GENEVA HIGH SCHOOL STUDENT CONDUCT CODE 2021-2022

Board Approved
05/19/2021

Welcome to Geneva High School!

We wish you success and enjoyment here as you pursue another goal in life.

The purpose of this booklet is to provide information which serves as a guide in providing facts about school rules, regulations, policies, programs and services. BOTH STUDENTS AND PARENTS ARE URGED TO READ ALL INFORMATION SO MIS-UNDERSTANDINGS MAY BE AVOIDED.

Obviously not everything can be covered in this document. Students are urged to ask teachers, counselors and administrators for clarification.

The best intention of any document is meaningless unless PEOPLE make it work. Acceptance by all students is needed in order for GHS to continue to have a positive learning environment.

All of us, students and faculty, are proud of Geneva. A sincere effort by each will assure continued success.

ALMA MATER

So wide and so high,
Singing loud your hymns and praises

CODE OF CONDUCT

A major component of the education program at Geneva High School is to prepare students to become responsible citizens by learning how to conduct themselves properly and in accordance with established standards. Students are expected to behave in accordance with Federal, State and local laws and rules, Board policies and Administrative Guidelines, and in a way that respect the rights and safety of others. Staff will take corrective action to discipline a student and/or to modify the student's behavior when such behavior does not fall within these parameters.

School staff may report suspected criminal misconduct by a student to law enforcement. Law enforcement officers will be permitted to carry out necessary law enforcement functions in the schools, including the removal of a student from school grounds in appropriate circumstances.

Expected Behaviors – Students are expected to:

- Act courteous to adults and fellow students;
- Be prompt to school and attentive in class;
- Work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, gender, race, or ethnic background;
- Complete assigned tasks on time and as directed;
- Help maintain a school environment that is safe, friendly, and productive;
- Act at all times in a manner that reflects pride in self, family, and in our school.

EQUAL EDUCATION OPPORTUNITY

The Geneva Area City Schools provide an educational opportunity for all students.

Any person who believes that he/she has been discriminated against on the basis of his/her race, color, disability, religion, gender or national origin while at school or a school activity should immediately contact the high school principal.

ENROLLING IN THE SCHOOL

State law requires students to enroll in the school district in which their parent or legal guardian resides unless enrolling under the District's open enrollment policy.

New students under the age of 18 must be enrolled by their parent or legal guardian. When enrolling, parents must provide

copies of the following:

- A birth certificate or a passport
- Court papers allocating parental rights and responsibilities, or custody (if appropriate)
- Proof of residency
- Proof of immunizations
- Social Security Card
- A copy of Parent/ Guardian's Photo ID

A student who has been suspended or expelled by another public school in Ohio may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student who has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not yet expired, may be temporarily denied admission to the District's school during the period of expulsion or removal until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District.

WITHDRAWAL/TRANSFER FROM SCHOOL

The Guidance Office must be notified if a student intends to withdraw from school. The student will be given an office withdrawal form to be signed by each of his/her teachers (including the librarian and the athletic director), which will show that all books, materials, equipment and uniforms have been returned and fees paid. Parent/guardian signature is required on the withdrawal form. No transcripts/records will be released until all obligations are fulfilled.

No student under the age of 18 is allowed to withdraw from school without the written consent of his/her parents and in compliance with State Law

SCHEDULING AND ASSIGNMENTS

Schedules are provided to each student at the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Any changes in a student's schedule should be handled through the Guidance Office. Students may be denied course enrollment due to a lack of available space or the need for the student to pass prerequisite courses. Students are expected to follow their schedules.

DROPPING A COURSE

Prior to the first Interim Report of the school year (4.5 weeks), a student may request that he/she drop a course, and if he/she will still be maintaining 6 periods of classes it will be done without penalty to the student. This request must be made by the student only when they have written consent to drop the course from a parent/guardian. The name of the dropped course will not be included on the student's grade report. After the Interim Report is issued and beyond 4.5 weeks in the school year, any student who drops the course will receive an F for the course.

SCHOOL ASSIGNED TEXTBOOKS/MATERIALS

Each student is responsible for books issued and will be required to pay for any books damaged, lost or stolen.

