

Eula Independent School District...

Charting A Course for Tomorrow... **TODAY!**

Free Meals for all students at Eula ISD!

All students enrolled at Eula ISD will be offered healthy meals every school day at no cost.

Typically, a student's household must meet income eligibility requirements to qualify for free or reduced-price meals. However, the USDA issued guidance that allows us to offer free meals to all students at no cost for the 2021-2022 school year.

Despite all students receiving free meals this year, income eligibility requirements will likely resume in 2022-2023. To ensure our school district receives all available funds, please make sure to fill out the free and reduced application forms as usual when school begins. This will cover us for the first 30 days of the next school year.
