Circle High School

Student Handbook 2023-2024

General School Information

Foreword

This handbook explains the procedures, policies and regulations of Circle High School. It is not intended to be an all-inclusive listing of rules and regulations. Items that fall outside those listed in this handbook will be handled by administrative discretion. Every effort will be made to recognize the human dignity and worth of each individual student attending Circle High School.

District Mission Statement

The Vision and Purpose of Circle USD 375, in partnership with our communities, is to be an engaged, knowledgeable, responsible and productive citizen in the 21st century.

Admission Requirement – Resident Students

To be permitted to enroll as a resident student (living in the boundaries of USD 375); the applicant must provide a document that ties the guardian's legal name to the address i.e. gas bill and or electric bill, etc. In order to be eligible to attend Circle High School:

1. A student must have completed all requirements at Circle Middle School.
2. A student who has completed the 8th grade in another accredited school must present a transcript of all subjects taken.

Admission Requirements – Nonresident Students

In accordance with the Board of Education policy JBC, all nonresident students wanting to attend Circle High School must file a Nonresident Student Application form and have it approved by the building principal and superintendent. Nonresident students must furnish their own transportation to and from school or to the nearest bus that would have available seating. Prior attendance, behavior and academic progress will be evaluated, as well as class sizes in determining admission.

Nonresident students who exhibit poor attendance, behavior or lack of academic progress will not be allowed to continue attending Circle High School.

Withdrawals and Transfers

The parent should initiate withdrawal three (3) days in advance of the actual moving date. This advance notice allows sufficient time to get the necessary paperwork completed. Parents should notify the office personnel at the respective building. All books and materials must be returned at the time of withdrawal.

Daily Announcements

The daily announcements will be read over the intercom during seminar and posted on the Circle High School website. Emergency and cancellation announcements will be read as needed.

District Electronic Communications

Circle USD 375 encourages communication. Our website has a variety of information on it and is updated frequently. E-mail addresses for staff members, district policies and other information may be obtained from the district home page at www.usd375.org.

PowerSchool/Student Progress

PowerSchool provides parents/guardians and students with detailed online information (grades, attendance, discipline, lunch transactions, student fees, student information and emergency contacts). Parents/guardians may obtain access information from the building secretaries. Students receive passwords when they pick up their semester schedules. PowerSchool can be accessed by using the following link <http://powerschool.usd375.org/public>.

Student and Course Fees

All textbooks at Circle High School are available to students for a rental fee. The textbook rental fee does not include workbooks or other consumable items such as art or shop supplies, etc. Students will pay the current fees in the office and obtain a receipt. Specific classes in which a large amount of consumable supplies are used will require that the enrolled students pay for the supplies used. Teachers will issue books, noting the book number and the condition of the book when issued and returned. Students will be assessed a charge for textbooks that are lost or turned in damaged.

Before participating in graduation ceremonies, all student fees must be paid in full.

Class Dues

Class dues will be assessed at enrollment throughout the student's four years in the amount of \$15.00 per year. The money will be put into each class account and roll over each year and will not be used until the junior year. Senior dues will be used to cover senior class expenses such as the class panel, graduation flowers, and senior awards night. The junior class will leave enough money to help cover those expenses the senior dues do not. Any money left in their account when the class graduates will be distributed to local charities of that class's choosing.

Student Identification Cards

Student ID cards will be used for student identification, school security and lunch and library bar codes. Cards that have been defaced will need to be replaced. Students will have their ID cards available at all times. Failure to comply may be subject to administrative sanctions. Prices for ID's will be as follows: Initial ID will be free, first replacement will be free and any replacements after that will be \$5.00 per time. **Students are admitted to all home activities free if they show their current ID.**

Lunch Cards

Student ID's will serve as lunch cards. Students without their student ID will go through the lunch line last. Ala carte selections must be purchased with ID. **Cash is only accepted in the office and not in the cafeteria.** In order to comply with state and federal meal reimbursement guidelines, student meal accounts are not allowed to incur debt larger than five times the high school meal rate. If a student's account reaches a negative balance that exceeds the charge limit, the student is no longer allowed to charge meals and will be provided an alternative meal by the district for up to 5 days. The alternative meal consists of a carton of milk and a cheese sandwich. Since it is provided free to the student, it must be at a minimal cost to the district. After this period, parents/guardians must send money or make arrangements for student meals. When a student's meal account balance gets below \$10.00 an automated message alerts each parent/guardian of their student's meal balance.

