

EMS Family:

We are aware of the issues at Eisenhower Middle School and understand your concerns. District administrators are actively working with EMS administrators on solutions to be implemented first thing Monday morning.

The photo shared on Facebook does not reflect our daily expectations nor do we find it acceptable. We sincerely apologize for any added anxiety, concern, and stress that has been caused this first week of classes.

We will ensure that every child has the opportunity to eat lunch with little congestion and shorter lines. Traffic issues continue to be worked as well as the flow of students moving from class to class. Class sizes are being looked at if they are over 25 so adjustments can be made. The City Fire Marshal was on-site Friday. On Friday, EMS enrollment was 1,168 with 1,041 students in attendance. The capacity of EMS is 1,900.

Our number one priority is always the safety and well-being of our students and staff. It will be corrected.

Respectfully,

A handwritten signature in black ink that reads 'Kevin Hime'.

Kevin Hime
LPS Superintendent
