Code 51747, 51749.5)

Note: For the 2021-22 school year only, the district must provide notice with specified components of the independent study option available through Education Code 51747. Education Code 51747, as amended by AB 130, requires that the written information, in addition to being written in English, be written in the primary language if 15 percent or more of the students enrolled in a district that provides instruction in transitional kindergarten, kindergarten, or any of grades 1 to 12, inclusive, speak a single primary language other than English, as determined from the census data submitted to the California Department of Education.

The district shall provide written notice to the parents/guardians of all enrolled students of the option to enroll their child in in-person instruction or independent study during the 2021-22 school year. This notice shall be posted on the district's web site, and shall include, at a minimum, information about the right to request a student-parent-educator conference before enrollment, student rights regarding procedures for enrolling, disenrolling, and reenrolling in independent study, and the instructional time, including synchronous and asynchronous learning, that a student will have access to as part of independent study. (Education Code 51747)

Note: Education Code 51747, as amended by AB 130, requires districts to hold a student-parent-educator conference upon the request of a parent/guardian prior to enrollment or disenrollment in independent study. The term student-parent-educator conference is defined in Education 51745.5, and as reflected in the accompanying regulation.

Upon the request of the parent/guardian of a student, before making a decision about enrolling or disenrolling in independent study and entering into a written agreement to do so, the district shall conduct a telephone, videoconference, or in-person student-parent-educator conference or other meeting during which the student, parent/guardian, or their advocate may ask questions about the educational options, including which curriculum offerings and nonacademic supports will be available to the student in independent study. (Education Code 51747)

INDEPENDENT STUDY (continued)**Master Agreement**

Note: Education Code 51747 **mandates** that, in order to receive apportionments for independent study, the district must adopt and implement policy providing for a signed written independent study agreement which contains the components listed in the following section. Because apportionments are only provided for independent study of three or more consecutive school days pursuant to Education Code 46300, as amended by AB 130, written agreements are required only in such instances.

Education Code 46300.7 states that apportionments shall be received for a student in independent study only if the district receives written permission from the parent/guardian before the independent study begins, specifying the actual dates of participation, methods of study and evaluation, and resources to be made available for the student's independent study. Since all these components are included in the written agreement which the parent/guardian must sign before the commencement of independent study pursuant to Education Code 51747, the parent/guardian's signature on the agreement satisfies the requirement to obtain the parent/guardian's written permission.

However, for the 2021-22 school year the district must obtain a signed written agreement for independent study no later than 30 days after the first day of instruction, pursuant to Education Code 51747, as amended by AB 130.

For the 2021-22 school year only, the district shall obtain a signed written agreement for independent study no later than 30 days after the first day of instruction.

A written agreement shall be developed and implemented for each student participating in independent study for three or more consecutive school days. (Education Code 46300, 51747; 5 CCR 11703)

The agreement shall include general student data, including the student's name, address, grade level, birth date, school of enrollment, and program placement.

The independent study agreement for each participating student also shall include, but are not limited to, all of the following: (Education Code 51747; 5 CCR 11700, 11702)

1. The frequency, time, place and manner for submitting the student's assignments, reporting the student's academic progress, and communicating with a student's parent/guardian regarding the student's academic progress
2. The objectives and methods of study for the student's work and the methods used to evaluate that work
3. The specific resources that will be made available to the student, including materials and personnel, and access to Internet connectivity and devices adequate to participate in the educational program and complete assigned work

INDEPENDENT STUDY (continued)

Note: As described in the section "General Independent Study Requirements" above, pursuant to Education Code 51747, the written agreement must contain statements reflecting Board policy pertaining to (1) the maximum length of time, by grade level and type of program, which may elapse between the time an independent study assignment is made and the date by which the student must complete the assignment and (2) the number of missed assignments allowed before an evaluation would be required to determine whether it is in a student's best interest to remain in independent study. As amended by AB 130, Education Code 51747 also requires that the written agreement contain a statement of the Board's policy regarding the level of satisfactory educational progress for students participating in independent study.

