

Hello Students and Parents!

My name is Mr. Nagy and I will be teaching Gym Class at GCS this year. This will be my fourth year teaching at GCS and I am excited to spend it with you!

Each time we have class together we will be focusing on thanking God for the bodies He has given us. We do that by learning how exercise builds our bodies, practicing and mastering new skills, and competing in games and contests. We like to do this in a variety of ways so be ready to play both inside and outside, go for runs on the nature trail, go for bike rides, and so much more!

I hope the rest of your summer is terrific and I really look forward to the start of our school year! It's going to be exciting to meet all of you and see the ways God is praised through our school this year!

Sincerely,

Mark Nagy
