

TRANSPORTATION

No student shall be required to be transported for any reason without the written permission of the student's parent/guardian, except in emergency situations involving illness or injury to the student. (Education Code 35350)

Means of Transportation

To provide transportation services, the Board of Trustees may purchase, rent or lease vehicles; contract with a common carrier or municipally owned transit system; contract with responsible private parties including the parent/guardian of the student being transported; and/or contract with the County Superintendent of Schools. (Education Code 35330, 39800, 39801)

In contracting for transportation services, the district shall comply with all applicable laws related to bids and contracts. (Education Code 39802- 39803)

(cf. 3311 - Bids)

(cf. 3312 - Contracts)

In lieu of providing transportation in whole or in part, the district may authorize the transportation of students by parents/guardians who may be reimbursed for transportation of eligible students at the Internal Revenue Service (IRS) reimbursable rate whenever such practice is more economical or convenient and the district enters into written agreement with the parent/guardian prior to the transport occurring. The amount of the payment shall not exceed the cost that would be incurred by the district to provide for the transportation of the student to and from school. (Education Code 39806-39807)
