From the Principal's Desk

I am extremely excited to join the Limestone family and to serve the greater Limestone community. I am grateful for the opportunity and humbled to be entrusted with helping to provide the greatest education possible for our students.

I would like to take this opportunity to briefly introduce myself. In 2005, I graduated Eureka College with a Bachelor's Degree in Secondary History Education and began working in the Illini Bluffs CUSD #327 school district.

During my first ten years in education, I taught history, health, and ELA courses and obtained a Master's Degree in School Improvement Leadership from Olivet Nazarene University. I also had the opportunity to coach basketball, track, and golf. In 2015, I transitioned to the role of principal at Illini Bluffs High School. My seven years as principal, as well as my continued education experiences in the doctorate program at Western Illinois University, have bolstered my capacity to lead a culture of continuous improvement.

I am excited to meet students and their families, and to partner together to ensure student achievement. At Limestone, we are committed to helping each student discover their passion and use it to develop a pathway to success after high school. I appreciate the incredible support of faculty, staff, and stakeholders and I look forward to an amazing 2022-2023 school year.

Sincerely,

Keith Brown,
Principal
Limestone Community High School

Class of 2023

From the Superintendent's Desk

As if it just began, another summer is drawing to a close. However, it is with great anticipation and excitement that Limestone Community High School will officially begin on August 17, 2022. On that note, on behalf of the Board of Education, the administration, faculty, and staff, welcome to the 2022-2023 school year.

As we enter into this new school year, our building is receiving some much needed renovation and improvements. Our newly renovated band and choir rooms and our newly constructed band room will be ready and awaiting our students and staff in August. We are so very excited to provide these new renovations and facilities for our vocal and instrumental students. In addition, we have installed a new main boiler, which will heat the majority of our building in a more modern and efficient manner. We will also have new roofing over much of our building as we begin the year. Students and staff will also notice that our air conditioning project is ongoing. We will see the signs of this work still in progress as we begin the year. Many parts of our building still will have exposed ceilings, piping, and ductwork in several of our classrooms. As I have communicated before, this project will not be completed when we return to school in August, but I am happy to report that much of the infrastructure will be in place enabling the project to be completed in the summer of 2023, and we will have air conditioning for the following school year.

The past two years have been a challenge for all of us. We are anticipating a return to a much more normal educational practices this year. We will still need to be mindful and vigilant of Covid-19 and continue to do the common sense things to guard against its spread such as hand washing and staying home when we are exhibiting symptoms. However, I know that we are all looking forward to getting back to a traditional school year in its entirety.

Limestone Community High School is committed to ensuring that each and every student in our charge is offered the best opportunities for learning and growth. Over the past several years our school has invested much time and energy to assessing each of our students to ensure they are growing academically and learning. With the continuation of local assessments, as well as the universal screening tool MAP, and Rocket Academy, we are taking a close look at every student's individual educational needs and striving to meet those individual needs. Limestone Community High School is committed to moving our teaching and learning by focusing on 21st century practices including communication, collaboration and teamwork, creativity and imagination, critical thinking, and problem solving. As such we have prioritized grant dollars to the continued purchasing of Chromebooks and Limestone is happy to provide each of our students with their own Chromebook for their learning experiences. We continue to offer professional development to our teaching staff and share ideas on best practice teaching strategies as they relate to the utilization of technology.

As always, a new school year brings a new beginning and new opportunities for all our students. It is a chance to begin a new chapter in your student's education in high school or simply a chance to start anew. Take advantage of the many opportunities available to the students of Limestone Community High School. I encourage each and every student to be involved in a variety of the co-curricular programs available. These programs range from athletics, fine arts performances, to clubs and service organizations. I also encourage parents to become an active participant in their child's daily endeavors at school. Ask about the activities that took place during the school day and encourage participation in course work and co-curricular activities. Together we can make this school year the best yet for our students.

I promise that the administration, faculty, and staff will work with you in your child's education. We all desire the same things for our children. By working together, we can prepare our children with the educational foundation necessary to be lifelong learners and meet the challenges and adventures of the 21st century.

Sincerely,
Dr. Allan Gresham,
Superintendent

Business Office

The Business Office houses all district-level administration and is responsible for all financial aspects of the district. For students and parents, the Business Office handles lunch account and student fee management payments; the Business Office is also responsible for processing all free/reduced lunch applications. For our staff, the Business Office is responsible for all human resource needs.

Please contact or visit the Business Office with comments, concerns, or questions regarding your student's lunch or fee management account.

**Please direct
questions about
student fees and
lunch accounts to
Dr. Denise Ryder.**

2022-2023 Registration Fees

Limestone District 310 collects book fees on a flat fee basis; this fee covers textbook and online curriculum materials. The 2021-2022 fee is \$125 per year, which can be paid on a yearly basis or \$62.50 per semester. The yearly fee for the second child of a family is \$100 and \$75 per year for each additional child in the family. The semester charge would be half of these rates. The flat fee includes books, participation in music (other than extracurricular trips) and sports activities, general classroom equipment, and specific classroom supplies. Driver's Education fee is \$125 for the Behind the Wheel portion of the course. As stated, textbook rental is included in the flat fee, but each text becomes the responsibility of the student. If a textbook is lost or damaged, an additional cost will be assessed to the student for repair or replacement. The flat fee does not include insurance, admission to school activities, stock and material for student projects in IT, art, and family and consumer science classes, yearbook purchases, hallway or PD replacement padlocks, class rings, senior graduation fees, or other specific student fees. Insurance premium information will be enclosed in the Summer Edition of the Rocket Review and also available on the LCHS website. Certain classes may require the purchase of a workbook, subscriptions, or material that students will keep at the end of the course. Specific course fees are listed.

