Citizen oversight of local government is the cornerstone of democracy in the United States. The Aromas-San Juan Unified School District Board of Trustees is comprised of five school board members who are locally elected public officials entrusted with governing the District's schools. Public meetings of the board are held on a regular basis to hear, discuss, and act on agenda items pertaining to the governance of the District. Please refer to the District's website for board meeting agendas, dates, and locations (www.asjUSD.k12.ca.us). Members of the public are welcome to attend these meetings and offer comments during the public comments timeframe of each agenda.

SCHOOL RULES

You have a right to review school and district rules regarding student discipline. If you wish to do so, please contact the school office. [EC 35291, 48980, 51101]

■ Bus Rules

Because school bus passengers' behavior can directly affect their safety and the safety of others, the following regulations apply at all times when students are riding a school bus, including school activity trips.

1. Riders shall follow the instructions and directions of the bus driver at all times.
2. Riders should arrive at the bus stop on time and stand in a safe place to wait quietly for the bus.
3. Riders shall enter the bus in an orderly manner and go directly to their seats.
4. Riders shall remain seated while the bus is in motion and shall not obstruct the aisle with their legs, feet, or other objects. When reaching their destination, riders shall remain seated until the bus stops and only then enter the aisle and go directly to the exit.
5. Riders should be courteous to the driver and to fellow passengers.
6. Because serious safety hazards can result from noise or behavior that distracts the driver, loud talking, laughing, yelling, singing, whistling, scuffling, fighting, throwing objects, smoking, eating, drinking, standing and changing seats are prohibited actions which may lead to suspension of riding privileges.
7. No part of the body, hands, arms or head should be put out of the window. Nothing should be thrown from the bus.
8. Riders shall help keep the bus and the area around the bus stop clean. Riders shall not damage or deface the bus or tamper with bus equipment.
9. No animals shall be allowed on the bus, except Guide Dogs, Signal Dogs, and Service Dogs, without express permission from the principal or designee.
10. Riders should be alert for traffic when leaving the bus.

Penalties for Inappropriate Behavior

1st Citation: The first citation is only a WARNING that the noted behavior problem has occurred. This citation must be signed by the parent/guardian and returned to the bus driver the next morning in order

for the student to ride the bus. If the first citation is for a serious infraction which endangers life or limb of any person, an immediate parent/guardian conference will be required before the student may resume riding the bus.

2nd Citation: The second citation will bring DISCIPLINARY ACTION and possible suspension of bus riding privileges from 1-5 days. Parent/guardian must contact either the bus driver, the child's principal, or the transportation manager to see if a solution to the problem can be reached. If no contact is made with one of these staff members, the student will not be allowed to ride the bus.

3rd Citation: The third citation may bring from 1 day to COMPLETE SUSPENSION from riding the bus. Parent/guardian must meet with the bus driver, transportation manager, principal, and superintendent to work out proper corrective measures if the student is to be allowed to ride the bus after the suspension period.

ATTENDANCE

■ Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Students convicted of a violent felony or convicted of a misdemeanor firearms offense may be transferred to another school in the district. Many districts, by agreement, also allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in intra- and inter-district transfers. In some cases, the district must provide transportation. Students attending "persistently dangerous" schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48204.7, 48206.3, 48300, 48301, 48306, 48853.5,

I. Intradistrict Open Enrollment:

The Board of Trustees desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also maximizing the efficient use of district facilities and resources. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of their residence within the district. The Board shall annually review this policy.

Enrollment Priorities

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area.

The Superintendent or designee shall grant priority for the enrollment of a student in a district school outside of the student's attendance area, if the student:

1. Is enrolled in a district school designated by the California Department of Education (CDE) as "persistently dangerous"
2. Is a victim of a violent crime while on school grounds
3. Is a victim of an act of bullying committed by another district student, as determined through an investigation following the parent/guardian's submission of a written complaint with the school, district, or local law enforcement agency pursuant to Education Code 234.1
- If the district school requested by the student is at maximum capacity, the Superintendent or designee shall accept an intradistrict transfer request for another district school.
4. Is currently enrolled in a district school identified by CDE for comprehensive support and improvement, with priority given to the lowest academically achieving students from low-income families as determined pursuant to 20 USC 6313(a)(3)
5. Is experiencing special circumstances that might be harmful or dangerous to the student in the current attendance area, including, but not limited to, threats of bodily harm or threats to the emotional

stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers. To grant priority under these circumstances, the Superintendent or designee must have received either:

- a. A written statement from a representative of an appropriate state or local agency, including, but not necessarily limited to, a law enforcement official or a social worker, or a properly licensed or registered professional, including, but not necessarily limited to, a psychiatrist, psychologist, marriage and family therapist, clinical social worker, or professional clinical counselor
 - b. A court order, including a temporary restraining order and injunction
6. Is a sibling of another student already attending that school
 7. Has a parent/guardian whose primary place of employment is that school

Application and Selection Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law and Board policy, applications for intradistrict open enrollment shall be submitted by March 1st of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school's capacity in a nonarbitrary manner using student enrollment and available space.

Except for the enrollment priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine which students shall be admitted whenever a district school receives admission requests that are in excess of the school's capacity.

Enrollment decisions shall not be based on a student's academic or athletic performance. However, existing entrance criteria may be used for enrolling students in specialized schools or programs, provided that the criteria are uniformly applied to all applicants. In addition, academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students.

Transportation

In general, the district shall not be obligated to provide transportation for students who attend school outside their attendance area.

However, upon parent/guardian request, the district shall provide transportation assistance to any student who is eligible for free or reduced-price meals and whose enrollment in a district school outside the student's attendance area is a result of being a victim of bullying. [BP 5116.1 February 2020; EC 200, 35160.5, 35291, 35351, 46600-46611, 48200, 48204, 48300-48316, 48980; 5 CCR 11992-11994; 20 USC 6311, 6313, 7912]

2. Interdistrict Attendance:

The Board of Trustees recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

Interdistrict Attendance Agreements and Permits

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts.

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed upon by both districts for reapplication and/or revocation of the student's permit.

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Transportation

Upon parent/guardian request, the district shall provide transportation assistance to a student receiving an interdistrict transfer who is eligible for free and reduced-price meals and is the child of an active duty military parent/guardian or a victim of bullying, as defined in Education Code 46600.