4. A statement of the Board's policy detailing the maximum length of time allowed between an assignment and its completion, the level of satisfactory educational progress, and the number of missed assignments which will trigger an evaluation of whether the student should be allowed to continue in independent study
5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with a maximum of one school year
6. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion
7. A statement detailing the academic and other supports that will be provided to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, students with disabilities with an individualized education program or a Section 504 plan in order to be consistent with their program or plan, students in foster care or experiencing homelessness, and students requiring mental health supports.
8. A statement that independent study is an optional educational alternative in which no student may be required to participate
9. In the case of a suspended or expelled student who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, a statement that instruction may be provided through independent study only if the student is offered the alternative of classroom instruction

(cf. 5144.1 - Suspension and Expulsion/Due Process)

10. Before the commencement of independent study, the agreement shall be signed and dated by the student, the student's parent/guardian or caregiver if the student is under age 18 years, the certificated employee responsible for the general supervision of

INDEPENDENT STUDY (continued)

independent study, and all persons who have direct responsibility for providing assistance to the student.

However, for the 2021-22 school year, the district shall obtain a signed written agreement for independent study from the student, or the student's parent/ guardian if the student is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the pupil, no later than 30 days after the first day of instruction.

Written agreements may be signed using an electronic signature that complies with state and federal standards, as determined by the California Department of Education (CDE). (Education Code 51747)

The parent/guardian's signature on the agreement shall constitute permission for the student to receive instruction through independent study.

Course-Based Independent Study

Note: This section is for districts that provide independent study courses to its students. Education Code 51749.5-51749.6, as amended by AB 130, establish a course-based independent study option that may be offered if certain requirements are met, as described below. Education Code 51749.5 **mandates** that boards adopt policies that comply with the legal requirements listed in the following section and any applicable regulations adopted by the State Board of Education.

The following paragraph may be revised to reflect the grade levels offered by the district.

For high schools, this shall include access to all courses offered by the district for graduation and approved by the University of California or the California State University as creditable under the A-G admissions criteria. The certification shall, at a minimum, include the duration, number of equivalent daily instructional minutes for each school day that student is enrolled, number of equivalent total instructional minutes, and number of course credits for each course, consistent with that of equivalent classroom-based courses. The certification shall also include plans to provide opportunities for students in grades transitional kindergarten, kindergarten, and grades 1-3 to receive daily synchronous instruction, for students in grades 4-8, to receive both daily live interaction and at least weekly synchronous instruction, and for students in grades 9-12 to receive at least weekly synchronous instruction.

4. Students enrolled in independent study courses shall meet the applicable age requirements established pursuant to Education Code 46300.1, 46300.4, 47612, and 47612.1, and the applicable residency and enrollment requirements established pursuant to Education Code 46300.2, 47612, 48204, and 51747.3.
5. For each student participating in an independent study course, satisfactory educational progress shall be determined based on the student's achievement and engagement in the independent study program, as indicated by their performance on applicable student-level measures of student achievement and student engagement set forth in Education Code 52060, completion of assignments, assessments, or other indicators that evidence that the student is working on assignments, learning of required concepts, as determined by the supervising teacher, and progress toward successful completion of the course of study or individual course, as determined by the supervising teacher.

If satisfactory educational progress in an independent study class is not being made, the teacher shall notify the student and, if the student is under age 18 years, the student's parent/guardian. The teacher shall conduct an evaluation to determine whether it is in the student's best interest to remain in the course or whether the student should be referred to an alternative program, which may include, but is not limited to, a regular school program. A written record of the evaluation findings shall be a mandatory interim student record maintained for three years from the date of the evaluation. If the student transfers to another California public school, the record shall be forwarded to that school.

Procedures for tiered reengagement strategies shall be used for all students who are not making satisfactory educational progress in one or more courses or who are in

violation of the written learning agreement, as described in the section "Learning Agreement for Course-Based Independent Study" below. These procedures shall include, but are not necessarily limited to, the verification of current contact information for each enrolled student, notification to parents/guardians of lack of participation within one school day of the absence or lack of participation, a plan for outreach from the school to determine student needs, including connection with health and social services as necessary, and a clear standard for requiring a student-parent-educator conference to review a student's written agreement and reconsider the independent study program's impact on the student's achievement and well-being.

(cf. 5125 - Student Records)

6. Examinations shall be administered by a proctor.
7. Statewide testing results shall be reported and assigned to the school at which the student is enrolled and shall be included in the aggregate results of the district. Test results also shall be disaggregated for purposes of comparisons with the test results of students enrolled in classroom-based courses.

(cf. 6162.51 - State Academic Achievement Tests)

8. A student shall not be required to enroll in courses included in the course-based independent study program.
9. The student-teacher ratio in the courses in this program shall meet the requirements of Education Code 51745.6.
10. For each student, the combined equivalent daily instructional minutes for courses in this program and all other courses shall meet applicable minimum instructional day requirements, and the student shall be offered the minimum annual total equivalent instructional minutes pursuant to Education Code 46200-46208.