Fee Waiver Eligibility

Parents may be eligible for a waiver of lunch costs and some registration fees if they receive SNAP/TANF benefits and/or gross household income is under Federal guidelines for free or reduced lunches. Families who are typically directly certified for food benefits through the State will receive a mailing from Limestone District 310 in early July. If you do not receive a letter from Limestone directly certifying your student's meal benefit, you are required to submit a new application at the beginning of each year. Additionally, since LCHS is a separate district from the feeder grade schools, we require families complete a separate Household Eligibility Application form. For speed and accuracy of processing, applications may be completed online through Skyward Family Access at any time. Household Eligibility Applications are available electronically for download from the LCHS homepage or in paper format from the LCHS Business Office. Paper applications should be returned to the Business Office only so that they may be processed quickly. A la carte items in the café or snack bar lines are not covered by the free/reduced lunch program; students may pay for these items by depositing money into their lunch accounts. Alternatively, Household Eligibility Applications, which when approved will waive Book and Driver Education Behind the Wheel Fees, are available on our website after July 1, 2021. Completed applications should be submitted to the Assistant Superintendent, Denise Ryder, in the LCHS Business Office. Fee waivers do not apply to elective course fees as outlined in the Course Fee section of this publication.

General and Course Fees

Many non-required courses have fees involved. If students sign up to take one of these courses, they will be responsible for the additional fees. These fees should be paid during registration.

Book Fees

First Child - \$125
Second Child - \$100
Any Additional Child - \$75

Technology Fee

\$25 per year (Students who pay their technology fee all 4 years will keep their Chromebook upon graduation.)

Padlock for Hallway Locker

\$6 new; \$3 used

2023 Amulet Yearbook

\$55

Parking Permit

\$20 per semester
(Juniors & Seniors only)

Lunch Account parent's discretion

Physical Development

T-shirt with padlock rental \$5
Students are required to purchase a school issued t-shirt for physical development (PD). Students will be issued a padlock by their PD teacher; this lock must be returned at the conclusion of the class. Any lock that is lost, stolen, or damaged must be replaced by the student at a \$5 fee.

Early College Courses

(billed through the LCHS fee management system for the 2022-2023 school year) Early College Course (ENGL 110, ENGL 111, POLC 115, WELD 121, WELD 122, WELD 131, WELD 135, WELD 141): \$50 tuition fee for each course; waivers available based on free-reduced lunch status

MATH 110 course fee dependent on total number of students enrolled in program; responsibility of student; no waivers available

CNA and EMS, Fire Science certification: course fee dependent on total number of semester hours in program; misc fees (background check, uniform, state exam fee, etc.) responsibility of student; no waivers available.

Lunch Account Information

Value meal prices for the 2022-2023 school year will be \$2.05 for breakfast and \$3.05 for lunch. The breakfast and lunch "value meals" include the USDA's 5 required components of grains, meat/meat alternative, vegetables, fruits, and dairy. LCHS offers a la carte items in addition to the standard value meals at an extra price. The LCHS menu provides information on value meal and a la carte offerings each day. A complete listing of items served and their prices, as well as the lunch menu, can be found in the "For Students" section of the LCHS website.

All students are required to scan their identification card barcode in the lunch line for purchase of a la carte items. The cost of a la carte items will be electronically deducted from each student's account balance. All students will receive their 2022-2023 ID cards on the first day of school. If a student should lose his/her ID card, the loss should be reported immediately to the Deans' Office. The cost to replace a student ID card is \$6 including lanyard.

Positive and negative balances from last year's lunch account have been carried forward to begin the new school year. Parents are asked to contribute to a student's lunch account at summer registration so that a balance exists when lunch begins on Wednesday, August 17, 2022. We encourage parents to discuss with their children the amount of money deposited into their lunch accounts and emphasize that they should not share their ID cards with friends. Students will be denied a la carte purchases if there is not enough money on their account to cover the purchase.

Lunch Money Deposits

The Business Office is responsible for several financial aspects of student life at Limestone Community High School. Initially, this office is responsible for student fee collection (payment of book fees, course lab fees, padlocks, t-shirts, etc.) during the registration process. The Business Office is responsible for processing all lunch account deposits, whether it be cash or check, throughout the school year. For accuracy of processing, please make a note of the student(s) name in the memo line if a check payment is made in the Business Office. As a convenience to parents, Skyward's Family Access Food Service link may be used to check lunch account information (purchases and payments). Fee payments and online lunch deposits are accepted through this portal via credit card (Visa, MasterCard, and Discover); all credit card transactions will be assessed a 3% surcharge of the total transaction fee. Daily lunch deposits must be received in the Business Office or processed online by 10:50 a.m. to be reflected on the student's lunch account for the day.

Principals' Office

The Principal's Office is responsible for curriculum and instruction, Skyward Student Management, school improvement days, and professional development of staff. The mission of the Principal's Office is to promote educational success by serving teachers, students, and parents.

Please contact or visit the Principal's Office with comments, concerns, or questions regarding your child's teachers.

Academic Assessments

LCCHS administers mid-term and semester assessments in all courses to gather important data about progress and learning. Final academic assessments will count as 20% of the semester grade. The mid-term assessment will be a separate grade.

