colors Washable Markers,

colored pencils, eraser, pencils, crayons,

SHOES FOR PHYSICAL EDUCATION

It is important for all students PreK - 12 to have proper gym shoes for physical education class. Students won't be allowed to participate without

these shoes! Proper footwear is a safety precaution for your son/daughter and for the other students. Flats or any type of slip-on shoes are discouraged and **NOT recommended for PE.** Dress shoes, hiking boots, turf shoes, cowboy boots, or sandals damage the surface of the gym floor and do not allow you son/daughter to participate and play at 100%. Shoes that are worn outside for recess can also harm the floor. When purchasing shoes ask for a running type shoe that has a soft rubber-type bottom (not plastic) that will have good adhesion to the gym floor. Find a shoe that fits the foot and provides support, cushioning and flexibility. Shoes must have Velcro or laces. Shoes with flat laces stay tied better than round laces and the laces should be long enough to tie but not too long that the student can trip on them. All laces must be properly tied. Gym shoes can be left in school. This is a sure way of knowing your child will have them available. Gym shoes, if not left in school must come to school each day.