If a student withdraws from school, it is his/her responsibility to return books to the teachers who issued them. **No grades, transcripts or records will be forwarded for a withdrawn student until all obligations to Geneva High School are met.**

All books or articles found should be taken to the office immediately. **School assigned books or other materials, whether lost or stolen, remain the responsibility of the student** to whom the book or material was originally assigned.

ACADEMIC PROGRESS **Grading Procedures/Grade Reporting**

Report cards are issued at the end of each grade period. Each student is expected to take his/her report card home for examination by parents/guardians. If there are questions about the grades, the teacher or teachers involved should be contacted.

Parent-teacher conferences are held four times each year.

Progress reports will be issued midway through each grading period.

Class rank is computed each year beginning with the ninth grade. Each letter grade is worth the following points:

GRADE	PERCENTAGE	POINT VALUE	AP COURSES
A+	97-100	4.3	4.8
A	93-96	4.0	4.5
A-	90-92	3.7	4.2
B+	87-89	3.3	3.8

B	83-86	3.0	3.5
B-	80-82	2.7	3.2
C+	77-79	2.3	2.8
C	73-76	2.0	2.5
C-	70-72	1.7	2.2
D+	67-69	1.3	No weight given
D	63-66	1.0	No weight given
D-	60-62	0.7	No weight given
F	59-0	0	No weight given

Grade point average is determined by dividing the total accumulation of credits earned each year into total points. The computer processed grade point average determines where each student ranks in the entire class. *Class rank calculation may begin in eighth grade if the student is participating in the accelerated program.

Information on other factors of grading will be provided by individual classroom teachers. ***Parents are encouraged to check the Parent Assist Module on the GACS website: www.genevaschools.org.***

CREDIT FLEX

Credit flexibility is designed to broaden the scope of curriculum options available to students, increase the depth of study possible for a particular subject and allow tailoring of learning time and/or conditions. These are ways in which aspects of learning can be customized around each student's interests and needs.

Students may earn credit by:

- Completing coursework;
- Testing out of or demonstrating mastery of course content;
- Pursuing one or more educational options (distance learning, educational travel, independent study, internship, music, art, after-school/ tutorial programs, community service or other engagement projects and sports).

Credit flexibility is intended to motivate and increase student learning by allowing:

- Access to more learning resources, especially real-world experiences.
- Customization around individual student needs.
- Use of multiple measures of learning, especially those where students demonstrate what they know and can do, apply learning or document performance.

All interested students and their parents need to contact the

Guidance Department to schedule a meeting prior to a student's participation in the program.

GRADUATION REQUIREMENTS

The Geneva Area City School Board of Education requires at least 21 credits for graduation from Geneva High School. This is a minimum requirement and students shall be encouraged to exceed the minimum. All state mandated testing requirements must be fulfilled to graduate. Students attending the Ashtabula County Technical & Career Campus may have some requirements waived or altered if their curriculum dictates. Specific information pertaining to graduation, scheduling, credits, etc. may be obtained through the GHS Guidance Office and/or the Course Description Book.

Students who have participated in interscholastic athletics, marching band, or cheerleading for at least two (2) full seasons while enrolled in grades 9 through 12, and as documented may be excused from the high school physical education requirement. Students electing such an excuse shall complete one-half (1/2) unit of at least sixty (60) hours of instruction in another course of study which is designated by the Board as meeting the high school curriculum requirements.

HOMEWORK

Homework will be assigned. Student grades will reflect the completion of all work, including outside assignment. Homework is also part of the student's preparation for the assessment tests and graduation.

ABSENCE PROCEDURES

On each morning of an absence, the student's parent or guardian must telephone the school (466-4831, ext. 4007) and give a reason for the child's absence. If a student is not present in the morning, the robocall calling system will call to notify of the student's absence. Note: If a student is late arriving at school, she/he must report to the school office before going to his/her first assigned location.

A written excuse, medical excuse, phone call or email (GHSattendance@genevaschools.org) must be given by the parent/guardian upon the student's return to school or within one school day of return. If an excuse is not received in this time frame, the absence will be deemed truancy. Geneva High School issues an admit pass after a student has been absent which

indicates excused and unexcused absences (Truancy).