In addition, upon request of a student's parent/guardian, the Superintendent or designee may authorize transportation for any interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends if space is available. [BP 5117 February 2020; EC 8151, 41020, 46600-46610, 48204, 48300-48317, 48900,

Administrative Regulation – Interdistrict Attendance Agreements and Permits

In accordance with an agreement between the Board of Trustees and the board of another district, a permit authorizing a student of either district to enroll in the other district may be issued upon approval of both districts.

The district shall post on its web site the procedures and timelines for requesting an interdistrict transfer permit, including a link to BP 5117 – Interdistrict Attendance. The posted information shall include, but is not limited to:

1. The date upon which the district will begin accepting and processing interdistrict transfer requests for the following school year
2. The reasons for which the district may approve or deny a request, and any information or documents that must be submitted as supporting evidence
3. If applicable, the process and timelines by which a denial of a request may be appealed within the district before the district renders a final decision
4. A statement that failure of a parent/guardian to meet any timelines established by the district shall be deemed an abandonment of the request
5. Applicable timelines for processing a request, including the following statements:
 - a. For an interdistrict transfer request received by the district 15 or fewer calendar days before the commencement of instruction in the school year for which the transfer is sought, the district will notify the parent/guardian of its final decision within 30 calendar days from the date the request was received.
 - b. For an interdistrict transfer request received by the district more than 15 days before the commencement of instruction in the school year for which the inter-district transfer is sought, the district will notify the parent/guardian of its final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction in the school year for which transfer is sought.
6. The conditions under which an existing interdistrict transfer permit may be revoked or rescinded

Priority for interdistrict attendance shall be given to a student who has been determined, through an investigation by either the district of residence or district of proposed enrollment, to be a victim of an act of bullying, as defined in Education Code 48900(r), committed by a student of the district of residence.

Until the district is at maximum capacity, the district shall accept any student whose interdistrict transfer application is based on being the victim of an act of bullying or a child of an active duty military parent/guardian. The district shall ensure that such students are admitted through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether or not a student should be enrolled based on academic or athletic performance, physical condition, proficiency in English, family income, or any of the individual characteristics set forth in Education Code 220, including, but not limited to, race or ethnicity, gender, gender identity, gender expression, and immigration status.

In addition, the Superintendent or designee may approve an interdistrict attendance permit for a student for any of the following reasons when stipulated in the agreement:

1. To meet the child care needs of the student, only as long as the student's child care provider remains within district boundaries
2. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel
3. When the student has a sibling attending school in the receiving district, to avoid split-ting the family's attendance
4. To allow the student to complete a school year when the student's parents/guardians have moved out of the district during that year
5. To allow the student to remain with a class graduating that year from an elementary, middle, or senior high school
6. To allow a high school senior to attend the same school attended as a junior, even if the student's family moved out of the district during the junior year
7. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the school year in the district

8. When the student will be living out of the district for one year or less
9. When recommended by the school attendance review board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence
10. When there is valid interest in a particular educational program not offered in the district of residence
11. To provide a change in school environment for reasons of personal and social adjustment

The Superintendent or designee may deny initial requests for interdistrict attendance permits due to limited district resources, overcrowding of school facilities at the relevant grade level, or other considerations that are not arbitrary. However, once a student is admitted, the district shall not deny continued attendance because of overcrowded facilities at the relevant grade level.

If the transfer request is for a school year that begins within 15 calendar days of the receipt of the request, the Superintendent or designee shall notify the parent/guardian of the final decision within 30 calendar days of receiving the request. If the transfer request is for a school year that begins more than 15 calendar days after the receipt of the request, the parent/guardian shall be notified of the final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction during that school year.

If a student's interdistrict transfer request is denied, the Superintendent or designee shall, in writing, notify the parents/guardians of their right to appeal to the County Board of Education within 30 calendar days from the date of the final denial.

All notices to parents/guardians regarding the district's decision on any request for interdistrict transfer shall conform to the translation requirements of Education Code 48985, and may be provided by regular mail, electronic format if the parent/guardian provides an email address, or by any other method normally used to communicate with parents/guardians in writing.

Pending a decision by the two districts or by the County Board on appeal, the Superintendent or designee may provisionally admit a student who resides in another district for a period not to exceed two school

months, provided the district is the district of proposed enrollment. If the decision has not been rendered by the conclusion of two school months and the districts or County Board is still operating within the prescribed timelines, the student shall not be allowed to continue attending the district school to which the student was provisionally admitted.

Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or rescissions while expulsion proceedings are pending or during the term of the expulsion.

Once a student is admitted to a school on the basis of an interdistrict attendance permit, the student shall not be required to reapply for an interdistrict transfer and shall be allowed to continue to attend the school of enrollment, unless reapplication standards are otherwise specified in the interdistrict attendance agreement. Existing interdistrict attendance permits shall not be rescinded after June 30 following a student's completion of grade 10 or for any student entering grade 11 or 12 in the subsequent school year.

Transfers Out of the District

A student whose parent/guardian is in active military duty shall not be prohibited from transferring out of the district, provided the school district of proposed enrollment approves the application for transfer.

If the district is unable to provide an intradistrict transfer to a student who is a victim of an act of bullying, as defined in Education Code 46600, the district shall not prohibit the student from transferring out of the district if the district of proposed enrollment approves the application for transfer.

The district may limit transfers out of the district to a school district of choice under any of the following circumstances:

1. The number of student transfers out of the district to a school district of choice has reached the limit specified in Education Code 48307 based on the district's average daily attendance.
2. The County Superintendent of Schools has given the district a negative budget certification or has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice.