Parents/guardians may log in to Powerschool at any time to check meal account balances. School personnel make every effort to collect unpaid meal charges by contacting the parent/guardian through phone calls, emails, and or letters in order to avoid students not receiving a hot meal. **All delinquent debt should be paid in full by the end of the school year. Any debts not collected by the end of the school year will be transferred from non-federal funds to food service.** No charges will be allowed the last two (2) weeks of the current school year.

Free and Reduced Lunches

Parents/guardians are encouraged to fill out an application for Free and Reduced Price School Meals at the beginning of the school year or any point thereafter. The Federal threshold for qualification has been lowered to help encourage parents to apply. Families who do not qualify initially, but have a change in circumstances, should

reapply. If a student’s meal status changes to a free or reduced status, all outstanding balances must still be paid in full. Families who wish to apply for free and reduced lunches may pick up applications in the high school main office. Students may choose (1) of the entrées offered to make their reimbursable meal. If they choose to take more than (1) entrée, they must have money in their lunch account. Ala cart items are **NOT** covered under free and reduced. By state law, students are not allowed to purchase meals for other students.

Locks/Lockers

The school lockers shall be under the supervision of the building principal or designated representative and assigned to students to store necessary school materials and clothing. (Whenever the principal is mentioned in this rule, it shall be construed so as to include a designated *representative*.) **The building administration shall have the combination or key to all locker locks and may search any locker at any time.** Use of law enforcement officials and dogs may be utilized in performing locker searches. The student will be held responsible for their assigned locker and its contents and will be assessed a fee for damages, painting, and/or cleanup according to the district’s vandalism policy.

Each student at Circle High School can be assigned an individual locker with a built in combination lock. **This locker is to be kept locked at all times.** The office will make all locker assignments. Students must keep the locker assigned to them. Do not tell other students the combination.

Students will be charged a \$5.00 replacement cost for physical education locks that are lost or returned damaged.

Student Insurance

Students may purchase student accident insurance via the link below. There are different plans to choose from. One plan covers accidents at school during the day and while attending a school-sponsored and supervised activity. Another plan will provide 24-hour accident insurance. Coverage for athletes is not covered under either of these plans. A separate plan for athletic coverage is available for purchase. This information is available online at www.studentinsurance-kk.com.

Counseling Services

Guidance and counseling services involve the total activity of each student. Services include assisting students with educational, personal and career concerns. The counselors provide the following services: individual counseling, parent conferences, high school planning, college planning, financial aid information, vocational planning, student appraisal, interest and achievement testing, student records and transcripts, and referrals to the school psychologist and outside school agencies. Parents/guardians are encouraged to call the counselor whenever they have questions or concerns that fall within the realm of guidance and counseling.

Classification of Students

The grade classification of a student as a Freshman, Sophomore, Junior, or Senior will be based upon the progression of years at the high school.

Freshman - 1st year student	Sophomore - 2nd year student
Junior - 3rd year student	Senior - 4th year student

To successfully be on track and complete all 29 graduation credit requirements, students should have completed the minimum cumulative credits by the end of each of their first three years.

Freshman - 7 credits	Sophomore - 14 credits	Junior - 21 credits
----------------------	------------------------	---------------------

Units of Credit

Grades and credits are posted to student transcripts at the end of each semester. Each semester course is worth ½ unit of credit with the exception of Seminar and Driver’s Education, which are ¼ credit each. Students have the opportunity to earn 8 ½ credits per year.

Dual Credit Classes

Butler Community College offers classes at Circle High School for sophomores, juniors and seniors during the regular school day. Students who enroll in a BCC class taught at Circle High School will earn credit from each institution. This grade and credit will appear on both the Circle High School and Butler Community College transcripts. Students must have acceptable ACT, GPA or ACCUPLACER scores to enroll. Beginning in the fall of 2016, BCC will waive tuition for several of these courses. However, a student fee (to be communicated during enrollment) per credit hour will be paid by the student and textbook purchase/rental fee will also be required. Colleges will not release transcripts, necessary for dual credit, until all financial obligations have been paid.