ATTENDANCE

The Geneva Area City School Board of Education believes that regular attendance leads to high academic achievement. Class attendance is the primary responsibility of the student and parents or guardians. The laws and statutes governing school attendance in Ohio are specific and leave little option for school authorities to excuse children from school.

Students will receive **no credit** for school work that is missed when absences are deemed to be unexcused. Students who have excessive absences may not be permitted to attend after school events or participate in off-site activities during the school day.

Parents/Guardians shall be notified of student's attendance in the following manner: Notice sent to parents via US Mail before a student is Habitually Truant or has Excessive Absences.

Students are Habitually Truant when they have been absent without a legitimate excuse for:

- 30 or more consecutive hours, or
- 42 or more hours in one month, or
- 72 or more hours in a year.

Students have Excessive Absences when they are absent from school for any reasons for:

- 38 or more hours in a month, or
- 65 or more hours in a year.

The following are conditions under which an absence may be considered as excused

- Personal illness (*a written physician's statement verifying the illness may be required)
- Illness in the family necessitating the presence of the child
- Quarantine of the home
- Death in the family
- Observance or celebration of a bona fide religious holiday
- Such good cause as may be acceptable to the Superintendent.

EARLY DISMISSAL

No student may leave school prior to dismissal time without a parent or guardian either **submitting a signed written request or personally coming to the school office** to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a written permission note

signed by the custodial parent(s) or guardian. Under no circumstances will a student be released to someone not listed on the emergency medical form without prior approval.

VACATIONS/ EXTENDED ABSENCES

It is recommended that parents not take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with a building administrator to make necessary arrangements. It may be possible for the student to receive certain assignments that may be completed during the trip. **A written request for absence must be made at least one week prior to leaving, for administrator review and approval. Attendance and current grades will be reviewed before an administrator's approval is given.**

If a student has been classified as Habitually Truant or has Excessive Absences, vacations will not be excused

EMERGENCY MEDICAL AUTHORIZATION

A complete Emergency Medical Authorization Form must be on file with the School in order for a student to participate in any activity off school grounds, including field trips, spectator trips, athletic and other extracurricular activities and co-curricular activities.

STUDENT MEDICATION POLICY

Parental Release and Consent Form for Dispensing Medication

Parents are advised to give medication that is on a six-hour schedule at home. Medication on a four-hour schedule will be dispensed one time during school hours. When it is necessary that **prescribed** medication be given during school hours, the following regulations must be followed:

- Medication must be ordered/advised by physician/dentist and permission granted to the school nurse to contact physician/dentist if necessary.
- Medication should be brought to school by parent/guardian in original container with appropriate label intact, with the date, students name and the exact dosage to be administered. (Or High School students will bring necessary medication to the school nurse at the beginning of the school day. When possible, please make prior arrangements with the nurse—466-4831 ext. 4005).

- Medication must be kept in the locked medicine area of the school clinic or office. A completed medication authorization form must be signed by both the physician/dentist and the parent/guardian and be on file in the school office.

Only prescription medication will be dispensed. If medication is not properly labeled, it will not be given.

Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year. The nurse will maintain a log noting the personnel designated to administer medication, as well as the date and time of day that administration is required.

No staff member will dispense **non-prescribed**, over-the-counter medication to any student.

Any student who distributes medication of any kind or who is found in possession of any medication is in violation of the School's Code of Conduct and will be disciplined in accordance with the drug-use provision of the code.

Parental Release & Consent form, from the nurse, for dispensing medication must be followed when taking prescription medications at school.

BLOOD-BORNE PATHOGENS

The school district seeks to provide a safe educational environment for students and takes appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school-related activities. Whenever a student has contact with blood or other potentially infectious material, he/she must immediately notify his/her teacher, the office/nurse will assist the student in completing the required documents.

IMMUNIZATIONS

Students must be current with all immunizations required by law or have an authorized waiver from State immunization requirements. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunization or authorized waiver. Any questions about immunizations or waivers should be directed to the building principal.