Students who do not take the assessment on the scheduled test dates will be subject to the provisions of the Board Policy on student attendance.

Those whose absences on assessment days are deemed excused by school administrators will be permitted to make up the assessment(s) as prescribed by the attendance policy.

Students whose absences are deemed unexcused by school administrators will receive a 10% penalty. All term assessments must be completed no later than one week after the originally scheduled assessment date.

Special education students are required to take academic assessments unless exempted in their Individualized Education Plan. Accommodations will be administered for both mid-term and final assessment.

The administration will consider extenuating circumstances that may prohibit a student from taking academic assessments on an individual basis.

MAP Testing

A student's academic growth is the essence of education. To help measure the academic growth in math and reading of all our students, MAP testing is conducted during high school. Freshmen through juniors are tested at the beginning of each semester. Students receive their test scores immediately and are able to monitor their own growth. It is essential your student gives his/her best effort during each test to truly measure whether he/she is learning and growing academically.

MAP testing will be held on September 8th & 9th.

Rocket Academy: Advocating For All

Rocket Academy (RA) is an academic advisement period that meets each day serving as an avenue for the Response to Intervention (RtI) process. Its mission is to provide LCHS students with structured support that enhances academic, social, and behavioral success.

By developing relationships with their RA advisors, students have another staff member supporting them. Advisors conduct weekly grade checks. If a student's grades drop, the advisor will act as a facilitator between the student and the classroom teacher. Students are also

able to receive tutoring services in the Math Lab, English Lab or with individual teachers during Rocket Academy. Students may also make up tests in our Testing Lab. This year RA will meet 4th hour.

Automated Notification System

Limestone's automated email and telephone notification systems by School Messenger and Apptegy contact parents about student attendance and discipline, important school activities, weather-related cancellations, and emergency situations.

The system automatically phones parents of any student marked tardy to one or more classes or parents who have not contacted the school regarding their student's absence on that school day. Phone calls are made between 5 PM and 7 PM, except in the case of inclement weather when cancellation notifications will be made beginning at 6:15 AM.

It is important all phone numbers and email-addresses are kept accurate and up-to-date. Please contact the registrar (697.6271 x1423) with any changes to contact information on a timely basis.

Skyward Family Access

Access your student's information online with Family Access!

Q: What is Family Access?

A: A way for parents/guardians to check their students' records and communicate with teachers.

Q: What records can parents/guardians access?

A: Through Family Access, you can check your student's attendance, schedule, food service account, discipline, grades, and student information. Now with a credit card, parents/guardians can add money to their student's lunch account.

Q: How do parents/guardians access this information?

A: Click on the "Skyward Access" link on the bottom of the LCHS homepage, and click on the "Family and Student Access" link. Log in using your USER NAME and PASSWORD included in the registration materials mailed in June.

Q: What if I can't login?

A: Call Limestone at 697-6271 between 7:15 AM and 3:30 PM, and our office staff will be glad to assist you.

Random Drug Testing

Limestone will conduct random drug testing throughout the year. The program serves as a proactive approach to assist students in making healthy choices. A complete copy of this policy was included with the online registration forms and can be found on the district website so that parents and students alike can better understand the consent documents for student participation in extracurricular activities or parking in a district parking lot. Both parents and students must consent to random drug testing. Testing will be conducted professionally and confidentially.

During the school year, questions regarding this program can be directed to Assistant Principal Brian Clausen.

Find Valuable Information Online

Sometimes important information doesn't make it home. Access the LCHS homepage at www.limestone310.org for important district information. Via the website, families can find the all-school Google calendar, which includes dismissal times, athletic and academic events, field trips and meetings.

Additionally, parents/guardians can monitor their students' progress, attendance and lunch account balances through Skyward, also found on our website. A Skyward app is also available for download in cell phone app stores.

LCHS Student Handbook

A copy of the Student Handbook is also available on the LCHS website, www.limestone310.org. If a parent would like a paper copy of the LCHS Student Handbook, a request can be made in the Deans' Office.

Student Services Office

Katie Nimtz
Counselor

Jayshree Panchal
Counselor

Billy Weeks
Counselor

TBA Counselor

Linda Tucker
Social Worker

Nancy Scott
Registrar

Dawn Hess
Records Clerk

The Student Services Office, formerly Guidance Office, is committed to helping students succeed academically and achieve their full potential during their school career. Helping students transition from middle school as well as preparing them for the transition post-high school is the office goal. It is important for students to maintain a close relationship with their counselor. Students are able to make appointments to see their counselor. Likewise, parents are welcome to call their student's counselor to set up appointments, discuss concerns or simply to touch base.

When Can Counselors Help?

- When you need information regarding grades, class rank, or cumulative records
- When you need help in finding out how to study for a particular school subject
- When you need assistance regarding college financial aid
- When you require assistance in filling out job applications
- When you are having difficulties with personal relationships
- When a personal problem prevents you from concentrating in class or causes unhappiness in your school life
- When you need support with decision making
- When you need a safe space to speak with someone no matter what is going on in your life

Releasing Student Information

As is often the case for recognition of student achievement, Limestone may release personally identifiable information regarding students.

Parent/Guardians may prohibit by request such a release regarding their child/ward. Directory information shall be limited to the following: name, address, gender, grade level, birth date and place, parents'/guardians' names and addresses, academic awards, degrees and honors, information in rela-

tion to school-sponsored activities, organizations and athletics, major field of study, and period of attendance in school. Public high schools are required to provide military personnel with names and addresses of requested students. Parents may prevent the release of their student's information by submitting that request in writing to the Student Services Office.