With approval, students may take classes for dual credit at a district approved post-secondary institution. High School students dually enrolled in colleges, who have their college hours recorded on their high school transcript, may count five hours of college credits as two subjects of unit weight or three hours of college credit as one subject of unit weight. However, the student must attend at least one class of unit weight at the member, base school per semester.

To be eligible to participate in any KSHSAA sponsored activity at Circle High School, a student must be enrolled in and attending a minimum of five new subjects of unit weight (five new subjects for second semester seniors) which does not include Seminar. Students may take a combination of BCC and CHS classes as per the formula stated above. For eligibility purposes, second semester seniors must enroll in at least one class of unit weight at Circle High School. Students who chose to take dual enrollment college classes may not be enrolled in two classes during the same block.

Graduation Requirements

To be awarded a diploma signifying graduation from Circle High School, a student must have satisfactorily completed 29 units of credit at CHS. Of the units of credit needed for graduation, passing grades must be earned in the following required courses:

1. Language Arts – FOUR credits which must include:
 - A. English I (1 unit of credit)
 - B. English II (1 unit of credit)
 - C. English III (1 unit of credit)
 - D. English elective (1 unit of credit – ½ unit during Senior year if necessary)
2. Math – THREE credits
3. Health + Freshman P.E. OR Intro to Sports Performance – ONE credit total.
4. Science – THREE credits which must include:
 - A. A physical science course (1 unit of credit)
 - B. A life science course (1 unit of credit)
5. Social Studies – THREE credits which must include:
 - A. World Geography (1/2 unit of credit)
 - B. World History (1 unit of credit)
 - C. American History (1 unit of credit)
 - D. American Government (1/2 unit of credit)
6. Personal Finance - ½ unit of credit (starting with the Class of 2026)
7. Business Communication or Personal Finance - ½ unit of credit (through Class of 2025)
8. Fine Arts – ONE credit total - Drama, Music, Art, Photography, or Forensics

All students are required to enroll in 8 ½ units of credit in the first semester. Only second semester seniors have the option to enroll in fewer classes if all graduation requirements have been met. **Seniors may choose to “graduate at semester” if they have met requirements, however, the diploma may not be issued until the May graduation ceremony. Any diplomas issued at semester require board approval.**

Students also have the option of taking college or vocational-technical classes if this can be arranged with his/her high school schedule and if they meet the necessary qualifications for enrollment as determined by the college. Several courses are being offered with tuition waivers and this provides an excellent opportunity for dual credit. Fees and other financial obligations, such as purchase or rental of necessary textbooks, will need to be paid by the student. Colleges will not release transcripts, necessary for dual credit, until all fees are paid.

A senior must be enrolled in at least five classes in the second semester to be eligible to participate in KSHSAA sponsored events and school activities. These can be a combination of CHS and college courses. Seminar does not count.

Class of 2027

To be awarded a diploma signifying graduation from Circle High School, a student must have satisfactorily completed 29 units of credit at CHS. Of the units of credit needed for graduation, passing grades must be earned in the following required courses. Due to recent changes to graduation requirements, it is important that students review the correct set of graduation requirements based on the year their cohort will graduate from high school. (Each semester class taken and passed equals .5 unit of credit.)

Schedule Changes

The master class schedule, which includes teaching assignments and class offerings, is developed from the pre-enrollment requests that students submit in the spring. **Course requests and an overall plan of study should be given careful consideration prior to pre-enrollment by parents/guardians and students, as schedule changes are rarely approved. Students are not allowed to request a schedule change due to teacher preference.** On occasion, a schedule change may be made if requested by a teacher or administrator or if the counselors need to balance class loads. **Approved course drops/adds must be approved within the first four days of the semester. Classes dropped beyond the second week of the semester will result in a withdrawal-failure (WF) grade being recorded on the transcript and figured into the student's semester and cumulative GPA.** For students who drop a college class after the first 2 weeks of the

college semester, whatever grade the college assigns to the student will be posted on their high school transcript. Opportunity to earn the course credit for the current semester may not be available. All college course drops must go through a school counselor.

Finals

1. All students will take finals.
2. Most finals will occur in the last two days prior to the conclusion of the fall and spring semesters.
3. The weight of the final shall be determined by department and should count no more than 15% and no less than 5% of a student's cumulative grade.

Grade Cards

Course grades and credits will be posted to the student's transcript at the end of the semester. Parents/guardians may request paper copies of the semester grades.