INDIVIDUALS WITH DISABILITIES

The Americans with Disability Act (A.D.A.) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the District's programs and facilities.

A student can access special education services through the proper procedures. Parent involvement in this procedure is important and required by Federal (IDEA) and State law. Contact Special Education Coordinator to inquire about evaluation procedures and programs.

STUDENT'S RIGHTS AND RESPONSIBILITIES

Purpose: Effective discipline is an important and necessary requirement for effective learning. Students attend Geneva High School under the direction of state law. The intent of these rules and regulations is to create a positive educational environment which holds students accountable for their behavior and teaches them to live with the consequences of their decisions and actions. Students have the responsibility for the necessary respect for the rights of others and the necessary protection of the safety, welfare, and educational rights of our students

The Right to Confidentiality: Under Ohio law, school authorities are required to maintain many kinds of records. These include the student's name, birth date, age, place of residence, names of parents, date of entry and withdrawal, attendance, courses taken and quality of work done. School authorities, therefore, in the valid exercise of their duties, often collect and store confidential types of information which, if placed in the wrong hands or kept out of the right hands, may do harm to the students. Administrators, therefore, assume an obligation to protect students in this regard.

In compliance with the Federal Family Rights and Privacy Act of 1974, and the board-adopted policy on student records, school officials will not release any information to persons or agencies not officially connected with the school itself without prior written consent of the parents or the student if he/she is 18. The law provides some exceptions to the practice. Directory information or pictures of students taken by the press may be released without permission in certain instances except when individual parents specifically request that this information not be released regarding their child.

The Right to Due Process: It is generally accepted today that students are entitled to due process when they are subjected to major disciplinary action. Due process in the context of administrative proceedings carried out by the school authorities does not mean that the procedures used by courts in juvenile proceedings must be followed exactly by school authorities when engaged in disciplinary proceedings. It does mean that clear, definite and fundamentally fair rules of procedure must govern disciplinary action taken by the school authorities. Such a procedure is necessary to guarantee that a student will not be deprived of something as fundamentally important as school attendance without substantial and just cause.

To ensure that the student receives due process, the disciplinary codes which students are expected to follow as part of their responsibility in response to the rights enumerated above, as well as the disciplinary actions followed by school personnel, are outlined in subsequent portions of this document.

The Right to Shared Responsibilities: The conduct of students in school and at school activities is a joint responsibility of the student, the parent and the school. The school will make and enforce rules and regulations concerning the conduct of students at officially sanctioned school activities. Parents should accept full responsibility for the conduct of their children once the children are outside the scope of authority of school officials.

Students shall accept full responsibility for their conduct at all times and ALL students, adult and minor, shall abide by the rules and regulations defined in the student handbook for each building.

Student Parking and Driving:

Driving to school is a privilege.

A student shall not operate his/her vehicle in a reckless manner. Some examples of recklessness, not intended to be exhaustive, include: speeding, peeling of tires, etc. Students shall not sit in cars at any time during the school day, *students* shall not operate their vehicles at any time during the school day without the permission of authorized personnel. Only students with an approved parking permit will be permitted to park their cars at school.

All parking permits must be visible from the front of the vehicle. To obtain a parking permit students need a current driver's license, proof of insurance, completed school registration form, and payment of \$10.00 fee.

Students are only permitted to park in the back parking lot.

Note: Geneva High School is not responsible for damage or loss related to private vehicles.

School parking lots: It is the policy of the school to provide parking areas for students' motor vehicles. However, any student who chooses to utilize said parking area will be required to permit the interior of the vehicle they own, operate, or have control of to be inspected upon the request of the school administrator. Students who fail to comply with the school administrator's request will be subject to disciplinary measures.

Parking privileges may be removed under administrative discretion.

Vehicles are subject to being towed at the owner's expense.

Search and Seizure

School authorities are charged with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search the person or property, including vehicles, of a student, with or without the student's consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or of school rule. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age.

Please refer to Article 5771-Search and Seizure of the Geneva Area City Schools Bylaws & Policies.

