

Athletic Mask Update

As a result of Governor Pritzker's announcement on Wednesday, August 4, all students (Pre-K – 12th grade) and staff must be masked while indoors.

Previously, athletes were allowed to show proof of vaccination to remove their masks while participating in athletics indoors. Based on the new state guidelines, **all athletes must wear a mask while indoors**, even when participating in their sport, regardless of vaccination status.

The new guidance does not change the mask provisions for outdoor sports. Athletes are allowed to remove their masks when outdoors.

We will inform athletes, parents, and stakeholders as we continue to get updates regarding the COVID-19 pandemic. Thank you for your continued support and patience as we navigate these times together.

Have a great day, and Go Hornets!

A handwritten signature in black ink that reads "Andrew Walters". The signature is fluid and cursive, with a long horizontal stroke at the end.