Grade Meanings and Ranges

The following is the standard grading scale:

- A = Excellent, (90 - 100%)
- B = Above Average, (80 - 89%)
- C = Average, (70 - 79%)
- D = Below Average, (60 - 69%)
- F = Failure, (59% & lower)
- P = Passing

Any work that is not completed at the end of a grading period will be given a zero (0) and averaged in with all other grades received. If a student has extenuating circumstances or severe health problems, exceptions may be made. **It is the student's responsibility to complete the work by the deadlines agreed upon so the grade can be changed.**

KSHSAA Rule 14 (article 5)-A student shall not be permitted to make up work after the close of the semester for the purpose of becoming eligible. A "condition" or an "incomplete" shall count as a failure. However, should a student have an excused absence for day(s) missed, completing such work per school policy (illustration: two days for every day missed) would not be considered as "make up" per se. Summer school is not to be used for making up credit deficiencies for the purpose of becoming eligible.

Grade Point Average

A student's cumulative grade point average (GPA) is computed at the end of each semester. **All** classes taken at Circle High School and for dual credit are used to determine cumulative GPA. A GPA is a numerical evaluation of a student's overall academic achievement. To compute a student's GPA, the following points are assigned for each one-half ($\frac{1}{2}$) unit of credit earned: A = 4 points, B = 3 points, C = 2 points, D = 1 point, F = 0 points. Pass/Fail classes are not counted toward a student's GPA. For each one-fourth ($\frac{1}{4}$) unit of credit earned: A=2pts, B=1.5pts, C=1pt, D=.50pts, F=0pts. Classes earning P=Pass are not calculated in GPA. Circle High School does not use a weighted GPA scale.

Honor Roll

At the end of each semester, the honor roll list will be compiled. This list will contain the names of all those students whose academic grade average was a 3.125 or better. To be eligible for the honor roll, students must meet KSHSAA guidelines for eligibility. Pass/Fail courses will not be considered in computing the honor roll. All college classes taken for dual credit will be used in determining semester honor roll. Circle High School has two honor rolls which have the following requirements: **Gold Honor Roll: student must earn a 4.000 GPA and Blue Honor Roll: student must earn a 3.125 GPA.**

Valedictorian Requirements/Class Rank

Class rank is the numerical ranking of students in comparison with other members of their class. **In order to be considered for valedictorian, a student must have completed the Kansas Scholars Curriculum for scholarship consideration.** Cumulative GPA will then be used to determine ranking for valedictorian purposes. The final class rank includes every grade earned from the 9th grade year through the 12th grade and is recorded on the student's final transcript. By contacting the counselor's office, students and parents/guardians may obtain both the student's grade point average and class rank. Students earning the following GPA's will be recognized: **High Honors, 3.85-4.00; Honors, 3.50-3.84.**

The valedictorian award shall go to the student(s) with the highest cumulative GPA at the conclusion of the eighth semester who have met the following criteria:

Beginning with the graduating class of 2017, the students must meet the curriculum requirement for the Kansas Scholars Curriculum, in addition to Circle High School graduation requirements. The Kansas Scholars Curriculum includes:

- 4 credits of English (not including debate/forensics).
- 4 credits of math to include advanced math (algebra II or above).
- 3 credits of science - biology, chemistry, and physics.
- 2 credits of the same foreign language.
- 3 credits of social science.

Commencement Participation

Seniors must have met all graduation requirements as defined by the Circle Board of Education to receive a **diploma** and **participate** in the commencement exercises. Foreign exchange students receive a Certificate of Attendance. **Before participating in graduation ceremonies, all student fees (enrollment, textbook, library, lunch, etc.) must be paid in full. Circle High School does not allow decorated caps or gowns for graduation.**

Attendance

When Students are Absent from School

Regular attendance is expected of all students. Parents/guardians are responsible for excusing the absence on the day of the absence. A telephone call before 3:05 pm of the day the student returns is preferred but a **note** when the student returns will be accepted. **If parents/guardians have not contacted the school by 3:05 pm on the day the student returns, the absence will be unexcused and the student may receive disciplinary action.**

