

Device Protection Plan Digital Signature Signing Instructions

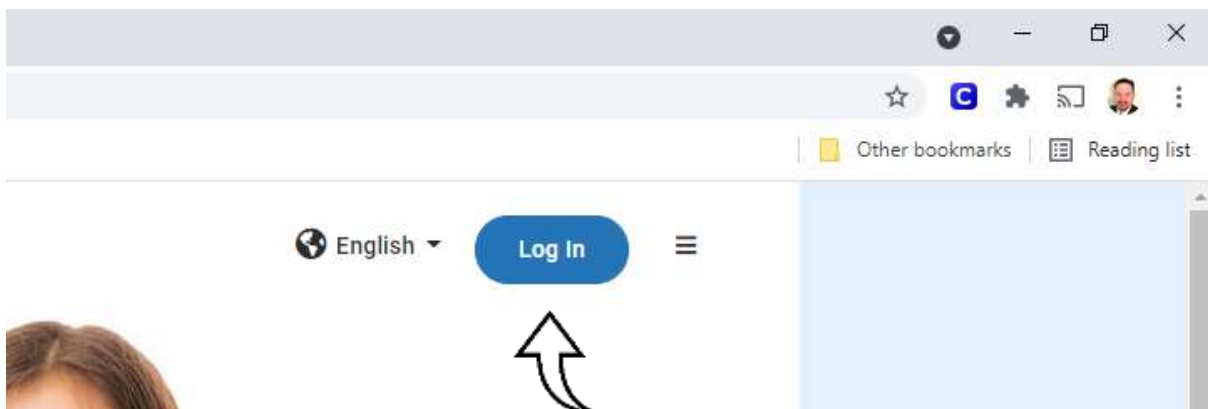

Parents will need to know their log in for MySchoolBucks.com.

Forgot your MySchoolBucks.com account information, or need to register at student, [click here](#).

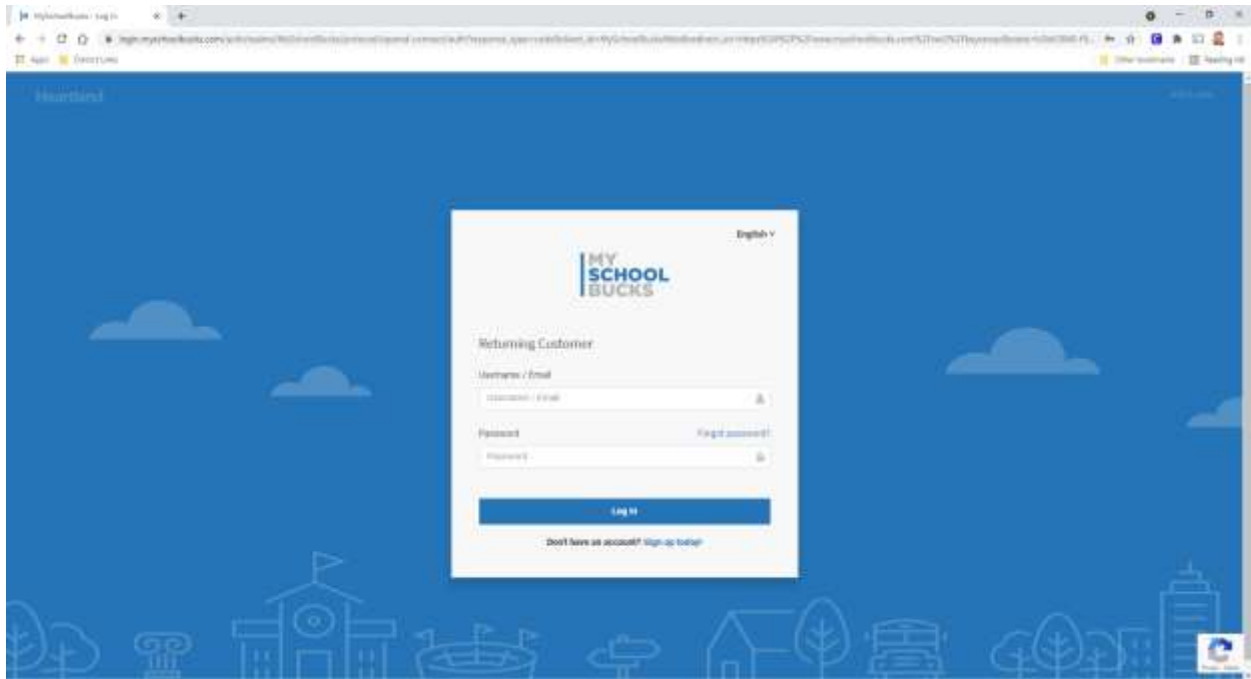

First, open a browser and go to <https://www.myschoobucks.com>.