Grievance Procedure for Disabled Students

The following grievance procedure is to be used by disabled students who believe they have a concern regarding their disability:

1. A student shall present the complaint to the Section 504 Coordinator, Mrs. Stephanie Decker.
2. The Section 504 Coordinator shall investigate and attempt to resolve the complaint within five working days.
3. If a solution does not occur at this level, the student may present the complaint to the Superintendent, who shall determine the matter within five working days.
4. If a solution does not occur at this level, the student may within five working days present the complaint to the Board of Education, who shall consider the matter at its next regularly scheduled meeting.

Credit Recovery

Credit Recovery is a program that is available for students throughout the school year. Because every class counts towards graduation in high school, Limestone Community High School offers the online APEX program to assist students recovering credit for failed classes. It is important for students to recover these classes as quickly as possible so that they can stay on track for graduation.

- To be classified a 10th grader a student must earn 5 units of credit.
- To be classified a 11th grader a student must earn 10 units of credit.
- To be classified a 12th grader a student must earn 16.5 units of credit.
- To be eligible to graduate a student must earn 23.5 units of credit.

The goal of Credit Recovery is to give high school students the opportunity to graduate in a timely manner. Credit Recovery is a program that offers students the opportunity to make up credits due to course failures. This is an independent, online program supervised by the APEX Coordinator who is available for assistance. Courses are self-paced with no direct instruction from a teacher. Students may only take one course at a time.

Any student failing one or more courses or who is not on track for graduation should see their counselor to apply for the Credit Recovery program.

Moms Who Care

Moms Who Care is just that: a group of moms who come together to provide essentials to the students of Limestone—for free. These essential items include personal items, clothes, snacks, and school supplies. The Moms Who Care group focuses on students who, for whatever reason, do not have the resources to access essential items.

The program, which has run entirely on donations from community members and organizations, has outfitted students with backpacks, new and used college hoodies, jeans, and shower gel to name just a few. In addition, volunteers have forged a relationship with the Midwest Food Bank to provide nutritious items to our students. The “Moms” organize all the donations and hold two distribution days per month from the Moms Who Care room, with each student invited to “shop” once a month.

Students who received services last year will continue to be invited to “shop.” Students needing assistance from the MWC should see their counselor. Parents and guardians who would like their students to be included in the program can begin by contacting one of the counselors.

Teachers and support staff members, who themselves often donate, also have the opportunity to refer students to the program throughout the school year. Limestone continues to be extremely grateful to our Moms Who Care volunteers and the entire community for making this outreach opportunity possible.

Interested in donating? Contact [Moms Who Care: Limestone Community High School](#) on Facebook.

For full details on graduation requirements, please see the Student Handbook.

Deans' Office

The Deans' Office provides a variety of student services including the handling of discipline, ID cards, parking permits, locker assignments, and transportation. Attendance, including permits to leave (for appointments during the school day), tardies, and trancies, is taken care of by the Deans' Office.

Safety Initiative Updates

Visitor Badges

Upon entering the building, visitors will be asked to present a valid state-issued ID, which will be scanned into the Raptor system which will check to ensure that registered sexual offenders are not entering our building. The system only scans the visitor's name, date of birth and photo for comparison with a national database of registered sex offenders.

Student Entrance

Students who ride the bus to school will continue to be dropped off in the main student parking lot. All students are to enter the building through Entrance 19, the cafeteria doors off the student parking lot. All other doors are to be secured.

Book bag, Backpack, and Purse Policy

Book bags and purses are to be used to carry materials to and from school. They are not to be carried from class to class during the regular school day unless permission is granted by the administration for special circumstances or it is noted in a student's Individualized Education Plan (IEP).

Attendance Reminder
Please make attendance calls by 10 AM each day so that your student can be properly marked absent.

Student ID Card Policy

While on Limestone's campus, from arrival to departure, all students must wear their own school-supplied ID and lanyard around the neck, on the front side of their body and on the outside of their clothing. The ID must be clearly visible at all times. For safety reasons, any other ID's, keys, or other items should not be worn on the ID or lanyard. **Forgotten or lost ID:** Students who forget or lose their ID must take immediate action to obtain a valid ID. Penalties will apply as outlined below. **Temporary ID:** A student may obtain 2 free temporary IDs each semester. All temporary IDs must be visibly displayed on the upper left side of the chest, immediately below the left shoulder. Once the semester's 2-temporary limit is reached, students must purchase a new ID each day they report to school without a valid ID.

Violations: Violations of the ID policy will include but are not limited to:

1. Not wearing ID, forgetting it at home
2. Wearing an other ID (work ID, another student's ID)
3. Defacing the ID
4. Tardy to class because of getting new ID

Consequences Update

1st infraction=Warning
2nd infraction =Warning
3rd infraction =Meet with Dean, reflective writing, parent contact.
4th infraction=Detention
5th infraction=Saturday Detention
6th infraction and every other after=1 day of ISD

Replacement Costs: Students will be required to purchase a replacement ID at the cost of \$5.00 and a school lanyard for \$1.00.

Policy Updates and Reminders

A complete listing of policies for students may be found at the beginning of the student planner or are accessible from the Limestone homepage.

