

STUDENT DISCIPLINE

The Mountain View School District Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:

- At any time on the school grounds
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or a school activity

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to: a felony or an act that would be considered a felony if committed by an adult; an assault or battery; drug law violations; or sexual misconduct of a serious nature. Any disciplinary action pursued by the District shall be in accordance with the student's appropriate due process rights.¹

The District's personnel policy committee shall annually review the student discipline policies, including State and District student discipline data, and may recommend changes in the policies to the Mountain View School District School Board. The Board shall approve any changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent, legal guardian, or person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension and expulsion.

The superintendent is authorized to modify the penalties set forth in the District's student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

Note: (1) To satisfy a student's due process rights, for events both on and off campus, make sure that all special education requirements are met when those requirements apply.

CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY

The District's Student Code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District's Student Code of Conduct.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices.¹ The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District's Student Code of Conduct, the student's bus transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

Students are eligible to receive district bus transportation if they meet the following requirements.² The transportation to and from school of students who have lost their bus transportation privileges is the responsibility of the student's parent or guardian.

DISRUPTION OF SCHOOL

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school's orderly educational environment shall not be tolerated at any time on school grounds. Teachers may remove from class and send to the principal or principal's designee office a student whose behavior is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to teach the students, the class, or with the ability of the student's classmates to learn. Students who refuse to leave the classroom voluntarily will be escorted from the classroom by the school administration.

STUDENT ASSAULT OR BATTERY

A student shall not threaten, physically abuse, or attempt to physically abuse, or behave in such a way as to be perceived to threaten bodily harm to any other person (student, school employee, or school visitor). Any gestures, vulgar, abusive or insulting language, taunting, threatening, harassing, or intimidating remarks by a student toward another person that threatens their well-being is strictly forbidden. This includes, but is not limited to, fighting, racial, ethnic, religious, or sexual slurs.

Furthermore, it is unlawful, during regular school hours, and in a place where a public school employee is required to be in the course of his or her duties, for any person to address a public school employee using language which, in its common understanding, is calculated to: a) cause a breach of the peace; b) materially and substantially interfere with the operation of the school; c) arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation. Students guilty of such an offense may be subject to legal proceedings in addition to student disciplinary measures.

WEAPONS AND DANGEROUS WEAPONS

No student shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon while in school, on or about school property, before or after school, in attendance at school or any school sponsored activity, en route to or from school or any school sponsored activity, off the school grounds at any school bus stop, or at any school sponsored activity or event. Military personnel, such as ROTC cadets, acting in the course of their official duties are exempted.

A weapon is defined as any firearm, knife, razor, ice pick, dirk, box cutter, num-chucks, pepper spray or other noxious spray, explosive, Taser or other instrument that uses electrical current to cause neuromuscular incapacitation, or any other instrument or substance capable of causing bodily harm. For the purposes of this policy, "firearm" means any device designed, made, or adapted to expel a projectile by the action of an explosive or any device readily convertible to that use.

Possession means having a weapon, as defined in this policy, on the student's body or in an area under his/her control. If a student discovers prior to any questioning or search by any school personnel that he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in a book bag/purse, or in his/her vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student's parent/legal guardian shall pick up the weapon from the school's office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm⁴ shall be recommended for expulsion for a period of not less than one year. The superintendent shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of

parental responsibility for allowing a child to possess a firearm on school property. Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm brought to school for the purpose of participating in activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs, hunting safety or military education, or before or after-school hunting or rifle clubs. Firearms brought to school for such purposes shall be brought to the school employee designated to receive such firearms. The designated employee shall store the firearms in a secure location until they are removed for use in the approved activity.

The district shall report any student who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement.