Next, click the Log In button at the top right of the screen.

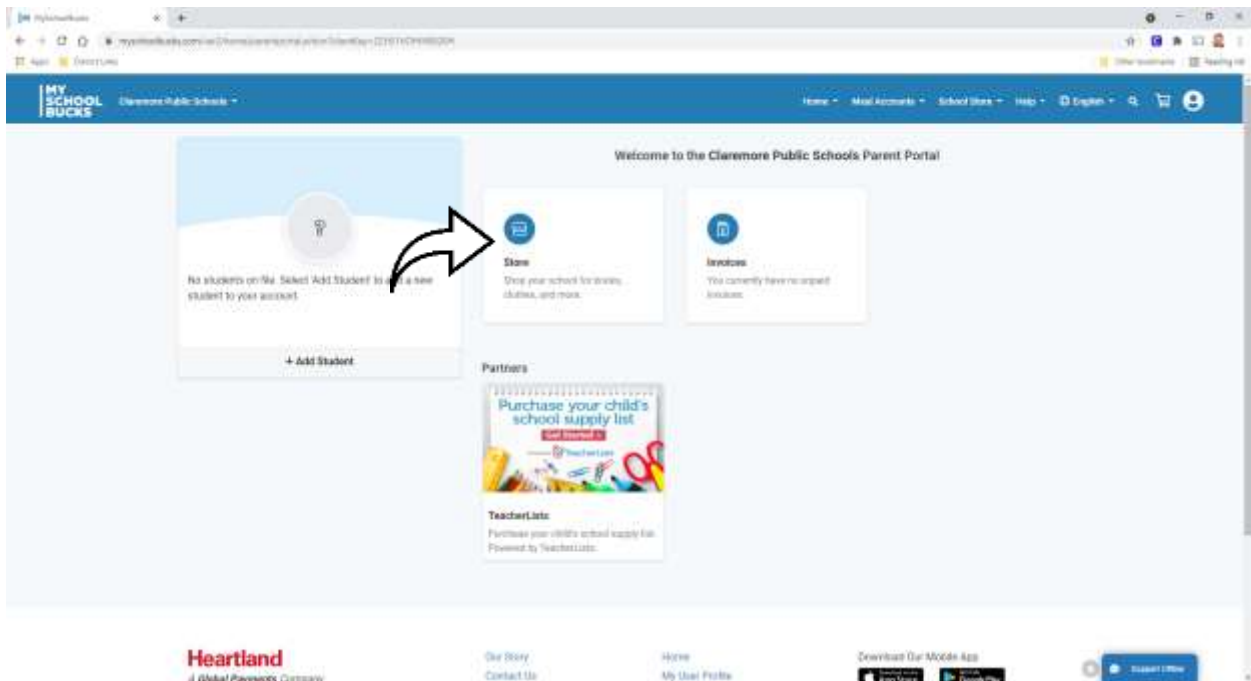

Type your Username / Email in the dialog box and then type your password in the Password dialog box and click Log In.