(cf. 6111 - School Calendar)

(cf. 6112 - School Day)

11. Courses required for high school graduation or for admission to the University of California or California State University shall not be offered exclusively through independent study.
12. A student participating in this program shall not be assessed a fee that is prohibited by Education Code 49011.

INDEPENDENT STUDY (continued)

(cf. 3260 - Fees and Charges)

13. A student shall not be prohibited from participating in independent study solely on the basis that the student does not have the materials, equipment, or access to Internet connectivity necessary to participate in the course.
14. A student with disabilities, as defined in Education Code 56026, shall not participate in course-based independent study, unless the student's individualized education program specifically provides for that participation.
15. A temporarily disabled student shall not receive individual instruction pursuant to Education Code 48206.3 through course-based independent study.
16. The district shall maintain a plan to transition any student whose family wishes to return to in-person instruction from course-based independent study expeditiously, and, in no case, later than five instructional days.

Learning Agreement for Course-Based Independent Study

Note: Education Code 51749.6, as amended by AB 130, requires that, before enrolling a student in course-based independent study, the district provide the student and, if the student is less than 18 years of age, the student's parent/guardian, with a written learning agreement that includes specified components.

Before enrolling a student in a course within this program, the Superintendent or designee shall provide the student and, if the student is under age 18 years, the student's parent/guardian with a written learning agreement that includes all of the following: (Education Code 51749.6)

7. A statement that enrollment is an optional educational alternative in which no student may be required to participate. In the case of a student who is suspended or expelled, or who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, the agreement also shall include the statement that instruction may be provided to the student through course-based independent study only if the student is offered the alternative of classroom instruction.
8. The manner, time, frequency, and place for submitting a student's assignments, for reporting the student's academic progress, and for communicating with a student's parent/guardian regarding a student's academic progress.
9. The objectives and methods of study for the student's work, and the methods used to evaluate that work.
10. A statement of the adopted policies regarding the maximum length of time allowed between the assignment and the completion of a student's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether the student should be allowed to continue in course-based independent study.
11. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the learning agreement, to be earned by the student upon completion.
12. Before the commencement of an independent study course, the learning agreement shall be signed and dated by the student, the student's parent/guardian or caregiver, if the student is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of the independent study course, and all persons who have direct responsibility for providing assistance to the student. For purposes of this paragraph "caregiver" means a person who has met the requirements of Family Code 6550-6552.

INDEPENDENT STUDY (continued)

However, for the 2021-22 school year only, the district shall obtain a signed written agreement for independent study from the student, or the student's parent/guardian if the student is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of the independent study course, and all persons who have direct responsibility for providing assistance to the pupil no later than 30 days after the first day of instruction.

Written agreements may be signed using an electronic signature that complies with state and federal standards, as determined by the CDE. (Education Code 51749.6)

The student's or parent/guardian's signature shall constitute permission for the student to receive instruction through independent study. (Education Code 51749.6)

The Superintendent or designee shall retain a physical or electronic copy of the signed learning agreement for at least three years and as appropriate for auditing purposes. (Education Code 51749.6)

Student-Parent-Educator Conferences

Note: Education Code 51747 and 51749.5, as amended by AB 130, require districts to hold student-parent-educator conferences as defined by Education Code 51745.5, at specified times. See the accompanying regulation for the definition of student-parent-educator conference.

A student-parent-educator conference shall be held as appropriate including, but not limited to, as a reengagement strategy and/or if requested by a parent/guardian prior to enrollment or disenrollment from independent study. (Education Code 51745.5, 51747, 51749.5)

Records for Audit Purposes

Note: Education Code 51745.6, 51747, 51747.5, and 51749.5, as amended by AB 130, require, commencing in the 2021-22 fiscal year, the State Controller to incorporate verifications of compliance with specified components of the laws into the Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting to the extent that these verifications are not yet included in the audit guide, with loss of apportionment for independent study for districts found to be noncompliant.