Electronic Device Policy

. During all classes, including Rocket Academy, cell phones, and other electronic devices, including but not limited to, headphones, earbuds, AirPods, and smart-watches **are to be off and left out of sight** in a purse or pocket unless directed by staff. The use of cell phones and only one headphone or earbud or AirPod will be allowed between classes and during lunch. Disruption to instruction as a result of these devices, including but not limited to texting, talking on the phone or phone ringing, or taking pictures/video and gaming are prohibited. The use of an electronic device to cheat will be addressed under the policy for cheating.

Behavior & Disciplinary Action:

Level 1: Use of electronic devices without teacher permission in the classroom including but not limited to: cellular devices, Mp3 Players, CD players, electronic gaming devices, digital cameras, digital video recorder, headphones, earbuds, AirPods, etc.

Level 2: Continuation of Level I violations.
Dean confiscation of an electronic device and returned to the student at the end of the day.

Level 3: Continuation of Level II violations.
Dean confiscation of an electronic device and return to parent/guardian. Cell Phone Contract.

Social Suspension Contract

Social Suspension is one in which a student is not allowed to attend school functions during the school day and outside of the regular school day. These functions include, but are not limited to: Food Fair, assemblies, school dances, sporting events, fine art performances, or other school sponsored events.

Actions that may result in a social suspension include, but are not limited to:

1. Outstanding discipline not served
2. Failure to serve two or more Saturday detentions
3. Major infraction and/or suspension of at least five days
4. 10 (ten) days of unexcused absences
5. Two or more times in ISD per semester
6. Inappropriate behavior at a school event
7. Being in the building after-school hours without permission
8. Failure to serve detentions

A Social Suspension contract will be initiated by the Deans' Office. The length of the contract will be determined by the Deans' Office and may include up to a full year. Failure to comply with the Social Suspension will result in further discipline.

Tobacco/Nicotine/Vaping

Smoking or chewing, or being in possession of tobacco or other nicotine products, including but not limited to, electronic cigarettes (Juul, pods, vape pen) on school grounds is not permitted. Students receiving a consequence for tobacco/nicotine will be required to partake in a class on understanding the hazards of smoking or vaping as well as receive a Level III consequence, and receive a citation with a monetary fine from the Bartonville Police Department.

Dress Code

Students may not wear clothing or hairstyles that can be hazardous to them or to others in school activities such as industrial arts, physical development, lab work, food preparation, etc. Clothing which prevents a student from doing his/her best work because of blocked vision or restricted movement will not be allowed. Unusual clothing styles which tend to disrupt, distract, or diminish the disciplinary control of the teacher is not permitted. Such styles include but are not limited to:

1. bizarre, outlandish, or inappropriate clothing or footwear including but not limited to bedroom slippers, and blankets
2. hats, caps, scarves, handkerchiefs, or head coverings of any type, outer jackets, coats, gloves, spikes, or chains
3. clothing which displays inappropriate words or pictures such as sexual, vulgar, drug/alcohol, tobacco or tobacco product insinuations
4. clothing which fails to meet standards of modesty and decency include, but are not limited to:
 - A. clothing that does not cover the body from shoulder to mid-thigh;
 - B. tops with spaghetti straps or similarly thin straps, bare backs, razor backs, halter tops and low-cut tops are not permitted and all tank top straps must be the width of the short side of the student I.D.
 - C. undergarments must be covered at all times
 - D. no short skirts, short dresses, or short shorts will be permitted.
5. failing to wear some type of footwear at all times
6. clothing styles indicating gang or secret society affiliation
7. clothing that shows disrespect to any racial or ethnic group or promotes any racial or ethnic group at the expense of others
8. athletic equipment issued to a student athlete or cheerleading equipment issued to a cheerleader may not be worn in or out of school except at direction and approval of the athletic director.

Personal Valuables

To reduce the risk of loss and theft, students are encouraged to leave personal valuables and large amounts of cash at home. This action will help reduce the risk of loss and theft. Students are required to purchase locks for their lockers, and students are not allowed to share lockers or combinations with others. Theft of personal belongings has not occurred when students keep their personal belongings locked in their assigned lockers, either in the hallway or in the locker rooms.

Parental Request Absence

Absences for parental requests, such as hair cuts, job interviews, or taking the car in for repairs, are considered unexcused absences. Parents are encouraged to make sure students are not missing any academic classes. If necessary, these absence requests should be made by contacting the Deans.

Absence Reporting

A parent/guardian of an absent student is to call the attendance clerk on the day of absence prior to 10:00 AM stating the reason for the absence by calling 697-6271 and pressing 2 for the attendance clerk. Failure to do so may result in an unexcused absence or truancy. If documentation for your student's absence is available from a doctor, dentist, or judge, please send a copy of it to school with your student.

Know the Facts

- Research shows that attendance is an important factor in Student Achievement (National Center for Education Statistics)
- By ninth grade, attendance was shown to be a key indicator significantly correlated with high school graduation. (National Center for Education Statistics).
- When students improve their attendance rates, they improve their academic prospects and chances for graduating. (Attendance Works)

How to Help

- Schedule appointments, if possible, after school
- Call the school at the start of the day, if your child will be absent or tardy
- Send any documentation you receive from the doctor to school
- Help us get your student here on S.I.P. days. When they miss these days, they miss 8 periods, or a full day of school.

Permits to Leave

If a student needs to leave school during the normal school hours, he/she must bring a note signed by a parent or guardian to the Deans' or Student Services Office before the beginning of the school day. The note must include the student's name, the reason for the excuse, and the time he/she is to be dismissed.