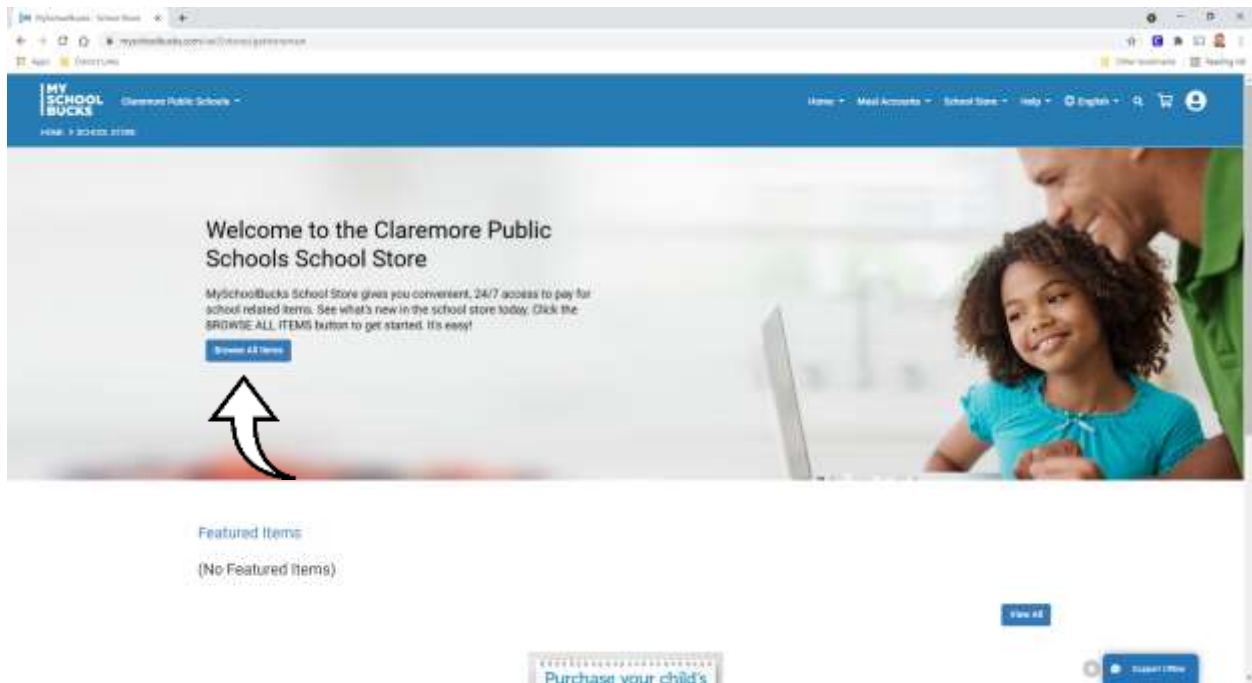

*Note: Depending on your account settings MySchoolBucks may ask for 2 Factor Authentication. The system will text the phone number or send the email on file a message with a code you must enter before proceeding.

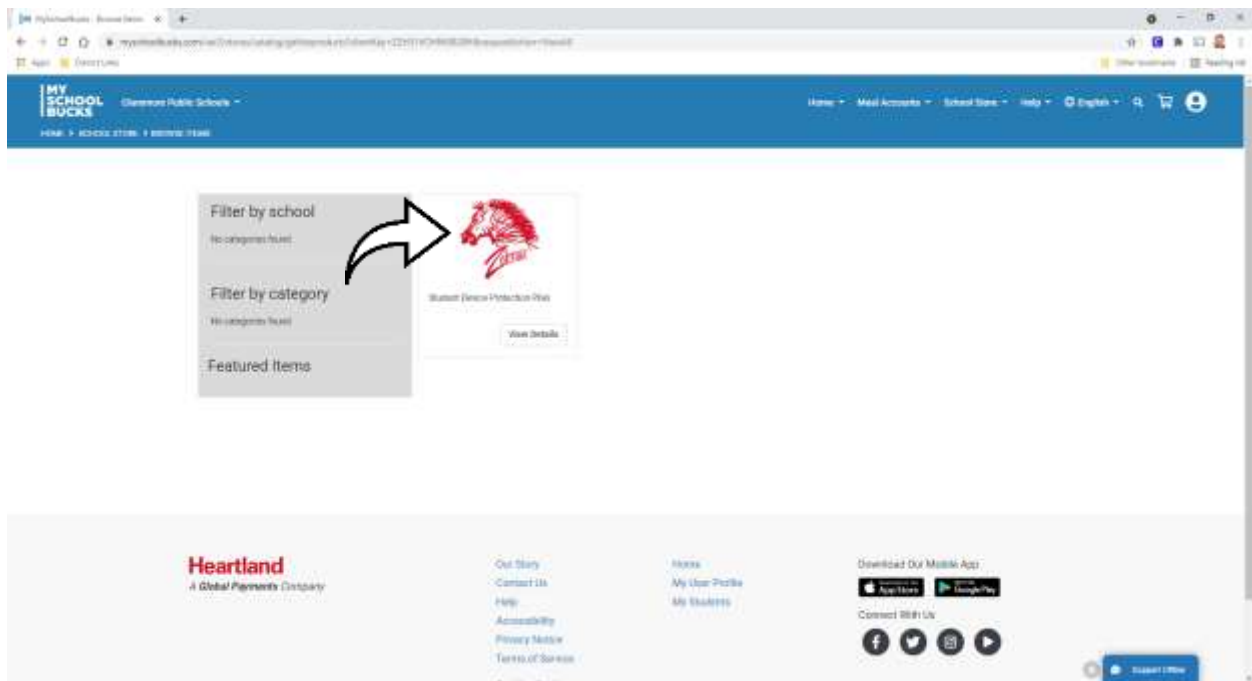

When logged in, click the Store button.

