

ADMINISTRATION IN POLICY ABSENCE

It is the policy of the Nicholas County Schools that in situations where action must be taken within the school system and the Board has provided no guidelines, policy statements, or regulations, the Superintendent or his designated representative shall have the power to take prudent action. The decisions shall be subject to review and action of the Board at its next regularly scheduled meeting or at a special meeting for the express purpose of reviewing said action of the Superintendent. It shall be the duty of the Superintendent of Schools to inform the Board promptly of any such actions and of the need for policy to govern such situations.