The Superintendent or designee shall ensure that records are maintained for audit purposes. These records shall include, but not be limited to: (Education Code 51748; 5 CCR 11703)

1. A copy of the Board policy, administrative regulation, and other procedures related to independent study

INDEPENDENT STUDY (continued)

2. A listing of the students, by grade level, program, and school, who have participated in independent study, along with the units of the curriculum attempted and completed by students in grades K-8 and the course credits attempted by and awarded to students in grades 9-12 and adult education
3. A file of all agreements, with representative samples of each student's work products bearing the supervising teacher's notations indicating that the teacher has personally evaluated the work or personally reviewed the evaluations made by another certificated teacher
4. As appropriate to the program in which the students are participating, a daily or hourly attendance register that is separate from classroom attendance records, maintained on a current basis as time values of student work products judged by a certificated teacher, and reviewed by the supervising teacher if they are two different persons
5. Appropriate documentation of compliance with the teacher-student ratios required by Education Code 51745.6 and 51749.5 (Education Code 51745.6 and 51749.5)
6. Note: Education Code 51747.5, as amended by AB 130, requires districts to document each student's participation in live interaction and synchronous instruction pursuant to Education Code 51747 on each school day, as applicable, in whole or in part, for which independent study is provided. A student who does not participate in independent study on a school day shall be documented as nonparticipatory for that school day. In addition, Education Code 51747.5 requires districts to maintain written or computer-based evidence of student engagement that includes, but is not limited to, a grade book or summary document that, for each class, lists all assignments, assessments, and associated grades. Commencing in the 2021-22 fiscal year, the Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting will incorporate compliance reviews of these requirements.

The district shall document each student's participation in live interaction and synchronous instruction pursuant to Education Code 51747 on each school day, as applicable, in whole or in part, for which independent study is provided. The signed, dated agreement, any supplemental agreement, assignment records, work samples, and attendance records may be maintained on file electronically. (Education Code 51747)

Program Evaluation

Note: The following **optional** section may be revised to reflect district practice.

The Superintendent or designee shall annually report to the Board the number of district students participating in independent study, the average daily attendance generated for apportionment purposes, student performance as measured by standard indicators and in comparison to students in classroom-based instruction, and the number and proportion of independent study students who graduate or successfully complete independent study. Based on the program evaluation, the Board and Superintendent shall determine areas for program improvement as needed.

Definitions

Note: Education Code 51745.5, as added by AB 130 (Ch. 44, Statutes of 2021), defines the terms "live interaction," "student-parent-educator conference," and "synchronous instruction" as provided below.

Live interaction means interaction between the student and classified or certificated staff, and may include peers, provided for the purpose of maintaining school connectedness, including, but not limited to, wellness checks, progress monitoring, provision of services, and instruction. This interaction may take place in person, or in the form of Internet or telephonic communication. (Education Code 51745.5)

Student-parent-educator conference means a meeting involving, at a minimum, all parties who signed the student's written independent study agreement pursuant to Education Code 51747 or the written learning agreement pursuant to Education Code 51749.6. (Education Code 51745.5)

Synchronous instruction means classroom-style instruction or designated small group or one-on-one instruction delivered in person, or in the form of Internet or telephonic communications, and involving live two-way communication between the teacher and student. Synchronous instruction shall be provided by the teacher of record for that student pursuant to Education Code 51747.5. (Education Code 51745.5)

Educational Opportunities

Note: Pursuant to Education Code 51745, as amended by AB 130, the district is required to offer independent study to meet the educational needs of students for the 2021-22 school year unless the district obtains a waiver from such requirement.

For the 2021-22 school year, the district shall offer independent study to meet the educational needs of students as specified in Education Code 51745 unless the district has obtained a waiver. (Education Code 51745)

Note: The following section is **optional**. Education Code 51745 lists educational opportunities that may be provided through independent study. The district may revise or expand items #1-6 below to reflect district practice.

Educational opportunities offered through independent study may include, but are not limited to: (Education Code 51745)

1. Special assignments extending the content of regular courses of instruction

INDEPENDENT STUDY (continued)

(cf. 6143 - Courses of Study)

2. Individualized study in a particular area of interest or in a subject not currently available in the regular school curriculum
3. Individualized alternative education designed to teach the knowledge and skills of the core curriculum, but not provided as an alternative curriculum
4. Continuing and special study during travel

(cf. 5112.3 - Student Leave of Absence)

5. Volunteer community service activities and leadership opportunities that support and strengthen student achievement
6. Individualized study for a student whose health, as determined by the student's parent/guardian, would be put at risk by in-person instruction

(cf. 0420.4 - Charter School Authorization)

(cf. 6142.4 - Service Learning/Community Service Classes)

(cf. 6181 - Alternative Schools/Programs of Choice)

In addition, when requested by a parent/guardian due to an emergency or illness, independent study may be used on a short-term basis to ensure that the student is able to maintain academic progress in the student's regular classes.