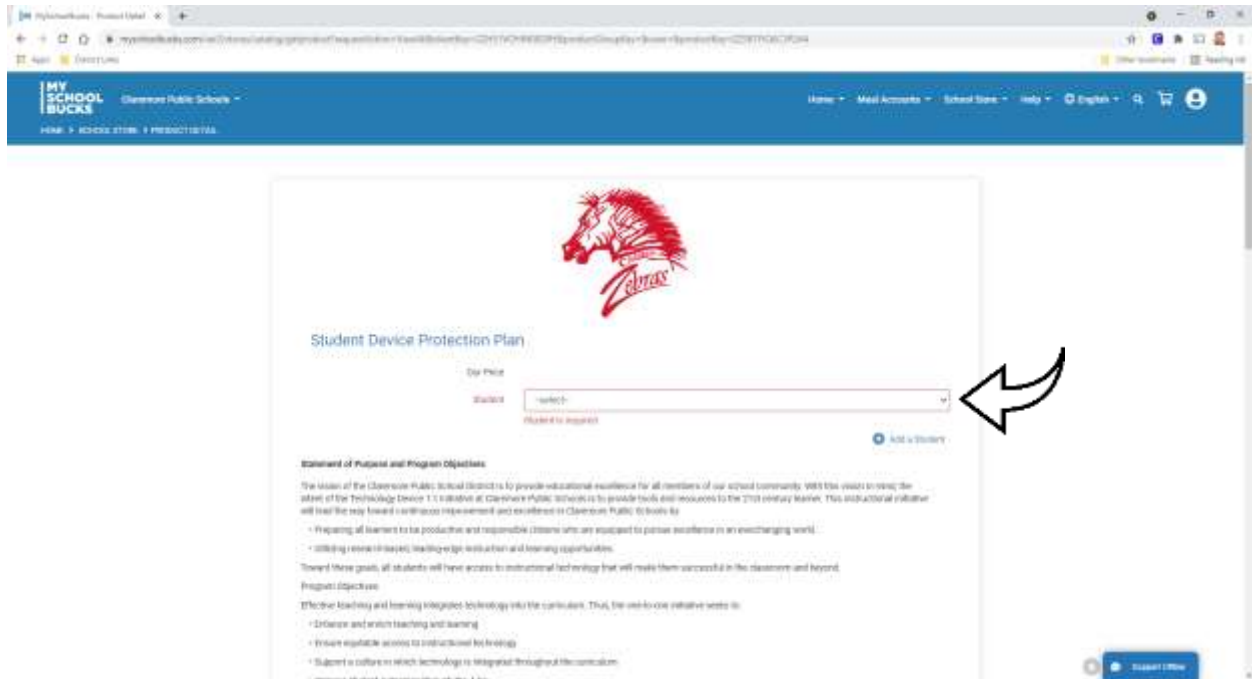

Then, click the Browse All Items Button.