Excused and Unexcused Absences

1. **Excused Absence means an absence, which is excused by the student's parents/guardians and/or by the principal.** Thus, **excused** means **absent with parental permission** and with the principal's approval. Exceptions may be made by administration.
2. **Unexcused Absence means an absence, which occurred without the permission and knowledge of the parents/guardians or without the permission of the principal.** Unexcused absences are subject to disciplinary penalties. **The principal reserves the right, with good cause, to declare any absence unexcused.**
3. If a student needs to be dismissed from school early for an appointment, etc., the parent/guardian **must** call or send a note to the school prior to the student leaving.
4. **At no time does a student leave the building without permission from office personnel and signing out in the office.** If a student becomes ill or needs to leave school grounds for personal or other reasons, a phone call must be made in the office to a parent/guardian and permission given to a school official **before** the student leaves. **If a student leaves the building without obtaining permission and signing out in the office the absence will be considered unexcused.**
5. Students who are dismissed during class and miss more than half of the class period will be considered absent.
6. An attempt will be made by PowerSchool to notify parents who have failed to call or contact the school on the day of the absence. Excessive absences (3 days or more) will require written documentation from a physician for the absence to be excused. If not addressed, truancy procedures will ensue.
7. Students/parents/guardians having prior knowledge of anticipated absences of three (3) days or more are to notify the office. It is the student's responsibility to meet with teachers prior to leaving to discuss work that may be missed.
8. **Excessive Accumulated Absences** Students, who have excessive absences, eight (8) or more in an individual block or ten (10) days total, not including school business, will be required to bring a professional note for each day missed thereafter. If a professional note is not returned/provided in a timely manner, the absence will be considered unexcused and truancy may be filed. No makeup credit will be allowed for unexcused absences.

Making Up Missed Work

The teacher's primary function in the classroom is to provide instruction to the students who are in attendance in the classroom. Learning opportunities should not be lost for students who are not present in the class. To protect teaching and learning opportunities, all requests for make-up must be made either before or after school or during Seminar.

The student is responsible for obtaining all missed assignments from their teachers. If a student has an excused absence on the due date of an assignment, the student must turn in the assignment on the day she/he returns to class, provided that the assignment was made prior to the absence. Students who are absent for a school-sponsored activity shall have the opportunity to make up class assignments and or participation points lost due to an absence. It is the student's responsibility to initiate contact with the instructor to make up the assignments.

Two class periods are given to complete daily work missed due to each day of excused absence. **For example, you are absent on Monday, you meet in class on Wednesday; the missed assignment is due on Friday. If you are absent on Tuesday, you meet in class on Thursday; the missed assignment is due on Monday.** For extended illness, the student will be limited to five (5) school days following their return to makeup work missed. Exceptions to this rule may be made through special arrangements with the teacher or administration. **No makeup credit will be allowed for**

unexcused absences. With principal approval students may have the potential to make up credit due to an unexcused absence.

Long term assignments that have a duration of five (5) blocks or more must be turned in by 3:35 pm. on the scheduled deadline. An excused absence on the day of the deadline does not give an extension to the deadline unless prior arrangements have been made with the instructor and/or the building administration. Otherwise, the student or student's parent/guardian will be responsible for getting the assignment to the school or submitting electronically. Long term assignments may be turned in prior to the scheduled due date. Students and parents/guardians are asked to wait at least twenty-four (24) hours before retrieving homework assignments in regard to absences resulting from out-of-school suspensions. In the event of an illness, it is helpful if homework requests are made prior to 8:15 am to allow teachers to prepare the assignments. Please pick up the homework in the main office between 3:15 and 3:45 pm. A minimum of one (1) day make-up for each day absent will be allowed. This may be extended only with the consent of the teacher or administration and in extenuating circumstances.

Anticipated Absence

Students/parents/guardians having prior knowledge of anticipated absences of three (3) days or more are to notify the office. It is the student's responsibility to meet with teachers prior to leaving to discuss work that may be missed.

Excessive Accumulated Absences

Students, who have excessive absences, eight (8) or more in an individual block or ten (10) days total, not including school business, will be required to bring a professional note for each day missed thereafter. If a professional note is not returned/provided in a timely manner, the absence will be considered unexcused and truancy may be filed. No makeup credit will be allowed for unexcused absences.

