**Directions:** The LEA Plan for Use of ARP ESSER Funds requires planning the full allocation. The template below will assist in the development of the district plan. Districts may select evidence-based practices (pre-filled below) included in the LEA Plan for Use of ARP ESSER Funds or add additional rows to provide the practice and evidence that will be utilized by the district. The plan may be revised by notifying the DESE and uploading the revised plans in Indistar and on the district website (please include the revision date on all documents).

- 1. Creating Safe and Healthy Learning Environments:** Determine if ARP funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening school, in order to continuously and safely open and operate schools for in-person learning. Districts may select evidence-based practices (pre-filled below) included in the LEA Plan for Use of ARP ESSER Funds or add additional rows to describe the practice and evidence that will be utilized by the district.

Program Code	Practice	Description	Projected Amount
186, 187, 188, 189, 190, 192	Systemic Procedures	Actions or systems implemented to prevent, prepare for, and respond to COVID-19.  Meeting the nutritional needs of underserved students.	\$450,000

		<p>Supporting student mental health needs.</p> <p>Locating absent students and reengaging disconnected youth.</p> <p>Providing safe and inclusive learning environments.</p> <p>Providing healthy learning environments.</p>	
196, 197	Facilities	School facility repairs and improvements to enable operation of schools to reduce risk of COVID-19 transmission and exposure to environmental health hazards, and to support student health needs.	\$23,291.00
198	Transportation	Transportation costs to reduce the spread of COVID-19.	\$215,000.00

2. **Addressing Lost Instructional Time or Loss of Learning:** Describe how the LEA will use the funds it reserves under Section 2001 (e) (1) of the ARP Act to address the academic impact of lost instructional time through the implementation of **evidence-based interventions**. The district must spend a minimum of 20% of ARP ESSER funds. The full implementation of the evidence-based interventions include the personnel, materials, equipment, professional development, and expenses needed to meet the needs of students. Other evidence based practices may be utilized if the intervention meets one of the four tiers of evidence. Evidence based practices resources may be found on page 7 of Empowering Schools for Success Using Effective Evidence Based Practices to Impact Student Outcomes. Districts may select evidence-based practices (pre-filled below) included in the LEA Plan for Use of ARP ESSER Funds or add additional rows to describe the practice and evidence that will be utilized by the district.

**2.A. Process for Monitoring Implementation:** Describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under Section 2001 (e) (1) of the ARP Act to address the academic impact of lost instruction time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

**Description:**

To ensure the needs of all the students within the Sheridan School District are met, administrators and teachers work collaboratively in recurring professional learning communities to monitor the needs of the whole child. Formative assessment and progress monitoring data is used to guide classroom instruction and determine intervention plans. Campus SIT (Student Intervention Team) teams analyze RTI data of at-risk students to customize intervention plans providing a tiered intervention system.

**2.B. Process for Evaluating Implementation:** Please describe how the LEA will evaluate the effectiveness of these interventions.

**Evaluation:**

To evaluate the implementation of core instruction and the intervention system, the SSD administration and teachers analyze summative and formative assessments. Grades K-10 administer the NWEA-Map Growth assessment during the Fall, Winter, and Spring. Data from this assessment is used to monitor achievement and growth of students. Annually students in grades 3-10 take the ACT Aspire state assessment. Data collected each year is compared to evaluate areas of growth and areas in need. In addition, ongoing progress monitoring assessment data is used to evaluate student progress with interventions, which include in-school, after-school, and summer intervention programs.
