

Hello and welcome back to another wonderful year at Grant Christian. May God bless us in our efforts to teach and instruct your children and be faithful stewards of His Word, to "train your children in the way they should go, so when they grow up, they will not depart from it" Proverbs 22:6.

I am excited for all that we will be learning in Art Class this year! We will be applying all the technical aspects of art for instance; line, space, color, shape, form, texture and value with the use of many different mediums; all the while learning about wonderful examples of our American Artists. I want to share with your students the artist's work as well as recreating some of the pieces. We will also be studying the foundations and history of our great Country through art. We are covering classic style, graphic art, architecture and ancient clay, stained glass and even design in modern fashion and home decor! All by artists that had, for the most part, humble beginnings but were free to explore their craft and became profitable in it! We will be following a timeline figure...starting with the American Indian, up to modern designers...and many varied artists in between.

I am so looking forward to seeing all those beautiful faces this fall.

Christy Hutchinson
