

NEWS (PUBLICITY) RELEASES

It is the policy of the Board of Education to inform the citizens about education in their schools. News about official Board of Education business, and information concerning developments in the area of school system curriculum, additional program offerings, and new and better experience opportunities for students shall be made public only by the Superintendent or his/her designee. All staff members shall observe this procedure.

Any official news announcement affecting the operation of the schools shall be authorized by the Superintendent or person designated by the Superintendent in the event of an emergency.

Announcement of school athletic activities, routine news concerning the PTA and other school organizations, and routine announcements pertaining to individual schools and their activities shall be made by principals of individual schools.

The Board shall cooperate with the news media in its effort to keep the public aware of School Board meetings.