3. The Board determines that the transfer would negatively impact any of the following:
 - a. A court-ordered desegregation plan
 - b. A voluntary desegregation plan of the district, consistent with the California Constitution, Article 1, Section 31
 - c. The racial and ethnic balance of the district, consistent with the California Constitution, Article 1, Section 31 [AR 5117 February 2020]

3. Attendance Where Caregiver Resides:

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a), 48980; FC 6550-6552]

4. Attendance in District Where Parent / Guardian is Employed:

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of the parent's/guardian's employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(a)(7), 48980]

5. Special Enrollment Allowances for Some Categories of Students:

There are enrollment provisions for some students living in the District including foster, homeless, migratory, or military children: 1) they stay enrolled at their school of origin outside the District, 2) their Individual Education Plan (IEP) indicates attendance elsewhere, or 3) the parent or guardian, with knowledge of all options, declares in writing otherwise. In some cases, they also have rights to expedited enrollment in school, to attend classes and programs (pending proof of immunization), to after-school programs, and fee waivers. The school district and each school site have complete documentation of the rights of homeless, foster, migratory, military, and other special categories of students. [EC 48204, 48204.7, 48645.3, 48850-48859, 48853.5, 51225.1, 56055; 5

Student Immigrant and Religious Rights

All school age children must be admitted to California Public Schools and be offered all programs accessible to other students. School districts cannot ask about a student's immigrant or religious status. The state Attorney General has information about "know your rights": <https://oag.ca.gov/immigrant/rights>. Migratory Child students are still considered residents of their current school district even if parents are deported or are being held in custody. [EC 200, 220, 234.1]

■ General Absences

Children cannot learn if they are not in school. Children learn early about being on time and not missing school; teach your child to be on time and that school attendance is an important family value. Daily school attendance improves student achievement. Children ages 6 to 18 years must attend every school day.

It is also important that you know the state only awards funding to school districts for actual attendance. The state does not fund districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, still rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences are recorded as a truancy.

A. Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

1. Due to the pupil's illness.
2. Due to quarantine under the direction of a county or city health officer.
3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
4. For the purpose of attending the funeral services of a member of the pupil's immediate family, so

long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.

5. For the purpose of jury duty in the manner provided for by law.
 6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child for which the school shall not require a note from a doctor.
 7. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
 8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
 9. For the purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
 10. For the purpose of attending the pupil's naturalization ceremony to become a United States citizen.
 11. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.
- B. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full

credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

- C. For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
- D. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- E. "Immediate family," as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil. [EC 48205, 48205.5, 48260]

Districts may allow students, with parental or guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

Absence Procedures

Sometimes children must miss school. It is important that the school knows why your child is not attending school. Parents should follow the procedures listed below when their child is absent from school.

- 1. Notify the School Secretary by phone or note indicating
 - a. Reason for absence, and
 - b. Duration of absence
- 2. Parents must account for each day of absence either by phone or in writing. (A written note is preferred because if parents call, the secretary must transcribe the message into writing for accounting purposes.)
- 3. Children absent 3 days or longer, must return to school with a doctor's note.
- 4. Children absent for at least 5 days should be placed on an Independent Study Assignment (inquire at school office).

■ Emergency School Closure

Schools may close in the case of a natural disaster such as an earthquake, a fire, a flood, or an epidemic/pandemic like COVID-19. School officials rely on the expertise and advice of public health and safety officials in these decisions. Other means of delivering instruction will be used as possible.

■ Minimum Days/Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month's notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980]

■ Leaving School at Lunch Time

The Aromas-San Juan Unified School District Board of Trustees has established a closed campus policy at all sites. Students may not leave campus at any time during the school day without written permission of their parents/guardians and school authorities. Students who leave without authorization shall be classified truant and subject to disciplinary action. [BP 5112.5 June 2004; EC 44808.5]

■ Short-Term Independent Study

Independent study is designed for students who need to be away from school when circumstances require that the student be absent from the regular classroom for a minimum of 5 days. Arrangements need to be made at least 1 week in advance. Information is available at the school site.

■ Individualized Instruction

You must notify the school if your child has a temporary disability and cannot attend regular classrooms. If your temporarily disabled child is located outside your school district, notify both the district where your child resides and where the child is located. Within five (5) days of notice, the district(s) will determine if the student qualifies, and within five (5) days of the determination commence instruction in the home or in a hospital or other residential health facility. The district(s) will notify you if your child qualifies, when instruction will begin and for how long it will continue. Each hour of instruction at home or in a facility will count as a full day but cannot exceed 5 days per week nor the number of days in the school year. [EC 48206.3, 48207, 48207.5, 48208, 48980]

Pregnant or Parenting Students

Pregnant or parenting students who are 18 years old or who have permission from their parent/guardian may have excused leave for up to 8 weeks or more without having to complete schoolwork or other requirements, or being subject to penalties. They may return to the same school and courses where

they are provided time to make up work. They may choose to attend an alternative program with access to comparable courses, programs and activities. They may have a fifth year to complete high school graduation requirements unless administration determines they are capable of completing graduation requirements in four years. Complaints about these rights can be made using the Uniform Complaint Procedure. [EC 46015, 48200, 48980]

■ Unexcused Absences (truancy)

When a student misses school without an excuse they are considered truant, and the school will notify the parent/guardian. The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. A student is classified as;

Truant: after missing three days of school or three 30-minute periods without a valid excuse

Habitual Truant: if they are truant three or more times in a school year and an effort is made to meet with parents

Chronic Truant: if they miss 10 percent or more of the school days in a school year.

Early intervention and cooperation between the school and the family is the best way to support student learning. A student who is truant can be referred to a student attendance review board (SARB), a community service program, the county probation department, or to the district attorney. Through these programs the student can be given guidance toward improving attendance. The goal is to intervene before a student enters the juvenile justice system or drops out of school. Parents are urged to use community services identified by the school or District, a SARB, the District Attorney, or Probation department. Students and parents face penalties as defined in Education Code, Welfare and Institutions Code, and Penal Code.

Student Penalties: First truancy may result in a one-day weekend class; Second truancy may be a written warning from a peace officer; Third truancy may result in assignment to an after-school or weekend program, involvement of a SARB, a probation officer, or District Attorney; Fourth truancy may result in a chance to improve attendance, but may also result in the student being placed within the jurisdiction of the juvenile court. Other penalties may include required community service, payment of a fine, attending a truancy mediation program, and loss of driving privileges.