Truancy

According to K.S.A. 1113 sect C: the building principal shall report students who are inexcusably absent from school to the appropriate authority. A student under 18 years of age is truant when he/she is inexcusably absent for three (3) consecutive school days or a total of five (5) school days during one semester or seven (7) in a school year. Students who are under the compulsory school attendance law can expect legal truancy notices to be delivered to their parents/guardians by the county attorney's office and subsequent court action if the truancy problem is not resolved.

Tardies

1. **Tardy** – Students arriving to class within five (5) minutes after the tardy bell. Students who arrive five (5) minutes or later into the class period and without a teacher pass must immediately report to the office, sign in, and receive an admit to class. Failure to do so will result in the student being considered absent from class and may receive disciplinary action. Students will have (5) minutes to return to class after the conclusion of their lunch period. Those later than (5) minutes will be considered tardy.

Discipline Guidelines

Safe School Act

The Kansas School Safety and Security Act (K.S.A. 72-89b03) requires school personnel to report **all felony and misdemeanor crimes** committed on school property or at a school supervised activity to the appropriate law enforcement agency. If an administrator's preliminary investigation reveals information which indicates a crime (felony or misdemeanor) **may** have been committed, the administrator is required to file a report. Whether or not the report is made in writing (for later follow-up by law enforcement) or by phone (for immediate follow-up by law enforcement) is dependent upon the seriousness and nature of the situation. When law enforcement officers conduct an investigation and/or question a student(s) suspect during school hours, the building administration shall make reasonable attempts to contact parents, guardians or representatives of the student(s) prior to questioning. Reasonable requests of parents, guardians or representatives shall be followed. Notification or attempted notification of parents, guardians or representatives shall be documented by the administrator involved. Bullying Prevention

The Circle School District prohibits acts of bullying, and we invite you to join us in developing a theme of caring and respect throughout our entire school community. Bullying is an intentional, harmful behavior initiated by one or more students and directed toward another student. Bullying exists when a student with more social and/or physical power deliberately dominates and harasses another who has less power. We strongly believe that schools can be a safe and nurturing environment for all. One of our goals is to replace negative behaviors with skills that involve treating others kindly. To facilitate this effort, the district has adopted a bullying prevention program which is a district-wide approach against bullying and is in place at all schools. This approach will be most effective when the parents/guardians, administration, students and the staff all have a shared belief that caring and respect is of great value in our schools. If you are being bullied or know of someone being bullied, please access the form <https://docs.google.com/forms/d/e/1FAIpQLSegiwmKy2EFL76E-X6xJxNsILEidtGh3TDIRdBsKJXfLCKZOw/viewform>.

 - Support staff is in charge of their respective areas.
 - Building principals are in charge of the building.
 - The Board of Education delegates to the superintendent the responsibility to be in charge of the district.
3. Students and parents/guardians should be aware that students are responsible and accountable for their behavior, and understand that there are consequences for inappropriate behavior. Students are responsible for knowing the rules and if they choose to violate those rules, they should be prepared to accept the consequences for those actions.

Each plan outlines the procedures to be used in a wide variety of possible crisis, from emergency response for dangerous weather and natural disaster to bomb threats and intruders in the building. Persons wishing to know more about the crisis plan should contact their building administrator.

Drills

Fire: Fire drills are required by law, so orderly evacuation of buildings/classrooms may be accomplished without panic for student's safety. Instructions are posted in each room. At the sound of the alarm, students should walk quickly and quietly out of the building without stopping. All students and personnel must move at least fifty (50) feet away from the building. Students must remain together in class groups so the teacher can account for all students. The signal for a fire is a steady tone from the fire alarm.

Tornado: The signal to evacuate classrooms for a tornado will be the sound of a tornado siren played over the intercom or if the power is out, an intermittent blast from an air horn. Unless instructed otherwise, students will sit on the floor in designated shelters and wait for the all-clear signal. When the tornado alert is lifted, an announcement will be made. Remain in designated areas until the all clear is given.

Crises: The signal to alert students and staff of an intruder either inside or outside of the building will be an intercom announcement. Unless instructed otherwise, students and teachers are encouraged to run, hide or fight.

Entrances/Exits:

Students are expected to enter the building through the main entrances or Bus doors between 7:30-8:05. After 8:05, all

individuals should enter through the main entrance. When leaving between 8:05-3:07, all individuals should exit through the main entrance only.