If a student needs to leave school during normal school hours in an emergency, he/she must contact the school nurse (medical emergency) or the Deans (non-medical emergency) who will contact parents for permission. A parent or guardian must be contacted and permission given before the student will be allowed to leave the building. Any student who leaves school without a permit to leave may be considered truant and disciplined accordingly.

Transportation

First Student bus company will transport bus riders to and from school. In an effort to efficiently utilize tax dollars, bus routes are dependent on ridership. Limestone currently has eight buses to transport students to and from school daily. In some cases, the bus may seem crowded, however, at no time will the bus exceed its legal capacity as regulated by the state. Please be advised that because bus routes cover the entire district that student ride times will be longer than those of our feeder districts. To reduce ride times, Limestone and First Student worked together to serve students on bus routes who will be utilizing the bus regularly. Students who anticipate using the bus rarely or in emergency situations have not been assigned a bus; however, in an emergency situation any student with a valid Limestone identification card at a Limestone bus stop will be transported to or from school. Temporary riding changes due to such things as going home after school with a friend are handled by contacting the Deans' Office before the end of the school day. Any questions about regular bus routes should be directed to the Deans' Office. All busing for students with special needs is facilitated through Dr. Denise Ryder in the Business Office.

Student Parking

There is no guaranteed or reserved parking. Parking is on a first-come, first-served basis. Cars without a valid displayed parking permit stickers or illegally parked can be ticketed or towed at the discretion of school officials. Please note, there may be activities at LCHS during the school day which may result in students parking at alternative sites.

The south parking lot (by the cafeteria) is for juniors and seniors holding a valid parking permit which costs \$20 per semester due to future construction. Any junior, senior, or sophomore may park in the N. T. Endsley Sports Complex parking lot free of charge, but students will need a separate permit for this. These permits can be picked up in the Dean's Office. Parking permits are not to be transferred or used by another student. All cars parked on Limestone Community High School property are subject to search and seizure procedures as established by the Board of Education.

Health Center

Michelle Genovese, RN BSN
School Nurse

Class of 2026 Physical Exam & Immunization Requirements

The Illinois State Board of Education requires all incoming 9th grade and new students entering Limestone High School to have the following health-related (physical and immunization) requirements on file **prior to the first day of school.**

Dental Examination

Physical Examination (State of Illinois Certificate of Child Health Form)

Complete immunization records including:

DTP/DTap (4 doses)
IPV/OPV (3 doses)
MMR- Measles, Mumps, Rubella (2 doses)
Hepatitis B - HB (3 doses)
Varicella- Chicken Pox (2 doses)
Tdap - (1 dose)
MCV4

Class of 2023 Vaccination Requirement

The State of Illinois requires ALL INCOMING SENIORS to be vaccinated for Meningitis. The new law states:

All incoming 12th grade students to provide receipt of receiving two doses of Meningococcal Conjugate Vaccine (MCV4) at school entry; the 2nd dose being administered on or after their 16th birthday. If your student has never received a dose of Meningococcal Conjugate Vaccine (MCV4), only one dose will be required on or after their 16th birthday.

Please call your physician's office OR the Peoria County Health Department (679-6655) to schedule an appointment for your child's vaccination. Proof of the vaccine will be **required on the first day of school!**

Section 27-8.1 of the *Illinois School Code* requires that all students have a physical examination any time within one year prior to their entrance into kindergarten, or the 1st, 5th, and 9th grades. Further, any child transferring from a state where no examination was required must meet the provisions of the *Illinois School Code*. This examination shall be made by persons licensed to practice medicine in all its branches in Illinois or any other state. In addition to the physical examinations, every student entering the above mentioned grades shall be immunized against measles, rubella, diphtheria, poliomyelitis, and whooping cough. **THE SPECIFIC IMMUNIZATION DATES FOR THESE DISEASES MUST BE LISTED ON THE IMMUNIZATION FORM.** Although a dental examination is not required, the Board of Education strongly recommends that students obtain this exam. The Board of Education requires that students have on file in the school office their complete physical exam and immunization must be supplied on the official form as prescribed by the Illinois State Board of Education.

If the examination and immunization forms are not completed by August 17th, the student will be excluded from school until he or she is in compliance with the *Illinois School Code* requirements. The school nurse will check all health/immunization records of freshmen, sophomore, junior and senior students, making sure each student's immunization record is in compliance with the requirements of the state statute. If the immunization record is incomplete, you will receive in the mail a form asking for updated information which will bring your student in compliance with the law. Students planning to participate in athletics are required to have the "athletic permit" on the health examination checked by a physician before they may participate in any athletic program. The athletic validation is good for one year from the date of the examination. If students are going to continue to participate, the physical must be renewed annually.

What options are open to parents?

1. Obtain the necessary immunization records and examinations by physicians or health center of your choice.
2. Provide the Board of Education with an Illinois Certificate of Religious Exemption form which requires a healthcare provider's signature. This option does not apply to boys and girls participating in athletic programs. They must have a physical exam.
3. Request the Department of Public Health to provide your student with the necessary examinations/immunizations.
4. If, for medical reasons, one or more of the required immunizations must be given after October 1 of the current school year, a schedule of the immunizations and a statement of the medical reasons causing delay issued by the physician must be filed with us.
5. If the physical condition of a student precludes immunizations, the examining physician shall indicate the reasons on the health examination form.
6. The parent, of course, could choose not to comply with the law. Thus, the parent is choosing to prevent the student from attending school, and, subsequently, the parent would be held accountable for failure to comply with the compulsory attendance law as it relates to his or her student. We are notifying you of this state requirement and school procedure at this date so that you may make the necessary appointments for your child. We urge you to make these appointments at the earliest possible date so that your child will not face exclusion from school.