Parent Penalties: First conviction – up to \$100 fine; Second conviction – up to \$250 fine; Third conviction – up to \$500 fine. Parents of chronically truant elementary students face a fine up to \$2,000; imprisonment up to one year; or both. They may also be scheduled to meet regularly with district staff and/or referred to community resources. Parents may also have to attend classes at the student's school for a day and/or personally deliver their child to school every day. ■ Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including, but not limited to, the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

■ District Courses

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost. Parents/Guardians have the right to review all course material. [EC 49091.14, 51101; PPRA]

■ School Counselors

School counselors are trained educators possessing a valid teacher credential with a specialization in pupil personnel services. Counselors help students in grades 7-12 make decisions about their courses, extra-curricular activities, and preparation for college and/or careers. They guide students through all the steps including information about financial aid, academic requirements, and careers. Counseling related to academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities will be available to all students without regard to their gender or gender identity, the gender listed in their records, or any protected group as listed under “Complaints Regarding Discrimination, Harassment, Intimidation, Bullying, Exceptional Needs Students, Categorical Programs, Federally Funded Programs” on page 34. Most counselors are available by appointment and will meet with students and their families. The District Uniform Complaint Procedure may be used to file a complaint. [EC 221.5, 221.8, 48980, 49600, 48900, 51229; GC 11135; Title VI, Title IX; § 504; CIF 300D]

■ California State Academic Standards

Each district in California decides how they will teach and what resources they will use to reach adopted common-core academic standards. More information can be found at www.cde.ca.gov/re/cc/ or www.corestandards.org. California launched a computer-based student testing system that ties to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). The new tests include the Smarter Balanced Assessment Consortium Assessments, California Science Tests (CAST), California Alternate Assessments (CAA), and Standards-based Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More

information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604.5, 60615]

■ LCFF and LCAP

The LCFF (Local Control Funding Formula) changed the way the State provides money to school districts. Under this system, school districts receive a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 55% of the district’s enrollment. More information about the LCFF is available at www.cde.ca.gov/fq/aa/lc/.

The LCAP (Local Control Accountability Plan) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. The LCAP must focus on eight areas identified as State priorities:

- | | |
|--------------------------------------|-------------------------|
| 1. Basic Services | 5. Pupil Engagement |
| 2. Implementation of State Standards | 6. School Climate |
| 3. Parental Involvement | 7. Course Access |
| 4. Pupil Achievement | 8. Other Pupil Outcomes |

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The plan will demonstrate how the district’s budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Anyone can comment about proposals or expenditures to the school board; at parent, student, community engagement meetings; at staff LCAP meetings; or to the district LCAP Advisory Committee. Complaints regarding LCAP may be filed anonymously or using the District Uniform Complaint Procedures. [EC 305, 47606.5, 47607.3, 52060-52076, 5 CCR 4600, 4622]

Homeless, Migratory, Foster, Military, and Juvenile Court Students or Child(ren)

Homeless, migratory, foster, military family, juvenile court youth, or youth participating in a newcomer program have special rights related to graduation and partial high school credits. They have the right to an adult to help make educational decisions. Foster and homeless youth also have special rights associated with college funding, and certain considerations in school discipline. The District Uniform Complaint Procedure

may be used to file a complaint. [EC 48645.3, 48645.5, 51225.1-51225.3, 56055; 5 CCR 4622; WIC 361, 726]

Language Acquisition Programs

Language acquisition programs are designed to ensure that English learners acquire English as rapidly and effectively as possible. They provide instruction based on the state-adopted academic content standards, including English language development (ELD) standards.

The District offers a Dual Language Immersion program (English/Spanish) which instruction is delivered in both English and Spanish. The program is designed for both English learners and native English speakers to develop as bilingual and biliterate.

Parents/Guardians may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. Parents/Guardians may submit written or verbal requests for the establishment of a language acquisition program in addition to the program available. Schools in which the parents/guardians of 30 pupils or more per school or 20 pupils or more in any grade request a language acquisition program are required to offer such a program to the extent possible. Please contact the District office or your school principal for more information. [EC 306, 310; 5 CCR 11310]

Parents/Guardians have a right to opt their child(ren) out of the school district's language acquisition program or opt out of particular English learner service(s) within a language acquisition program. [20 USC 6312(e)(3)(A)(viii)]

■ Curriculum and Personal Beliefs

Whenever any part of the instruction in comprehensive sexual health, sexual abuse, or human trafficking prevention education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction if you request an excuse in writing. No student shall be penalized, sanctioned, or disciplined for such an excuse, and shall have an alternative education activity available. [EC 51240, 51938, 51950]

Family Life, Human Development, and Sexual Health Education

Your child will be taking classes in compliance with the California Healthy Youth Act. These will include comprehensive sexual health education, HIV

education, and research findings regarding pupil health behaviors and risks. Students in grades 7-12 will gain a deeper understanding of HIV transmission, prevention, and treatment. They will also be taught about the prevalence of human trafficking and the methods traffickers employ, including social media and mobile devices. You will be notified before such instruction. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker. You have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. In this District, staff teaches these classes. During this class, students in grades 7-12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at www.leginfo.ca.gov. [EC 51933-51939]

Dissection of Animals

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255]

Tests/Surveys on Personal Beliefs

You and/or your child(ren) over 18 will be notified before administration of any confidential test, questionnaire, or survey containing questions about your child's, or your personal beliefs, political practices, mental health, anti-social, illegal, self-incriminating, demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility for receiving financial assistance), sex, family life, morality, or religion. You will be asked for written permission except for exempt surveys (in grades 7-12) that are part of sexual health programs

or State surveys. Parents may opt their child(ren) out of all surveys, without penalty, including those seeking information to be used in marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. Notice will be sent to parents prior to such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. [EC 51513, 51938, 60614; 60615; PPRA; 34 CFR 98; ESEA]

California Healthy Kids Survey

If your student is a 7th, 9th, or 11th grader, he/she will be asked to participate in an anonymous health survey by the California Department of Education. You may submit a Participation Opt-Out Form if you do not want your student to be included in the survey by filling out and returning the form in this booklet. Parents may preview the survey and data it supports – chks.wested.org. The survey is administered in the fall. [EC 51938(b)]

University Admissions

University of California/California State University Admissions

Admission to the California State Universities requires a minimum 15-unit pattern of courses for admission as a first-time freshman. Each unit is equal to a year of study in a subject area. A GPA of 2.0 (C) or higher is required for regular admission. Admittance is based on an eligibility index that combines multiple items. Transfer students are accepted.