Laptops will be scanned for viruses and intrusive programs designed for network security circumvention. Computer settings needed to connect to the school network will be added by school technology personnel once the computer has been approved for school use. A personal computer usage agreement (PCUA) form must be completed prior to using the computer on campus.

Health Care

Illness: Students who are ill should never be sent to school. Students with temperatures at 99.6 degrees with symptoms or 100 degrees and above will be sent home. They must be fever free for twenty-four (24) hours without the use of fever reducing medication before returning to class.

The school health rooms are set up to give first aid to the sick and injured, do screenings, give necessary medications and care for students with chronic health problems. Ill students need to be picked up quickly in order to prevent the spread of illness to others.

The school attempts to provide a safe and accident-free environment. However, if an accident occurs, first aid will be administered and the parent/guardian notified. First aid is defined as immediate care given in the case of injury or sudden illness.

Parents/guardians are notified to pick up students when the school finds it necessary to send a student home. If the parent/guardian is unavailable, the emergency contact will be notified. Please keep family and emergency information current with the school.

A contagious disease may require a physician's order for your student to return to school. Contact the school nurse in your building to find out if a release is needed for your student to return.

Contact the school office or school nurse if your student is diagnosed with:

1. **Streptococcal infections:** Excluded until treatment for twenty-four (24) hours: Fever free for twenty-four (24) hours without fever reducing medication.

3. **Pinkeye:** Excluded until treatment twenty-four (24) hours and no discharge in the eye.
4. **Impetigo:** Excluded until treatment has started and lesions covered until healed. Doctor's release needed to return to school.
5. **Scabies:** Excluded until treated with a scabicide and a doctor's release needed to return to school.
6. **Shingles:** Excluded until all of the blisters are crusted/scabbed over or until six (6) days after the first crop of blisters occur, whichever comes first. Doctor's release needed to return to school
7. **Pediculosis (head lice):** Individual infested with lice shall be excluded from a child care facility, family day care home or from school until treatment with a pediculicide drug is initiated. Proof of treatment, product container or receipt, and recheck in office before the student may return to school.

Immunizations: Each school year, every pupil enrolling or enrolled in any school for the first time in this state, and each child enrolling or enrolled for the first time in a preschool or day care program operated by a school, prior to admission to and attendance at school, shall present proof that the pupil has received such tests and vaccinations as are deemed

necessary. Pupils who have not completed the required inoculations may enroll or remain enrolled while completing the required inoculations if a physician or local health department certifies that the pupil has received the most recent appropriate inoculations in all required series. Failure to complete all required immunizations within ninety (90) days shall be deemed non-compliance.

****Students who are exempt or not properly immunized may be subject to exclusion according to the recommendations of the Kansas Department of Health and Environment regarding reportable contagious disease. Exclusion could vary from several days to 21 days or more based upon exposure, incubation and communicability.**

As an alternative to the certification required:

1. An **annual** written statement signed by a licensed physician stating the physical condition of the child to be such that inoculations would seriously endanger the life or health of the child.

OR

2. A written statement signed by one parent/guardian that the child is an adherent of a religious denomination whose religious teachings are opposed to vaccinations.

If one of the above documentation of immunizations is not received, a pupil may be subject to exclusion from school attendance until such time as the pupil shall have complied with the requirements. A written notice will be sent to the parent/guardian stating the reason for exclusion.

Health Assessment Policy: As required by Kansas State law, all students up to the age of nine (9) must have on file, at the appropriate school, a completed health assessment (physical) form. The assessment may be completed by a physician or by a nurse certified by the Kansas Department of Health and Environment. Failure to comply with this policy will result in a student being excluded from school until compliance is achieved. Exemption under this policy may be obtained by a written statement signed by one parent/guardian that the student is adherent of a religious denomination whose teachings are opposed to such assessments.

Medication Policy: Prescription Medication: Under certain conditions, prescribed medication may be given at school by the school nurse or designated person. Some exceptions may apply such as inhalers, epipens and diabetic supplies. Prescribed medication, over-the-counter drugs, vitamins, herbals and food supplements can be given only after the physician and parent/guardian have completed the district medication request form. The dosage intervals on many medications can be adjusted so that times for taking the dosages come outside school hours. If at all possible, medication needs to be given prior to coming to school or after returning home from school under parent/guardian supervision. The initial dose of medication must be given by the parent/guardian to determine if the student will have an adverse reaction.

