

Student Incentives

When awarding incentives to recognize a student's academic, social, leadership and athletic achievements, the Hoquiam School District will ensure all incentives will support individual student achievement and the district's curriculum, programs, academic or attendance goals. Therefore, every student recipient will receive an incentive only if the activity relates to the primary mission and goals of the district.

District funds may be used to provide student incentives that meet the board's objective of increasing academic achievement.

The superintendent or designee will develop procedures to implement this policy.
