Vision & Hearing Screenings

School Screening

School health personnel perform vision and hearing screening of students. The parents of a child may request a screening at any time. Vision and hearing screening will begin as mandated, on Monday, September 12, 2022, for MJH students and on Tuesday, September 13, for NGS students. Illinois mandates hearing screening for all students in grades K-3; for all students receiving special education accommodations; for teacher or parent referrals; for transfer students; and recommends it for students in all even grades. Vision screening is mandated for students in grades K, 2, and 8; for all students receiving special education accommodations; for teacher or parent referrals; for transfer students; and is recommended for all students in even grades. Re-screening, if necessary, will be done on Tuesday and Wednesday, September 27 and 28.

Screenings & Required Exams

Vision and hearing screenings are not substitutes for a complete eye and ear examination by an appropriate doctor. Your child will not be required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months and that evaluation is on file at the school.

Your child will not be required to undergo this hearing screening if an audiologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months and that evaluation is on file at the school. This notice is not a permission to test.

Vision and hearing screening is not optional. If a vision or hearing examination report is not on file at the school for your child, your child in the mandated age, grade, or group will be screened.

The Kendall County Health Department announces the start of the Energy Assistance Program for residents of Kendall and Grundy counties

LIHEAP is available for ALL income qualified households beginning September 1, 2022.

The Kendall County Health Department, as administrator of the Home Energy Assistance Program in Kendall and Grundy County, is pleased to announce that funds are available to assist income-eligible households with their natural gas, propane, electric bills and furnace assistance.

The program will begin **September 1, 2022** for all income-eligible households. Applications will be taken on a first-come, first-served basis through May 31, 2023. There will be no priority groups this program year. Households in need are encouraged to apply.

Households must be at or below 200% of the federal poverty level to receive a benefit from the LIHEAP Program. The 30-day income guidelines for LIHEAP are based on Federal Poverty Guidelines, State Median Income and the number of persons living in the household. The income guidelines are as follows: 1-\$2,265, 2-\$3,052, 3-\$3,838, 4-4,625. Go to www.kendallhealth.org to know income limits for households with 5 members and more.

The Low Income Home Energy Assistance Program (LIHEAP) provides one-time benefits to income eligible homeowners and renters to help with energy bills and for reconnection of energy service. Propane customers are encouraged to apply when the program opens in September to take greater advantage of lower propane prices. Propane prices typically increase during the winter months so by applying early, propane customers will see their LIHEAP benefit go further.

The documentation required at the time of application:

1. Proof of gross income from all household members for the prior 30-day period beginning with the date of application.
2. Proof of Social Security numbers or Individual Taxpayer Identification Number (ITIN) for all household members. Individuals without an SSN or ITIN can still apply and the Kendall County Health Department will advise accordingly.
3. A copy of current heat and electric bills issued within the last 30 days.
4. A copy of rental agreement (if renting) showing that utilities are included, the monthly rental amount, and landlord contact.
5. Other documents may be needed based on your household situation. If you have questions regarding this, please call our office.

Water and sewer cost assistance is available this year in the Low Income Household Water Assistance Program (LIHWAP). You can apply for water and sewer assistance on the same application as LIHEAP. Bring your water

bill(s) with you to your LIHEAP appointment. Help with arrearages is available as well as rate reduction assistance of \$100-\$400, depending upon your income level. Prior year recipients are eligible to re-apply.

Applications will be taken at the Kendall County Health Department, located 811 W John St. Yorkville, IL and the Grundy office located at 1802 N Division St. Morris, IL. There will be other sites available in Plano, Coal City, and Gardner to also apply. Kendall County residents must call 630-553-9100 to make an appointment while Grundy County residents can call 815-941-3262.