Admission to the University of California requires completion of the 15 yearlong high school course list. These courses are also known as the “a-g” subjects. At least seven of the 15 yearlong courses must be taken in the student’s last two years of high school. A GPA of 3.0 (B) or higher is required for California residents. [EC 48980, 51229]

SCHOOL RECORDS AND STUDENT ACHIEVEMENT

Pupil Records

Parents, guardians, foster parents, certain caregivers, and students over 18 have the right to review, inspect, and get copies of school records within five business days of a written or oral request or before any meeting regarding an individualized education plan (IEP) or a hearing. Those records are confidential, and privacy will be maintained. Student records are provided to schools where student transfers or wants to enroll. In some instances, information about your child may be released to District staff, foster

agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, health information, and immunization information that may be shared with the Health Department. The records are maintained at your child's school site by the school secretaries. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation 5125 sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for ten cents (10¢) per page. If you cannot afford the cost of copies, they will be provided free of charge. With the proper documentation, the records can be changed to reflect a legal change of name and/or gender of a student or a former student. You also have the right to file a written request with the superintendent challenging the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, a comment not based on personal observation with time and date noted, misleading information, or a violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student's record. [EC 8484.1, 49060, 49062.5, 49063, 49068, 49069.3, 49070-49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR Part 99]

Students of Military Families

For a smoother transition, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. Also, students can be registered

in their district of choice, but must provide proof of residency within 10 days. [EC 51225.1, 51225.2]

Student Data from Social Media Websites

School Districts may adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

Regulations Regarding Pupil Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

Teacher Qualifications

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. You will receive a timely notice when your child has been taught four or more consecutive weeks by a teacher who is not highly qualified. [ESEA; 20 USC 6311; 34 CFR 200.61]

Release of Directory Information

The law allows schools to release "directory information" to certain persons or organizations including military recruiters. Directory information includes a student's name, address, telephone number, electronic mail address, date of birth, major field of study, participation in officially recognized activities and sports, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the student. You may have the district withhold any of this information by submitting a request in writing by September 30th of each year. Written notification received after the date specified will be honored, but the student's information may

have been released in the interim. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

■ School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, disasters, and criminal activity. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

■ Program Improvement Schools

In compliance with federal legislation, the Aromas-San Juan Unified School District implemented a Program Improvement School Choice program for students who reside within the boundaries of, and attend a school that has not met one of its achievement targets for two years in a row. Students residing in and attending a program improvement school were provided an opportunity to apply to attend a non-program improvement school in the district. There are no longer alternative schools in the District.

STUDENT SERVICES

■ Student Meal Program

Meals are provided to all students at no cost during the 2021-2022 school year. We request that every family in the district complete an Alternative Household Income form and return it to the school. This form helps the district secure funding. Forms are available online, at your school site office, and at the district office. For more information please contact the Cafeteria Manager, Janie Cecena at jcecena@asjUSD.k12.ca.us. [EC 49510-49520, 49558; 42 USC 1761(a)]

■ Student Use of Technology

The Board of Trustees intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning.

All students using these resources shall receive instruction in their proper and appropriate use.

Teachers, administrators, and/or library media specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with this Board policy and the district's Acceptable Use Agreement.

District technology includes, but is not limited to, computers, the district's computer network including servers and wireless computer networking technology (wi-fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

Before a student is authorized to use district technology, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement. In that agreement, the parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover

evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and BP/AR 5125 – Student Records.

Whenever a student is found to have violated Board policy or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

Internet Safety

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors.

The district's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that

is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs

2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking"
3. Distributing personal identification information, including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting one's own personal identification information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. [BP 6163.4 November 2015; EC 49073.6, 51006, 51007, 60044; PC 313, 502, 632, 653.2; 15 USC 6501-6506; 20 USC 6751-6777; 47 USC 254; 16 CFR 312.1-312.12; 47 USC 54.520]

Student Obligations and Responsibilities

Students are expected to use district technology safely, responsibly, and for educational purposes only. The student in whose name district technology is issued is responsible for its proper use at all times. Students shall not share their assigned online services account information, passwords, or other information used for identification and authorization purposes, and shall use the system only under the account to which they have been assigned.

Students are prohibited from using district technology for improper purposes, including, but not limited to, use of district technology to:

1. Access, post, display, or otherwise use material that is discriminatory, libelous, defamatory, obscene, sexually explicit, or disruptive
2. Bully, harass, intimidate, or threaten other students, staff, or other individuals ("cyberbullying")

3. Disclose, use, or disseminate personal identification information (such as name, address, telephone number, Social Security number, or other personal information) of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person
4. Infringe on copyright, license, trademark, patent, or other intellectual property rights
5. Intentionally disrupt or harm district technology or other district operations (such as destroying district equipment, placing a virus on district computers, adding or removing a computer program without permission from a teacher or other district personnel, changing settings on shared computers)
6. Install unauthorized software
7. "Hack" into the system to manipulate data of the district or other users
8. Engage in or promote any practice that is unethical or violates any law or Board policy, administrative regulation, or district practice

Since the use of district technology is intended for educational purposes, students shall not have any expectation of privacy in any use of district technology. The district reserves the right to monitor and record all use of district technology, including, but not limited to, access to the Internet or social media, communications sent or received from district technology, or other uses.

If a student becomes aware of any security problem (such as any compromise of the confidentiality of any login or account information) or misuse of district technology, he/she shall immediately report such information to the teacher or other district personnel.

Personally Owned Devices

If a student uses a personally owned device to access district technology, he/she shall abide by all applicable Board policies, administrative regulations, and the Acceptable Use Agreement. Any such use of a personally owned device may subject the contents of the device and any communications sent or received on the device to disclosure pursuant to a lawful subpoena or public records request.

■ School Accountability Report Card

The School Accountability Report Card is available on request, and is available annually by February 1st on the Internet at www.asjUSD.k12.ca.us. It contains information about the district and school regarding the

quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. [EC 33126, 32286, 35256, 35258, 51101]

■ Services to Students with Disabilities

If you have reason to believe that your child (ages 0 through 22 years) has a disability which requires special services or accommodations, bring this to the attention of the school office. Your child will be evaluated to determine whether he/she is eligible for special or modified instruction or services. The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. The District has policies guiding procedures for identification and referral. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

■ Advanced Placement Examination Fees

State funding is available to qualified low-income students to assist in paying all or part of Advanced Placement exams. [EC 48980, 52240]

■ Pupil Fees

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against

charging fees or deposits. Exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal and may be filed anonymously. HEALTH SERVICES

■ Immunizations

Documented proof that immunizations are up-to-date is required before attending school; districts may not allow “conditional” admittance into schools. Students may not participate in a classroom setting unless they have been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, and tetanus. Students must be immunized for varicella (chickenpox) or provide proof from a doctor stating they have had the disease.