(cf. 5113 - Absences and Excuses)

Note: The following paragraph is for use by districts maintaining high schools.

No course required for high school graduation shall be offered exclusively through independent study. (Education Code 51745)

(cf. 6146.1 - High School Graduation Requirements)

Equivalency

The district's independent study option shall be substantially equivalent in quality and quantity to classroom instruction to enable participating students to complete the district's adopted course of study within the customary timeframe. Students in independent study shall have access to the same services and resources that are available to other students in the school and shall have equal rights and privileges. (5 CCR 11700, 11701.5)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

INDEPENDENT STUDY (continued)

Students participating in independent study shall have access to Internet connectivity and devices adequate to participate in the educational program and complete assigned work. (Education Code 51747)

The district shall not provide independent study students and their parents/guardians with funds or items of value that are not provided for other students and their parents/guardians. Providing access to Internet connectivity and local educational agency-owned devices adequate to participate in an independent study program and complete assigned work consistent with Education Code 51747, or to participate in an independent study course, as authorized by Education Code 51749.5, shall not be considered funds or other things of value. (Education Code 46300.6, 51747.3)

Eligibility for Independent Study

Students are eligible for independent study as authorized in law, and as specified in board policy and administrative regulation.

Note: The following optional paragraph may be revised to reflect district practice.
--

For the 2022-23 school year and thereafter, the Superintendent or designee may approve the participation of a student who demonstrates the motivation, commitment, organizational skills, and academic skills necessary to work independently provided that experienced certificated staff are available to effectively supervise students in independent study. The Superintendent or designee may also approve the participation of a student whose health would be put at risk by in-person instruction. A student whose academic performance is not at grade level may participate in independent study only if the program is able to provide appropriate support, such as supplemental instruction, tutoring, counseling, ongoing diagnostic assessments, and/or differentiated materials, to enable the student to be successful. For an elementary student, the Superintendent or designee may consider the parent/guardian's level of commitment to assist the student.

Note: The following paragraph limits eligibility for independent study to those students for whom state apportionments can be claimed. Education Code 46300.2 provides that districts will receive state funding for independent study for students who are residents of the county or an adjacent county. Pursuant to Education Code 51747.3, students whose residency status is based on parent/guardian employment within district boundaries (Education Code 48204(b)) are not eligible for funds apportioned for average daily attendance (ADA).

A student participating in independent study must be a resident of the county or an adjacent county. Full-time independent study shall not be available to students whose district residency status is based on their parent/guardian's employment within district boundaries pursuant to Education Code 48204. (Education Code 46300.2, 51747.3)

INDEPENDENT STUDY (continued)

(cf. 5111.1 - District Residency)

A student with disabilities, as defined in Education Code 56026, shall not participate in independent study unless the student's individualized education program specifically provides for such participation. (Education Code 51745)

(cf. 6159 - Individualized Education Program)

A temporarily disabled student shall not receive individual instruction pursuant to Education Code 48206.3 by means of independent study. (Education Code 51745)

(cf. 6183 - Home and Hospital Instruction)

Note: Education Code 46300.1 provides that the district may not receive apportionments pursuant to Education Code 42238 for independent study for students age 21 or older, or for students 19 or older who have not been continuously enrolled in grades K-12 since their 18th birthday. However, pursuant to Education Code 46300.4, these students may be eligible for independent study through the adult education program for courses required for high school graduation. See BP/AR 6200 - Adult Education.

Students age 21 or older, and students age 19 or older who have not been continuously enrolled in school since their 18th birthday, may participate in independent study only through the adult education program for the purpose of enrolling in courses required for a high school diploma by Education Code 51225.3 or the Governing Board. (Education Code 46300.1, 46300.4)

(cf. 6200 - Adult Education)

Note: The following paragraph limits enrollment in independent study to those students for whom state apportionments can be claimed. Pursuant to Education Code 51745, no more than 10 percent of the students enrolled in a continuation high school or opportunity school or program are eligible for apportionment credit for independent study. A pregnant student or a parenting student who is the primary caregiver for the student's child(ren) is not included in this cap.

No more than 10 percent of the students enrolled in a continuation high school or opportunity school or program, not including pregnant students and parenting students who are primary caregivers for one or more of their children, shall be enrolled in independent study. (Education Code 51745)

(cf. 5146 - Married/Pregnant/Parenting Students)

(cf. 6184 - Continuation Education)

Monitoring Student Progress

Note: The following **optional** section may be revised to reflect district practice.

