

**Celeryville Christian School Health Response Plan
2021-2022**

Celeryville Christian School continues to recognize the need for vigilance regarding health protocols as the wave of the COVID-19 pandemic subsides. We are grateful that our interventions this past school year were so successful. We maintained in-person learning for the entire school year and responded quickly and effectively to any known threats regarding student and family health concerns. CCS still maintains that it is the responsibility of parents and staff to only allow healthy individuals on campus. Working within a “Healthy Only” framework is imperative for our daily operation and will allow the opportunity for greater continuity in the learning process. In an endeavor to extend this successful implementation of protocols to mitigate wide-spread illness, CCS is committed to the following framework to navigate CCS through the duration of the pandemic.
