Trevor Miller
Superintendent

Erika Van Cleave
Secondary Principal

Carrie Bauer
Elementary Principal

Utilizing the Strengths & Resources of the Whole Community to Promote Academic Excellence, 21st Century Skills, & Positive Character Development

May 17, 2023

This week the Audubon and Exira-EHK School Boards approved athletics sharing agreement for two years starting with the 23-24 school year for high school girls' basketball, track and golf. This is in addition to boys and girls wrestling that Audubon, Exira-EHK and IKM-Manning already share.

Exira-EHK will be the host school for girls' basketball and golf. Audubon will remain the host school for all wrestling and girls track.

Mr. Petersen and Mr. Birks had initial discussions and when looking at numbers and participation in these particular activities, felt it was in both districts best interest to be proactive and present the proposal to the school boards.

According to Mr. Miller, Superintendent at IKMM and EEHK, "This is a great opportunity for our districts to work together, be proactive and provide the best opportunities for our students. That is what we are here for in education." Mr. Trager, Superintendent at Audubon and CRB added, "We understand this will be a change for folks to get used to, but it is clear this sharing agreement will provide the highest quality opportunities for our kids. I appreciate both school boards making the commitment to do just that."

Sincerely

Mr. Trager Superintendent Audubon, CRB
Mr. Miller Superintendent Exira-EHK, IKM-Manning
