August 10, 2021

Dear Washington-Nile Local School District Community:

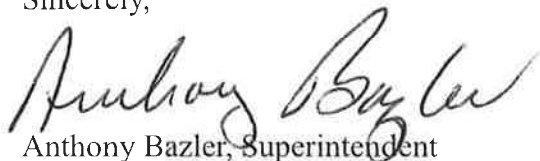

I am writing to inform you that an employee that works at Washington Nile Local School District has recently had close contact with an individual who has tested positive for COVID-19. The staff member is self-quarantining at home, has displayed no symptoms and has not tested positive for the virus. Due to privacy laws, we cannot disclose further information about the employee. Whenever a person has recently had close contact with a person with COVID-19, they must quarantine and may not return until they meet the CDC's criteria for return to work-which currently provides that the individual should stay home for 10 days after his/her last contact with person who has COVID-19.

The local health department has been notified of this situation. Based on guidance from the health department and other agencies, the buildings/classrooms have been deeply sanitized and they have not been closed. District employees and students should continue to follow CDC guidelines and recommendations, and should continue to practice social distancing.

As a precaution, we encourage you to monitor your health, follow CDC guidelines, and contact your doctor if you develop COVID-19 symptoms.

The District is continuing to monitor this situation. We will provide additional information when permissible. We hope our employee remains well.

Sincerely,

Anthony Bazler, Superintendent
