CRISIS HEALTH PROTOCOL

- Nurses will continually work with school staff to monitor for any symptoms (fever over 100 and cough will immediately result in parent contact for pick-up/school clinic visit; staff sent home)
- Any employee who has traveled out of the country, to include their child, must self-monitor at home for a minimum of 3 days and be symptom free before returning to work.
- Any Current student who has traveled outside of the U.S. will be required to delay returning to school for a minimum of 3 days from the date reentering the U.S. and be symptom free. Students will be marked present and participate in their education through the Digital and Alternative Location School Day Plan. Parents are to notify the school in the event of out of country travel.
- All individuals are expected to use a face covering when inside a CCSD building.
- Any positive student or employee COVID diagnosis should immediately be reported to the school nurse. Contact tracing will begin. Any individual who meets the criteria for close contact (closer than 3 feet for an extended period of time more than 15 minutes without face coverings) will be required to quarantine. In the event that a student is exposed to a positive individual while at home, we respectfully ask that the student remain home and monitor for symptoms.
- Any individual who chooses to self-quarantine as an additional precautionary method may be counted present for the academic day. Arrangements must be made with the teacher to use the Google Classroom suite.
- In the event of a school closure, all students will be provided access to the Digital and Alternative Learning School Day Plan. Materials will be available digitally through the use of the district's 1:1 technology and Google Classroom suite.
- Any employee, student, family, or enrolling student who has traveled outside of the U.S. should contact the school via telephone for guidance on the implementation of the CCSD protocol.

Chattahoochee County School District Mission Statement

Our mission at Chattahoochee County School District is to prepare all students for college and career readiness as they grow to be productive contributors in society.