Athletic Office

Brian Clausen
Assistant Principal
Athletic Director

Lisa Jones
Athletic Director Secretary

The Athletic Office is your source for all information regarding athletic activities at Limestone High School. Please visit our website at il.8to18.com/limestone for information about all of our athletic teams, including stats and calendars.

Student Insurance

It is a parent's responsibility to make sure students are properly insured in case of injuries while participating in Limestone curricular, co-curricular or extra-curricular events. Limestone CHSD 310 is exempt from liability on injuries incurred while participating in all school activities including but not limited to athletic events, athletic camps, open gyms, and school-sponsored events or practices. If an injury occurs, the student should report the injury immediately to their teacher, coach, athletic trainer, or event sponsor. An accident report form should then be filed with the school nurse or athletic trainer. Voluntary student insurance is available through K & K Insurance; more information on voluntary student insurance is available on the LCHS website under the "For Families" tab.

Athletic Eligibility

The following are the requirements for participation, including tryouts, on all athletic teams:

1. Current physical
2. Signed Co-curricular code on file
3. Signed medical packet which includes:
 - ⇒ Emergency medical form
 - ⇒ Evidence of insurance (school insurance can be purchased)
 - ⇒ IHSA Substance Testing Policy
 - ⇒ IHSA Concussion Information Sheet
 - ⇒ Medical Privacy Act form
4. Signed consent for drug testing.

Getting Involved!

Student participation in co-curricular activities is key to making the most of an education at Limestone. Success in co-curriculars is a significant predictor of success as an adult. Limestone's fall competitive teams and clubs offer the opportunity to become involved as soon as the year begins. Please see Page 16 for fall information and listen to announcements on Rocket One to learn more about school sponsored athletics and activities throughout the year. For a complete list of these opportunities, visit the LCHS website.

Academic Eligibility

In keeping with the IHSA, Limestone's eligibility rules apply to all competitors and participants of co-curricular activities. All athletes' and competitors' grades will be checked on a weekly basis. An athlete or competitor must pass twenty-five credit hours (equivalent of five credit courses) per week. The Athletic and Activities Directors will monitor eligibility each week. Members of all athletic teams and student activities competing in IHSA contests fall under these eligibility requirements.

Technology Office

The technology office is responsible for the upkeep and maintenance of our district network. In addition, they will organize the distribution of student devices and their upkeep.

Introducing One to One Technology

The focus of the 1:1 Learning Initiative in the Limestone Community High School District is to provide tools and resources for the 21st century learner. The 1:1 Chromebook program will cultivate, foster, and support learning that reflects contemporary exchanges and interactions.

Jon Frederick
Network Specialist

Receiving a Chromebook

All students in grades 9-12 will be issued Google Chromebooks at the start of each school year for educational use in school and at home with proper paperwork on file. Limestone Community High School District retains sole right of possession of the Chromebook. Limestone Community High School District lends the Chromebook to the students for educational purposes only for the academic year. Additionally, Limestone Community High School District administrative staff and faculty retain the right to collect and/or inspect Chromebooks at any time, including via electronic remote access and to alter, add or delete installed software or hardware. Students will be issued the same Chromebook each year.

Returning a Chromebook

Students that transfer out of or withdraw from Limestone Community High School must turn in their Chromebooks, carrying case, and chargers/power adapters to the Library Media Center on their last day of attendance. Failure to turn in the Chromebook will result in the students being charged the full replacement cost (Chromebook, carrying case, and charger/power adapter). Unpaid fines and fees of students may be turned over to a collection agency along with restricting participation privileges at Limestone Community High School District events. The District may also file a report of stolen property with the local law enforcement agency.

General Precautions

Students are responsible for the general care of the Chromebook they have been issued by the school district. Chromebooks that are broken or fail to work properly must be taken to the Library Media Center as soon as possible to be evaluated. **District-owned Chromebooks should never be taken to an outside computer service for any type of repairs or maintenance.**

- No open food or drink should be next to Chromebooks.
- Cords, cables, and removable storage devices must be inserted and removed carefully.
- Chromebooks should not be used or stored near pets.
- Chromebooks should not be used with the power cord plugged in when the cord may be a tripping hazard.
- Chromebooks should be powered down when not in use to conserve battery life.
- Chromebooks must remain free of any permanent writing, drawing, paint, stickers, and labels.
- Heavy objects should never be placed on top of Chromebooks.
- Chromebooks should never be shoved into a locker or wedged into a book bag as this may break the screen.
- Do not expose your Chromebook to extreme temperatures or direct sunlight for extended periods of time. Extreme heat or cold may cause damage to the Chromebook.

Possible Issues and Fees

**One to One Technology
Parent Information**

See Principals' Office Parent Academy on the LCHS website

Topics includes: Policy, 4-year ownership plan, Use & Care, and Repair

Questions: Contact Jon Frederick, Technology Coordinator

Issue	Cost
Accidental Damage (1st Instance)	Covered
Accidental Damage (2nd Instance)	Up to \$25
Accidental Damage (3rd Instance and any additional)	Full cost of repair/ replacement
Loss or Theft	Possible replacement pending investigation
Students should immediately report all problems with Chromebooks. Damage may result in a fee.	