All new students, advancing students, or students transferring into grades 7-12 must be fully immunized, and will not be admitted without the required booster against pertussis (Tdap) and a second dose against varicella. The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services. Homeless, foster, migratory, and military youth can be enrolled without proof of immunization. [HSC 120325, 120335, 120338, 120375, 120400, 120405,

120410, 120415, 120440, 120480; EC 48216, 48852.7, 48853.5, 49403; 17 CCR 6000-6075; 42 USC 11432(C)(i)]

Exemptions

These requirements do not apply if a form from licensed physician cites why they should not. The physician submits the standardized electronic form directly to the California Immunization Registry (CAIR) and to the school for exemption; this is the only form the school will accept. The form will include physician information, the child’s name and their school, the parent’s/guardian’s name, and the specific basis for and duration of the exemption.

If an outbreak of a communicable disease occurs, a non-immunized student will be excluded from school for their own safety until such a time as directed by health officials or district administration.

Forms submitted prior to January 1, 2020 and exemptions based on beliefs opposed to immunization submitted prior to January 1, 2016 are valid until the pupil enrolls in the next grade span (through preschool, grades K-6, grades 7-12). Parents or guardians may refuse to allow the sharing of personal information related to their child’s immunization records by notifying the County Health Department listed in this section. [HSC 120325, 120335, 120338, 120370, 120372, 120372.05; EC 48216]

■ Physical Examinations

For each child enrolling in the District for the first time in kindergarten or first grade, the parent or guardian must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact:

San Benito Co. Health Department
439 4th Street, Hollister, CA 95023
(831) 637-5367

or Monterey Co. Health Department
1270 Natividad Road, Salinas, CA 93906
(831) 755-4500

If you want your child to be exempt from physical examinations at school, file a written statement annually with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPRA]

■ Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child's school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child's oral health assessed and have proof of the assessment by May 31 of the student's first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

■ Vision, Hearing, and Scoliosis Screening

An authorized person will check your child's vision upon enrollment and in grades 2, 5, and 8 unless the student entered the District in grade 4 or 7. Hearing tests will be conducted when your child is enrolled or first enters a District school. Females in grade 7 and males in grade 8 may be screened for scoliosis (curvature of the spine). These tests may be administered unless you annually give the school a certificate from a physician or optometrist verifying prior testing, or submit a letter denying consent. [EC 44878, 49451, 49452, 49452.5, 49455]

■ Medication

Children may take medication, which is prescribed by a physician, and get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time

schedules by which the medication is to be taken; and

2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. This includes allowing a school staff member to volunteer to identify the need for and administer glucagon or epinephrine to a student. The letter gives permission to a district representative to communicate with the health care provider, pharmacist and acknowledge understanding of how the medication will be administered. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine. The District will have a supply of auto-injectable epinephrine at each school site. [EC 49414, 49414.3, 49414.5, 49423, 49480]

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. [EC 49414, 49414.5, 49423, 49423.1, 49480]

A parent or guardian may administer, by means other than smoking, medicinal cannabis to their child after filing with the school a statement and prescription from a physician. The prescription and any records associated with the treatment of a student are confidential medical records. Full rules are detailed in education code. [BP 5141.21 February 2020; EC 49414.1; HSC 11362.79]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [BP/AR 5141.21; EC 49480; ne]

■ Sun Protection

Students when outdoors can wear sun protective clothing, including, but not limited to hats. Students may also apply sunscreen during the day without a doctor's note or prescription. [EC 35183.5, 35291, 35294.6]

■ Medical and Hospital Insurance for Students

The district provides insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital

services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49472]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]

Enrollment in a Health Care Plan

All children enrolling in kindergarten, first grade, or transferring into the district and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at (800) 300-1506 or online at www.coveredca.com. [EC 49452.9; PPACA]

School-Sponsored Athletics

If a student participates in school-sponsored athletics other than physical education or athletic event during the school day, parents/guardians and the student athlete are required to annually; (1) complete a concussion awareness form, (2) complete a sudden cardiac arrest awareness form, and (3) sign a document acknowledging receipt of an Opioid Factsheet received either in print or electronic format. [EC 33479, 49475, 49476]

As a condition of participation, parents/guardians and high school athletes must sign an agreement that the athlete will not use steroids, unless the student has a written prescription as specified. [EC 49033, 60041; HSC 11032]

■ Schools Free of Tobacco, Alcohol, and Drugs

The Board has adopted Tobacco-Free, Drug-Free, and Alcohol-Free campus policies to promote student health and well-being. The District strives for a

school environment free of these substances and has prevention and intervention programs. There may be programs through the District or in the community to support students' cessation from use of tobacco, alcohol, or drugs. For more information please contact the school/district nurse or a school administrator. [EC 51202-51203, 51260-51269; HSC 104420, 11999-11999.3; PC 13864]

Tobacco Free Policy Notification

Smoking presents a health hazard that can have serious consequences both for the smoker and the nonsmoker. In the best interest of students, employees, and the general public, the Aromas-San Juan Unified School District has adopted a "Tobacco-Free School" policy. This policy prohibits the use of any tobacco product on School District grounds by anyone at anytime. This policy includes visitors to the school and community members using school facilities during or after school hours. Students who possess or use tobacco while on school premises, or at school-sponsored events, shall be subject to disciplinary procedures that may result in suspension from school. Employees of the District must abide by District policy as a condition of their employment, and may face disciplinary action if they do not. Community members who use tobacco while on District property will be informed of the tobacco-free policy and will be asked to refrain from usage. If the person does not comply with this request, the matter may be referred to the Superintendent or designee, and the person may be directed to leave school property. For information about cessation programs in the area, the following organizations may be contacted:

■ Access to Mental Health Services

School-based mental health services help address barriers to learning and provide appropriate student and family support in a safe and supportive environment. Reaching out for mental health services is simple; contact your school counselor, nurse, health aide, principal, or the district office. In the community a good place to start may be to dial 211 for referrals in your area or call San Benito Co. Behavioral Health Services, (831) 636-4020. If you are in crisis contact this number or dial 911 immediately. [EC 49428]

Suicide Prevention

Suicide is a leading cause of death among youth, and school personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and counseling (including for bereavement). Information about district programs and services and links to community and statewide resources are available on the District's website at www.asjUSD.k12.ca.us. STUDENT BEHAVIOR AND SAFETY

All pupils have the right to participate fully in the educational process, free from discrimination, harassment, violence, intimidation, and bullying. Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

■ Safe Place to Learn

It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment, intimidation, and bullying at all school sites or at any school sponsored activity. School site staff trained in anti-bias shall be made known to students. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. Certificated staff in grades 7-12 get information about helping LGBTQ students. Information about district programs and services and links to community and statewide resources related to: suicide prevention; sex discrimination including Title IX information; hate violence; sexual harassment including the District's Policy (also included in this

booklet); harassment, intimidation, bullying; and cyber-bullying including social-media bullying are available on the District's website at www.asjUSD.k12.ca.us and online at www.cde.ca.gov, www.cde.ca.gov/lss/se/bullyfaq.asp, www.cde.ca.gov/lss/se/bullyres.asp, www.cde.ca.gov/lss/vp/ssresources.asp, www.californiahealthykids.net.

