

Partnering with your school to provide quality care.

SCHOOL TELEMEDICINE

Care you need, where you are.

Telemedicine at school supports parents and students by offering:

- Medical treatment for your child without leaving school or you having to leave work.
- Fast access to a local Freeman healthcare provider.
- The ability to participate in the visit on your personal cell phone, tablet or computer.
- Medical-grade equipment, allowing you and the provider to examine your child's ears, nose and throat remotely.
- Payment options include billing your insurance company, billing Medicaid or paying an affordable flat fee.