INDEPENDENT STUDY (continued)

The independent study administrator and/or supervising teacher shall promptly and directly address any failure by the student to meet the terms of the student's written agreement. The following supportive strategies may be used:

1. A letter to the student and/or parent/guardian
2. A meeting between the student and the teacher and/or counselor
3. A meeting between the student and the independent study administrator, including the parent/guardian if appropriate
4. An increase in the amount of time the student works under direct supervision

When the student has failed to make satisfactory educational progress or missed the number of assignments specified in the written agreement as requiring an evaluation, the Superintendent or designee shall conduct an evaluation to determine whether or not independent study is appropriate for the student. This evaluation may result in termination of the independent study agreement and the student's return to the regular classroom program or other alternative program.

A written record of the findings of any such evaluation shall be treated as a mandatory interim student record which shall be maintained for three years from the date of the evaluation. (Education Code 51747)

Responsibilities of Independent Study Administrator

Note: The following optional section may be revised to reflect district practice.
--

The responsibilities of the independent study administrator include, but are not limited to:

1. Recommending certificated staff to be assigned as independent study teachers at the required teacher-student ratios pursuant to Education Code 51745.6 and supervising staff assigned to independent study functions who are not regularly supervised by another administrator
2. Approving or denying the participation of students requesting independent study
3. Facilitating the completion of written independent study agreements
4. Ensuring a smooth transition for students into and out of the independent study mode of instruction

INDEPENDENT STUDY (continued)

5. Approving all credits earned through independent study
6. Completing or coordinating the preparation of all records and reports required by law, Board policy, or administrative regulation

Assignment and Responsibilities of Independent Study Teachers

Each student's independent study shall be coordinated, evaluated, and carried out under the general supervision of a district employee who possesses a valid certification document pursuant to Education Code 44865 or emergency credential pursuant to Education Code 44300, registered as required by law, and who consents to the assignment. (Education Code 44865, 51747.5; 5 CCR 11700)

Note: Pursuant to Education Code 51745.6, the equivalency of teacher-student ratios as described below is a necessary condition for the district to receive apportionments for independent study. The district may exceed these ratios, but those additional units of independent study ADA would not be funded.

Pursuant to Education Code 51745.6, as amended by AB 130, the Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting must incorporate verification of applicable teacher-student ratios commencing in the 2021-22 fiscal year.

The ratio of student average daily attendance for independent study students age 18 years or younger to full-time equivalent certificated employees responsible for independent study shall not exceed the equivalent ratio for all other education programs in the district, unless a new higher or lower ratio for all other educational programs offered is negotiated in a collective bargaining agreement or the district enters into a memorandum of understanding that indicates an existing collective bargaining agreement contains an alternative ratio. (Education Code 51745.6)

Note: The remainder of this section is **optional** and may be revised to reflect district practice.

The responsibilities of the supervising teacher shall include, but are not limited to:

1. Completing designated portions of the written independent study agreement and signing the agreement
2. Supervising and approving coursework and assignments
3. Maintaining records of student assignments showing the date the assignment is given and the date the assignment is due
4. Maintaining a daily or hourly attendance register in accordance with item #4 in the section on "Records for Audit Purpose" in the accompanying Board policy

INDEPENDENT STUDY (continued)

5. Providing direct instruction and counsel as necessary for individual student success
6. Regularly meeting with the student to discuss the student's progress

Note: Pursuant to Education Code 51747.5, the district may only claim apportionment credit for independent study based on the time value of student work products as personally judged in each instance by a certificated teacher. Education Code 51747.5 specifies that the teacher is not required to sign and date the work products.

7. Determining the time value of assigned work or work products completed and submitted by the student
8. Assessing student work and assigning grades or other approved measures of achievement

Note: Education Code 51747.5, as amended by AB 130, requires districts to document each student's participation in live interaction and synchronous instruction pursuant to Education Code 51747 on each school day, as applicable, in whole or in part, for which independent study is provided. A student who does not participate in independent study on a school day shall be documented as nonparticipatory for that school day.

9. Documenting each student's participation in live interaction and/or synchronous instruction pursuant to Education Code 51747 on each school day for which independent study is provided

The Superintendent or designee shall ensure that independent study teachers have access to professional development and support comparable to classroom-based teachers.