STUDENT DISCIPLINE

■ Parent Responsibility

Parents or guardians are liable for all the damages caused by the willful misconduct of their minor children that result in death or injury to other students, school personnel, or damage to school property. Parents are also liable for any school property loaned to the student and willfully not returned. Parents' or guardians' liability may be as much as \$21,200 in damages and another maximum of \$11,700 as adjusted annually by the California Department of Education for payment of a reward, if any. With a few exceptions, the school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money.  8. Ensure that students and parents/guardians, including those with limited English proficiency, are notified of how to access the relevant information provided in the district's nondiscrimination policy and related complaint procedures, notices, and forms in a language they can understand.

Any report or complaint alleging unlawful discrimination by the principal, compliance officer, or any other person to whom a report would ordinarily be made or complaint filed shall instead be made to or filed with the Superintendent or designee who shall determine how the complaint will be investigated.

Transgender and Gender-Nonconforming Students

Gender identity of a student means the student's gender-related identity, appearance, or behavior as determined from the student's internal sense, whether or not that gender-related identity, appearance, or behavior is different from that traditionally associated with the student's physiology or assigned sex at birth.

Gender expression means a student's gender-related appearance and behavior, whether stereotypically associated with the student's assigned sex at birth.

Gender transition refers to the process in which a student changes from living and identifying as the sex assigned to the student at birth to living and identifying as the sex that corresponds to the student's gender identity.

Gender-nonconforming student means a student whose gender expression differs from stereotypical expectations.

Transgender student means a student whose gender identity is different from the gender assigned at birth.

The district prohibits acts of verbal, nonverbal, or physical aggression, intimidation, or hostility that are based on sex, gender identity, or gender expression, or that have the purpose or effect of producing a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment, regardless of whether the acts are sexual in nature. Examples of the types of conduct which are prohibited in the district and which may constitute gender-based harassment include, but are not limited to:

1. Refusing to address a student by a name and the pronouns consistent with the student's gender identity
2. Disciplining or disparaging a student or excluding the student from participating in activities, for behavior or appearance that is consistent with the student's gender identity or that does not conform to stereotypical notions of masculinity or femininity, as applicable
3. Blocking a student's entry to the restroom that corresponds to the student's gender identity
4. Taunting a student because the student participates in an athletic activity more typically favored by a student of the other sex
5. Revealing a student's transgender status to individuals who do not have a legitimate need for the information, without the student's consent
6. Using gender-specific slurs
7. Physically assaulting a student motivated by hostility toward the student because of the student's gender, gender identity, or gender expression

The district's uniform complaint procedures (AR 1312.3) shall be used to report and resolve complaints alleging discrimination against transgender and gender-nonconforming students.

Examples of bases for complaints include, but are not limited to, the above list, as well as improper rejection by the district of a student's asserted gender identity, denial of access to facilities that correspond with a student's gender identity, improper disclosure of a student's transgender status, discriminatory

enforcement of a dress code, and other instances of gender-based harassment.

To ensure that transgender and gender-nonconforming students are afforded the same rights, benefits, and protections provided to all students by law and Board policy, the district shall address each situation on a case-by-case basis, in accordance with the following guidelines:

1. Right to privacy: A student's transgender or gender-nonconforming status is the student's private information and the district shall only disclose the information to others with the student's prior written consent, except when the disclosure is otherwise required by law or when the district has compelling evidence that disclosure is necessary to preserve the student's physical or mental well-being. In any case, the district shall only allow disclosure of a student's personally identifiable information to employees with a legitimate educational interest as determined by the district pursuant to 99.31. Any district employee to whom a student's transgender or gender-nonconforming status is disclosed shall keep the student's information confidential. When disclosure of a student's gender identity is made to a district employee by a student, the employee shall seek the student's permission to notify the compliance officer. If the student refuses to give permission, the employee shall keep the student's information confidential, unless the employee is required to disclose or report the student's information pursuant to this administrative regulation, and shall inform the student that honoring the student's request may limit the district's ability to meet the student's needs related to the student's status as a transgender or gender-nonconforming student. If the student permits the employee to notify the compliance officer, the employee shall do so within three school days.

As appropriate given the student's need for support, the compliance officer may discuss with the student any need to disclose the student's transgender or gender-nonconformity status or gender identity or gender expression to the student's parents/guardians and/or others, including other students, teacher(s), or other adults on campus. The district shall offer support services, such as counseling, to students who wish to inform their parents/guardians of their status and desire assistance in doing so.

2. Determining a Student's Gender Identity: The

compliance officer shall accept the student's assertion of gender identity and begin to treat the student consistent with that gender identity unless district personnel present a credible and supportable basis for believing that the student's assertion is for an improper purpose.