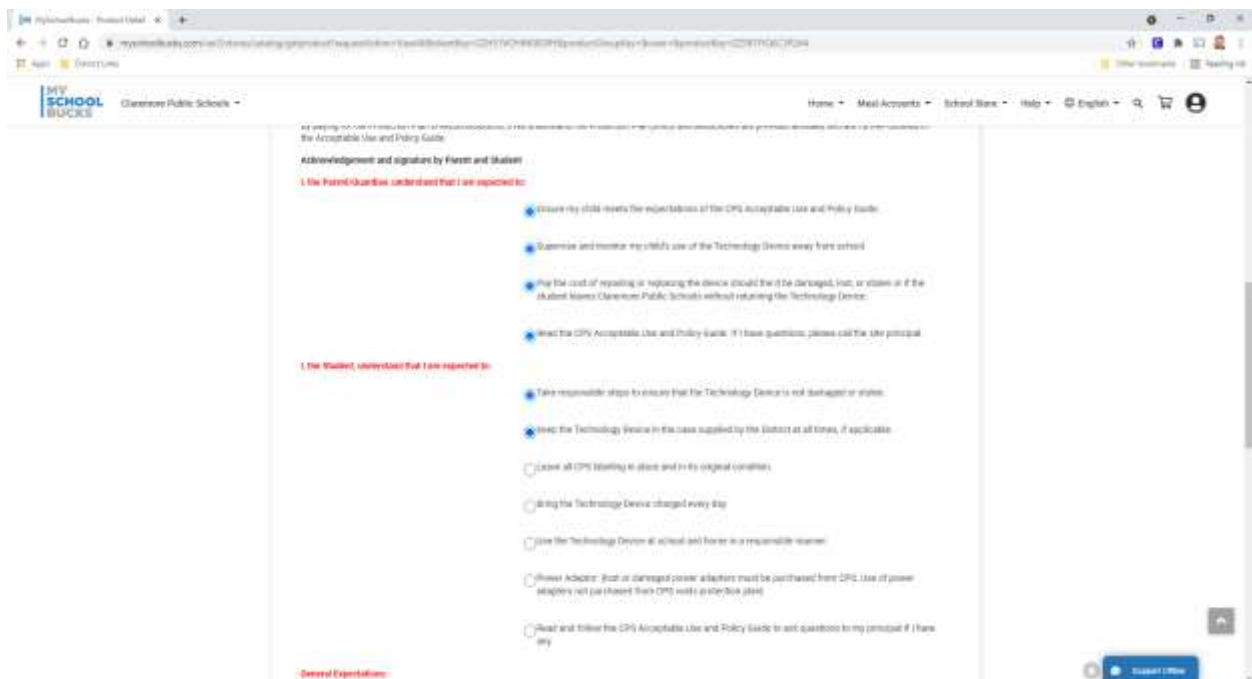

The next screen will show the Student Device Protection Plan as an option to purchase. Click the CPS Zebra logo to proceed.

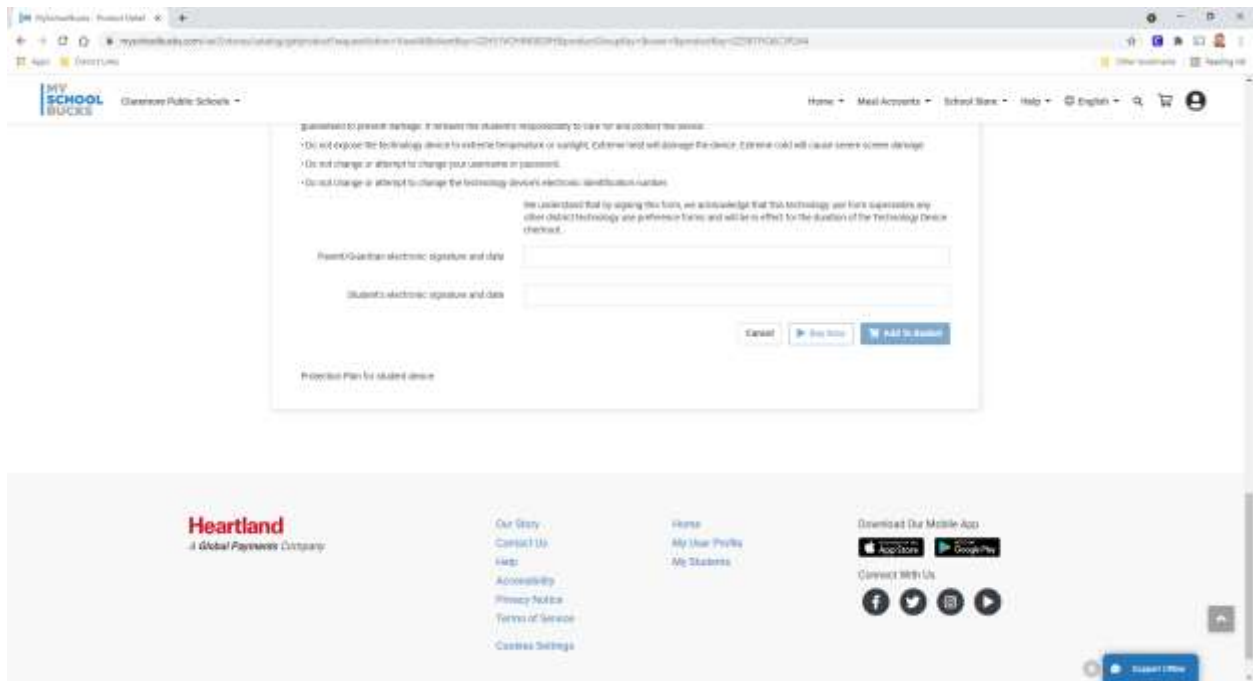

From the dropdown menu, select the student you would like to purchase the plan for. If you do not see the student listed, use the Add a Student link to find and add another student to the account. (**Note:** You must know the student's ID number.)

Next, scroll down to select each option to indicate that the parent/guardian and student understand the terms of the Acceptable Use Policy & Guide.

At the very bottom of the page, type the electronic signature and date of the parent/guardian and the student.

Click the **Buy Now** to process the payment for a single student. If you have more than one student you may click the **Add to Basket** and repeat the process to add additional protection plans to your final cart.