For complete information please see 1:1 Handbook available online.

Important Notices

PPRA Notice and Consent/ Opt-Out for Specific Activities

The Protection of Pupil Rights Amendment (PPRA), 20 U.S. C. 123h, requires Limestone Community High School #310 to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas ("protected information surveys"):

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure or use of student information for marketing purposes, certain physical exams and screenings, and any other protected information survey, regardless of funding.

For surveys and activities scheduled after the school year starts, Limestone Community High School #310 will provide parents, within a reasonable period of time prior to the administration of the surveys to activities, notification of the surveys and activities and be provided an opportunity to opt their child out, as well as an opportunity to review the surveys covered under PPRA regulations. This notice and consent/opt-out transfers from parents any student who is 18 years old or an emancipated minor under State law.

Parents who believe their rights have been violated may file a complaint with:
Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, D.C. 20202

Non-Discrimination Policy Statement

Equal educational and extracurricular opportunities shall be available for all students without regard to color, race, nationality, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with concerns regarding this policy should contact District's Non-Discrimination Coordinator, Dr. Denise Ryder to make a complaint outlined in the Board Policy 2:260, *Uniform Grievance Procedure*.

Right to Request Classroom Teacher Qualifications

Parents/guardians of students at a school that receives funds under Title I of the Elementary and Secondary Education Act have the right to know the professional qualifications of the teachers who instruct their children and of the paraprofessionals, if any, that assist those teachers.

Federal law gives parents and guardians the right to receive the following information about each of their children's classroom teachers and paraprofessionals:

- Whether or not the State of Illinois has licensed or qualified the teacher for the grades and subjects that he/she teaches;
- Whether the teacher is teaching under an emergency permit or other provisional status by which the State of Illinois's licensing criteria have been waived;
- The teacher's college major;
- Whether the teacher has any advanced degrees and, if so, the subject of the degrees; and
- Whether any instructional aides or similar paraprofessionals provide services to their children and, if they do, the qualifications of those individuals.

If you would like to receive any of this information, please contact the Principal.

Pest Management Policy—Limestone District #310 has an Integrated Pest Management (IPMP) Policy which incorporates building maintenance, sanitation, physical barriers, and as a last resort, the most safe, effective means of pesticide. Although we have no intention of spraying or fogging with pesticides, in the unlikely event this is found to be necessary, we are required to notify parents/guardians four (4) business days prior to application. In the event of an extreme emergency in which pesticides must be used immediately, we will notify you as soon as possible. Notice may occur via telephone or via electronic form dependent upon circumstances. We are also creating a voluntary registration program. By putting your name on this list, you are ensuring notification before any airborne pesticide application. Contact Assistant Superintendent, Dr. Denise Ryder, at 697-6271 ext 1456 if you wish to be added to the registry.

Management Plan on File—LCHS has submitted its Management Plan prepared pursuant to the requirements of the Asbestos Hazard Emergency Response Act (AHERA 40 CFR 763) for the school facility. Copies of the Management Plan are available in the Business Office of the school district. These plans are available for your inspection during normal business office hours Monday through Friday from 7:30 AM to 3:30 PM. We request that appointments be made with us to review such plans. To make arrangements, please contact Superintendent, Dr. Denise Ryder, at 697-6271 ext 1432.

Recycling—Limestone participates in a single-stream recycling program. Students in the Life Skills and ED Program at Limestone High School collect recycled products as part of their Work Experience class curriculum.

LCHS Faculty and Staff welcome you to a new year

Limestone's Bullying Policy

Limestone Community High School defines bullying as an act or acts of intentionally cruel incident, involving the same students in the same bully and victim roles, whether transmitted in person or electronically from home or school. The intention of bullying is to put the victim in distress in some way. Bullies seek power in a variety of ways:

- **Physical Bullying:** Hitting, poking, pinching, or damaging someone else's things are all examples of physical bullying. Hurting someone physically likely results in suspension.
- **Verbal Bullying:** Teasing, name calling, spreading rumors, insulting, threats and other verbal attacks are all examples of verbal bullying.
- **Social Bullying:** Excluding or teasing others who are different from or disliked by you and your friends is social bullying.
- **Cyber Bullying:** Using the internet or electronic devices to engage in verbal or social bullying is known as cyber bullying. Spreading rumors on social media sites or sending hurtful text messages are two common examples of cyber bullying.

Bullying Policy Disciplinary Response

First Offense:

Both parties will be given their due process in the Deans' Office to determine the nature and extent of the bullying, and parents will be contacted. Should the bullying involve other school violations, such as pushing or hitting, those consequences will be enforced. Possible disciplinary responses are:

- Conference with parent and student
- Mediation
- Detention
- Saturday detention
- Suspension
- Referral to law enforcement officials

Second and Subsequent Offenses:

As acts of bullying continue and/or become more cruel, disciplinary responses will become more severe in conjunction with our Codes of Conduct, Levels 1 through 5.

Parent/Teacher Conferences October 6th and 7th

Mark your calendars for fall conferences!
Meet your student's teachers and receive a copy of your student's Term 1 mid-term Progress Report.

**Thursday, October 6
4PM—8PM**

**Friday, October 7
9AM-Noon**

Our "Open House" style conferences allow you to conference with the teachers you choose during a time that best fits your schedule. Attending Parent/Teacher Conferences is a great way to stay involved in your child's education!

**Have a question or a concern, contact us.
We are here to help.**