Student Drop Offs and Pick Ups

If you are dropping off or picking up your child, please stay in the drop-off and pick-up lane. There will be a lane for drop-off and pick-up **in the back of the building only.**

Any student utilizing the district technology is bound by the district AUP. Users have a limited privacy expectation in the content of their files and records of their online activity while on the Network.

Student username and passwords are not to be shared.

GENEVA AREA CITY SCHOOLS SOCIAL MEDIA RECOMMENDATIONS

Social Media has become engrained in today's society. The wide variety of social networking tools presently available provides students easy access to share important news and events with each other. Social media technologies such as Twitter, Facebook, Internet forums, weblogs, social blogs, micro blogging, Wikis, podcasts, photographs, video rating, social bookmarking, and others have many benefits in our world; however, they can also be disruptive when inappropriate social media postings occur. Using these communication tools in an inappropriate manner can have negative consequences, especially if unkind words or threats are used with intent to hurt others.

The Geneva Area City School District recognizes and supports its students' rights to freedom of speech, expression, and association, including the use of social networks. The student represents his or her school and the Geneva Area City School District, and therefore, they are expected to portray themselves and their school in a positive manner at all times. Any online postings must be consistent with federal and state laws, as well as Geneva Area City School District rules and regulations (including those listed below).

Specifically prohibited behaviors include but are not limited to:

- Sexually explicit, profane, lewd, indecent, illegal, or defamatory language/actions. - Derogatory language regarding school personnel or other students. - Comments designed to harass or bully students and/or school personnel. - Nude, sexually-oriented, or indecent photos, images or altered pictures. Also prohibited are all on-campus connections to off-campus violations of the policy.
- Use of school computers to view off-campus postings. - Students accessing posts at school on their own devices. - Distribution of hard copies of posts on school property. - Re-communication on campus of the content of the posts.

Any authorized or unauthorized use in school or out of school of computer software, computer networks, telecommunications devices, information technology, and related technologies, which disrupts or interferes with the educational process in any manner is prohibited and may result in removal from school or activity and a recommendation for expulsion.

- Be careful with how much and what kind of identifying information you post on social networking sites. It is unwise to make available information such as full date of birth, social security number, address, phone number, cell phone numbers, class schedules, bank account information, or details about your daily routine. All of these can facilitate identity theft or stalking. Remember - once posted the information becomes the property of the website.
- Be aware that potential current and future employers and college admissions offices often access information you place on online social networking sites. Realize that any information you post will provide an image of you to prospective employers and/or schools. The posting is considered public information. Protect yourself by maintaining a self-image that you can be proud of years from now.
- Be careful in responding to unsolicited emails asking for passwords or PIN numbers. Reputable businesses do not ask for this information online.
- Do not have a false sense of security about your rights to freedom of speech. Understand that freedom of speech is not unlimited. Social networking sites are NOT a place where you can say and do whatever you want without repercussions.
- Remember that photos once put on the social network site's server become the property of the site. You may delete the photo from your profile, but it still stays in their server. Internet search engines like Google or Yahoo may still find that image long after you have deleted it from your profile. Think long and hard about what type of photo you want to represent you. One of the biggest lessons social networking users can learn is that anything you post online enters the public record. High school students should carefully consider their profiles and ask themselves how they would look to a future college admissions officer or potential employer.

PARENTS INVOLVEMENT IN EDUCATION

The Board believes that parent/guardian involvement is an important part of the educational program. Current research indicates that home-school partnership and greater involvement on the part of the parents/guardians in the education of their children generally results in high achievement scores, improved student behavior and reduced absenteeism.

All parent/guardians of students enrolled in the district are encouraged to take an active role in the education of their

children.

The Board directs the administration to develop the necessary regulations to ensure that this policy is followed and that parent/guardian involvement is encouraged. The regulations will:

- Encourage strong home school partnerships
- Provide for consistent and effective communications between the parents/guardians and school officials
- Offer parents/guardians ways to assist and encourage their children to do their best
- Offer ways parents/guardians can support classroom learning activities.
- Provide opportunities for parents/guardians to be involved in the parental involvement program.
