BHRA reopening plan: Mr. Rademacher read excerpts from the reopening plan including portions that relate to the CDC guidelines for wearing masks. The plan reflects that if you are vaccinated you do not need to wear a mask, if you are not vaccinated you are recommended to wear a mask. We will still social distance as much as possible this year. In addition, sanitation of the school will be a priority. Students who ride busses should wear masks regardless of vaccination status. Many parents attended the meeting tonight to voice their concerns of children wearing masks. The board and parents agree that we do not want our students to have to wear masks. Parents asked the board to consider taking a more absolute position to say even if rules about masking change, that our students still do not need to mask. The reopening plan does follow recommendations from the CDC but more guidance and clarity is yet to come. We will continue to follow the guidelines, and if there are any changes to those guidelines, we may need to change the reopening plan.

A motion was made by Steve Lane and seconded by John Petersen to accept reopening plans. Roll call vote was taken. Motion passed.