The following information must be completed and on file with the school health office before the prescribed medication can be given:

1. A Request for Administration of Medication form must be completed for administering prescription or over-the-counter medication by the prescribing physician and parent/guardian. The office is not allowed to give ibuprofen or Tylenol without a parent permission note on file.
2. A Request to Self-Administer Medication form must be completed for use of inhalers, epipens, diabetes supplies and insulin.
3. The medication needs the correct information: student name, medication, dosage, frequency, date, prescription number, physician, pharmacy, expiration date.
4. Parents/guardians shall submit their instructions in written form and understand that school personnel and/or the school district will not be held liable for any action resulting from this request to self-medicate. Inappropriate decisions by the student relative to this policy may result in disciplinary action.

School Liability: USD 375 employees, including registered nurses (as an individual and as an employee) or designated person, who administer medication in accordance with physician instructions or parents'/guardian instructions (not to exceed over-the-counter bottle directions) shall not be held liable for damage resulting from adverse reactions. In the event of an adverse reaction, the student will be treated according to standard emergency care guidelines.

Hall Passes

No student is to be in the halls without a pass from staff or instructor. Each student will report to class first and then, with permission from the teacher, obtain a pass to go to another class or to the office. The student must comply with the above regulation; otherwise, he/she could be counted absent or tardy from class. No student is to be in the parking lot area during class time, between classes or during lunch without permission from the office.

Students are to use the restroom and drinking fountains adjacent to the commons area during lunch. While in the cafeteria, students are not to make excessive noise or infringe on the rights of others. Transportation Essential Bus Behaviors

Circle USD 375 Transportation

Essential Bus Behaviors

At Circle School District, bus safety is our number one concern while transporting any student or staff for any school function or activity. We have found that it benefits our drivers, students and all staff to have a standard set of transportation guidelines on any and all transports. We would like to communicate our Essential Bus Behavior Rules for all buses. These behavioral rules will apply to all students, teams, and faculty when on any Circle transport. Please note that the basic standards regarding safety and mutual respect are not changing just, we are just clarifying expectations. Additional rules and regulations at the driver's discretion may be applied and enforced depending on the activity or safety need. Thank you for your support of the Circle transportation department, and our building principals as we work together to keep our transports as safe as possible.

Our standard transportation behavior rules continue as follows:

Sit correctly in the seat

- Keep the aisle clear
- Stay seated all times the bus is moving
- No moving seats without permission
- Face forward
- No horseplay

Leave the bus better than you found it

- Pick up trash
- Put up windows
- Help keep our bus clean

Use Appropriate voices

- No yelling/screaming
- No inappropriate language
- Visit with those in your area only

Respect Everyone

- No bullying
- No teasing
- No fighting

Pending severity if rules are not followed, each driver will have a standard procedure of disciplinary actions:

- Talk with the student
- Call Parents
- Involve Teacher (If Applicable)
- Student Write up

All support from parents, faculty, and administration are appreciated. Should any questions or concerns arise, you may contact Matt Ray – Transportation Director (316) 541-2631 or Mray@usd375.org.

5. Using chemical restraint, except as prescribed by a licensed healthcare professional for treatment of a medical or psychiatric condition; and
6. Use of mechanical restraint, except:
 - a. Protective or stabilizing devices required by law or used in accordance with an order from a licensed healthcare professional;
 - b. Any device used by law enforcement officers to carry out by law enforcement duties; or
 - c. Seatbelts and other safety equipment used to secure students during transportation.

Training All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on the use of emergency safety interventions. The intensity of the training provided will depend upon the employee’s position. Administrators, licensed staff members and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Documentation Each school building shall maintain documentation regarding the training that was provided and a list of participants. The principal or designee shall provide written notification to the student’s parents any time that ESI is used with a student. Such notification must be provided within two (2) school days. In addition, each building shall maintain documentation any time ESI is used with a student. Such documentation must include all of the following:

1. Date and time of the intervention,
2. Type of intervention,
3. Length of time the intervention was used, and
4. School personnel who participated in or supervised the intervention.

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in the instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Local Dispute Resolution Process

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state board of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such an investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigators shall be informed of the obligation to maintain confidentiality of student records and shall report the findings and recommended action to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school and the state board of education.
