

Johnson County School District

Safe Return to In-Person Instruction & Continuity of Services Plan 2021-2022

Welcome to the 2021-2022 School Year

The Johnson County School District is excited to start the 2021-2022 school year. Guidance documents from KPH, CDC, and KDE as well as input from the Johnson County Health Department have been used to create our KDE-required Safe Return to In-Person Instruction Plan. Local Health Officials and Board Counsel have been consulted. This plan could change or be updated at any time depending on the community transmission rate, Governor's orders, or updated information related to Covid-19.

- In-person instruction and virtual learning (via Eagle Academy Alternative School) are enrollment options.
- Sick students and staff are expected to stay home.
- School officials will work closely with Public Health to monitor the community transmission rate
- We will re-activate our JC COVID Dashboard beginning August 2 to make data-driven decisions

Guidelines for Students, Staff, & Visitors

- **Masking:**
 - Masks are recommended (not required) on school grounds while performing most normal activities.
 - It is recommended that all persons wear a mask while indoors.
 - Some classes or activities may require all students and staff to temporarily wear a mask (e.g. Singing, Shouting, Blowing Instruments, etc...)
 - In the case of high Covid-19 community transmission rates, students and staff may be required to wear masks temporarily until the transmission rate decreases
 - Students/Staff that hold a valid exemption from masking will not be required to mask at any time.
- **Vaccination:**
 - KPH and the CDC encourage anyone over the age of 12 to get the Covid-19 vaccination
 - 3rd free clinic offered in coordination with JCHD at the Johnson County Health Department on Wednesday, August 4 from 9:00-3:00 - walk-ins welcome
 - Students, staff, and school visitors are not required to have received a Covid-19 vaccination.
- **Physical Distancing:**
 - Students and staff are asked to attempt to remain at least three (3) feet apart when at all possible.
 - Classrooms will be organized to have students facing the same direction with 3 feet of distance between students
 - Masks may be required in settings where students are in prolonged physical proximity of less than 3 feet.
- **Ventilation**
 - JC Schools will install Ionization devices in all HVAC units in our schools before the start of school to sanitize/clean the air that is circulated throughout our buildings.
 - Windows will be open where available and when possible for clean air circulation.
 - Classes/lunch will occur outside areas when feasible.
- **Handwashing and Respiratory Etiquette:**
 - All persons on school grounds are expected to wash hands and/or use hand sanitizer frequently.
 - Hand sanitizer will be widely available.
 - Students and Staff are encouraged to bring personal water bottles to school.
 - Students and Staff are encouraged to have a personal mask on their person while in the school building. Disposable masks will be available upon request.
- **Cleaning and Disinfecting:**
 - KPH indicates daily general cleaning is sufficient to remove viruses on surfaces
 - Daily cleaning will continue and high touch shared surfaces will be cleaned more frequently
- **Isolation, quarantine, and contact tracing**
 - We continue to work with the Johnson County Health Department to facilitate case investigation and contact tracing to identify individuals who have had close contact with a person diagnosed with COVID-19. Quarantining and isolation will comply with KPH guidelines.
 - A close contact is someone who was within 6 feet of an infected person for a cumulative total of 15 minutes while the person was considered contagious.
 - Exception: In the K-12 indoor classroom setting, the close contact definition excludes students who were at least >3 feet away from an infected student if both students were engaged in consistent and correct use of masks and other K-12 prevention strategies were in place.
 - Unvaccinated students, teachers, or staff who are identified as close contacts should be instructed

Johnson County School District

Safe Return to In-Person Instruction & Continuity of Services Plan 2021-2022

to self-quarantine regardless of whether the exposure occurred within or outside of the school setting. Quarantine may be discontinued when the local public health department determines the individual is safe to be around others or:

- After day 7 if the individual is symptom-free and receives a negative COVID-19 test 5 days or later after the last date of exposure to the case.
- After day 10 without testing if the individual is symptom-free.
- Fully-vaccinated* persons do not need to quarantine following an exposure to a person diagnosed with COVID-19 if he/she is not experiencing symptoms, but are recommended to be tested 3-5 days after an exposure.

Athletics and Extracurricular Activities

All student-athletes, coaches, staff, and volunteers participating in a KHSAA sanctioned sport are expected to follow KHSAA guidelines.

Instruction, Intervention, & Mental Health Wellness

Instruction

- 5 days per week face-to-face.
- Virtual Option-application based through Eagle Academy Alternative School.
- School Doors open at 7:15.
- Core instruction and exploratories/electives/specials taught daily.
- Strategic intervention provided by classroom teachers, RtI Coaches, and instructional assistants.
- Enrichment services provided by classroom teachers, exploratory teachers, Gifted/Talented teacher, and support staff.
- After school services provided at each school.

Mental Health Wellness

- School counselors at each school to provide whole group and small group instruction as well as individual counseling services.
- Mt. Comprehensive Care Counselors at each school for support services in mental health.
- Social and Emotional Learning embedded lessons in core curriculum.
- Social and Emotional Learning Processes/supports at each school (Leader in Me, BARR).

Masking On School Bus

In accordance with the CDC public health order, all persons using public transportation (including school buses) are required to wear a mask.

Pursuant to the CDC's public health order, the following are exempt from wearing a mask while on a school bus:

- A child under the age of 2 years;
- A person with a disability who cannot wear a mask, or cannot safely wear a mask, because of the disability as defined by the Americans with Disabilities Act; and
- A person for whom wearing a mask would create a risk to workplace health, safety, or job duty as determined by the relevant workplace safety guidelines or federal regulations.

*There will be no bus changes this year. Students must ride their regularly assigned bus. Individual exceptions due to custody agreements, etc. are at the discretion of the school principal.

(Note: the CDC's public health order indicates masking on a school bus is not required while communicating with a person who is hearing impaired when the ability to see the mouth is essential for communication)

****A driver does not need to wear a mask if he/she is the only person on the bus.**

Johnson County School District
Safe Return to In-Person Instruction &
Continuity of Services Plan 2021-2022

Visitors

- It is recommended that all guests wear a mask.
- Visitors and volunteers may be required to mask or have limited access at the School Principal's discretion and/or when community transmission rates are high or elevated.

Expectations for Students

- Students should communicate needs and comply with school rules and expectations outlined in the Student Code of Conduct and Safe Return to In-Person Instruction Plan.
- Students should be prepared to wear a mask temporarily if asked by school personnel.
- Students should be prepared to wear a mask while being transported on a school bus.
- Students should wash hands or use hand sanitizer frequently during the school day.
- Students should stay home when sick.
- Students should eat meals prepared by the cafeteria or bring it to school with them.

Expectations for Parents/Guardians

- Should support the district Code of Conduct and Safe Return to In-Person Instruction Plan.
- Should communicate needs to school personnel.
- Should keep student(s) home when sick or have a fever.
- Parents/Guardians are required to notify the school district if students receive a positive Covid-19 test and/or are placed into or released from quarantine.
- Parents should drop children at the entrance doors; parents will not be permitted to walk his/her child to class.
- Parents should refrain from delivering food to school during the day to limit unnecessary visits; no outside food deliveries will be accepted.

Expectations for JC Staff

- Should follow the Safe Return to In-Person Instruction Plan
- Should communicate concerns to the administration.
- Should support students and address student needs.
- Should keep student safety as the number one priority.
- Should use good judgment when setting and implementing student expectations.
- Should stay home when sick.