3. **Addressing a Student's Transition Needs:** The compliance officer shall arrange a meeting with the student and, if appropriate, the student's parents/guardians to identify and develop strategies for ensuring that the student's access to educational programs and activities is maintained. The meeting shall discuss the transgender or gender-nonconforming student's rights and how those rights may affect and be affected by the rights of other students and shall address specific subjects related to the student's access to facilities and to academic or educational support programs, services, or activities, including, but not limited to, sports and other competitive endeavors. In addition, the compliance officer shall identify specific school site employee(s) to whom the student may report any problem related to the student's status as a transgender or gender-nonconforming individual, so that prompt action can be taken to address it. Alternatively, if appropriate and desired by the student, the school may form a support team for the student that will meet periodically to assess whether the arrangements for the student are meeting the student's educational needs and providing equal access to programs and activities, educate appropriate staff about the student's transition, and serve as a resource to the student to better protect the student from gender-based discrimination.
4. **Accessibility to Sex-Segregated Facilities, Programs, and Activities:** When the district maintains sex-segregated facilities, such as restrooms and locker rooms, or offers sex-segregated programs and activities, such as physical education classes, intermural sports, and interscholastic athletic programs, students shall be permitted to access facilities and participate in programs and activities consistent with their gender identity. To address any student's privacy concerns in using sex-segregated facilities, the district shall offer available options such as a gender-neutral or single-use restroom or changing area, a bathroom stall with a door, an area in the locker room separated by a curtain or screen, or use of the locker room before or after the other students. However, the district shall not require a student to utilize these options because the student is transgender or gender-nonconforming. In addition, a student shall be permitted to participate in accordance with the student's gender identity in other circumstances where students are separated by gender, such as for class discussions, yearbook pictures, and field trips. A student's right to participate in a sex-segregated activity in accordance with the student's gender identity shall not render invalid or inapplicable any other eligibility rule established for participation in the activity.
5. **Student Records:** A student's legal name or gender as entered on the mandatory student record required pursuant to 432 shall only be changed with proper documentation. When a student presents government-issued documentation of a name and/or gender change or submits a request for a name and/or gender change through the process specified in Education Code 49070, the district shall update the student's records.
6. **Names and Pronouns:** If a student so chooses, district personnel shall be required to address the student by a name and the pronoun(s) consistent with the student's gender identity, without the necessity of a court order or a change to the student's official district record. However, inadvertent slips or honest mistakes by district personnel in the use of the student's name and/or consistent pronouns will, in general, not constitute a violation of this administrative regulation or the accompanying district policy.
7. **Uniforms/Dress Code:** A student has the right to dress in a manner consistent with the student's gender identity, subject to any dress code adopted on a school site. [BP 5145.3 June 2020; EC 200-262.4, 48900.3, 48900.4, 48904, 48907, 48950, 48985, 49020-49023, 49060-49079, 51500, 51501, 60044; 5 CCR 432, 4600-4670, 4900-4965; CC 1714.1; GC 11135; PC 422.55, 422.6; 20 USC 1681-1688; § 504; Title VI; Title VII; Title IX; 42 USC 12101-12213, 6101-6107; 28 CFR 35.107; 34 CFR 100.3, 104.7, 104.8, 106.8, 106.9, 110.25, 99.31]

■ Sexual Harassment

The Board of Trustees is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action

against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages students who feel that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 5145.71 – Title IX Sexual Harassment Complaint Procedures or BP/AR 1312.3 – Uniform Complaint Procedures, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 5145.71 concurrently meets the requirements of BP/AR 1312.3.

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing it on the district's web site, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even when the alleged victim of the harassment has not complained

4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues
8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation

Disciplinary Actions

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

In accordance with law and district policies and

regulations, the Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools. A student or parent/guardian who believes that the student has been subjected to sexual harassment by another student, an employee, or a third party or who has witnessed sexual harassment is strongly encouraged to report the incident to a teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Within one school day of receiving such a report, the principal or other school employee shall forward the report to the district's Title IX Coordinator. Any school employee who observes an incident of sexual harassment involving a student shall, within one school day, report the observation to the principal or Title IX Coordinator. The report shall be made regardless of whether the alleged victim files a formal complaint or requests confidentiality.

When a report or complaint of sexual harassment involves off-campus conduct, the Title IX Coordinator shall assess whether the conduct may create or contribute to the creation of a hostile school environment. If the Title IX Coordinator determines that a hostile environment may be created, the complaint shall be investigated and resolved in the same manner as if the prohibited conduct occurred at school.

When a verbal or informal report of sexual harassment is submitted, the Title IX Coordinator shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with applicable district complaint procedures.

Complaint Procedures

All complaints and allegations of sexual harassment by and against students shall be investigated and resolved in accordance with law and district procedures. The Title IX Coordinator shall review the allegations to determine the applicable procedure for responding to the complaint. All complaints that meet the definition of sexual harassment under Title IX shall be investigated and resolved in accordance with AR 5145.71 – Title IX Sexual Harassment Complaint Procedures. Other sexual harassment complaints shall be investigated and resolved pursuant to BP/AR 1312.3 – Uniform Complaint Procedures.

If sexual harassment is found following an investigation, the Title IX Coordinator, or designee in consultation with the Coordinator, shall take prompt action to stop the sexual harassment, prevent recurrence, implement remedies, and address any continuing effects. [AR 5145.7 November 2020]

DISTRICT FACILITIES

■ Management Plan for Asbestos-Containing Material

Parents and staff in District programs are notified

annually of asbestos findings in the site where programs are operated. An inspection conducted by U.S. Environmental Protection Agency-accredited inspectors at San Juan School, 100 Nyland Drive, San Juan Bautista, CA 95045, identified those areas of asbestos-containing building materials (ACBM) having the potential for release of asbestos fibers (i.e., friable ACBM). However, none of these areas were found in locations normally occupied by students or faculty. All asbestos was removed during the renovation project. The Asbestos Management Plan is available for your use at the District Office. [40 CFR 763.93; ne]

■ Lead Poison

The district website has information about lead poisoning, including risks and effects of childhood lead exposure; blood lead screening tests for children enrolled in Medi-Cal; recommendations for children not enrolled in Medi-Cal who are at high risk of lead exposure and blood lead screening tests as required. The District will handout information to parents of district childcare or preschool programs. [HSC 105286]

■ Pesticide Use

The District is not planning to use any pesticide products at school facilities this school year. Should the District find that it does need to use any pesticide products, parents will receive identification of the products that includes the name, active ingredient(s), and date and location of application. Only fully certified pesticides can be used on school grounds. The identification includes the name and active ingredients. The school's Integrated Pest Management Plan (IPM) is updated by July 1 each year. The IPM, pesticide names and active ingredients, and application dates (if any) are posted on the school and/or district website at www.asjUSD.k12.ca.us.

Parents and guardians may register with the school or district if they wish to receive notification of pesticide applications at a particular school or facility. Notice of an application and written notice of unlisted pesticide use will be given 72 hours in advance. For an emergency application, 72 hours notice will be the goal. Each area of the school where pesticide is being used will be identified by a posted warning 24 hours before (or upon application, if an emergency) through 72 hours after use. Further information is available from the California Department of Pesticide Regulation, P.O. Box 4015, Sacramento, CA 95812-4015, www.cdpr.ca.gov. [EC 17610.1, 17612, 48980; FAC 13184]
