- **Courses**
- **Groups**
- **Resources**
- **Grades**
- **Calendar**
- **People**
- **Account Settings**
- **Logout**
- **App Permissions**

Sign Up

If you don't already have an account on Schoology, you must sign up from a mobile browser at www.schoology.com.

1. Tap **Sign Up**.
2. Select **Student**.
3. Enter the access code provided by your instructor and tap **Continue**.
4. Enter your First and Last Name, an email address or username, and a password for your account.

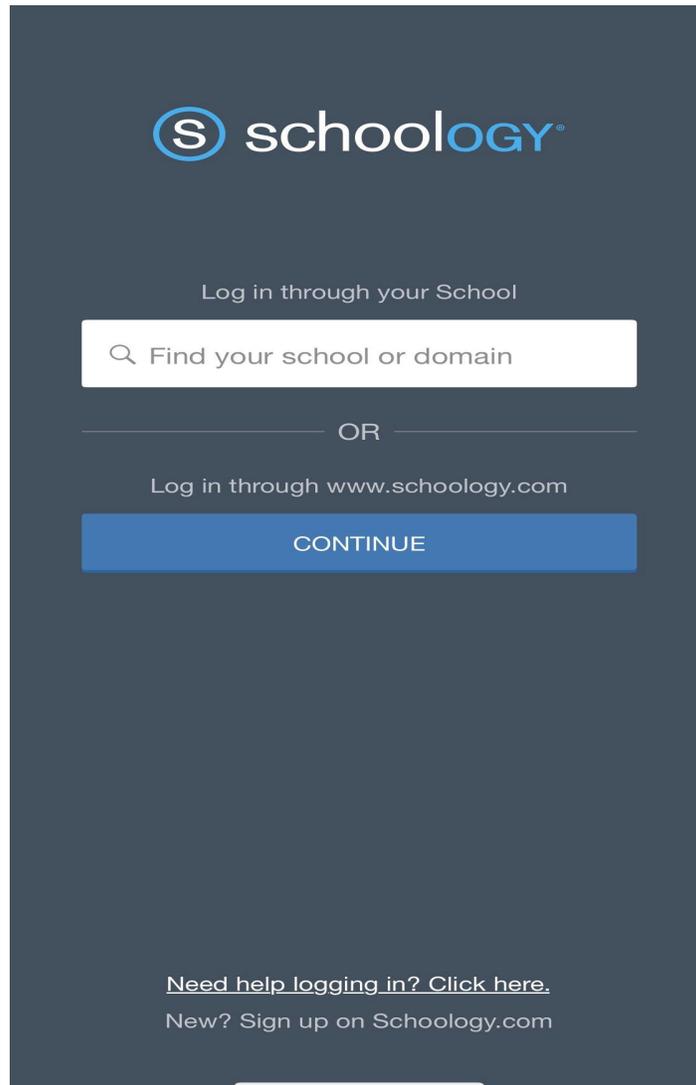

5. Tap **Register** to complete.

Important Note: Enterprise schools may or may not allow students to register on their own. Contact your teacher with any questions on this process.

[Back to top](#)

Log In

Once you have an account, download the Schoology app from the [Apple App Store](#). Tap the app icon to open it on your device.

Above, the Login screen on an iPhone X. Below, the Login screen on an iPad Pro.

Log in through your School

🔍 Find your school or domain

Log in through www.schoolology.com

CONTINUE

[Need help logging in? Click here.](#)

New? [Sign up on Schoolology.com](#)

Log in through your School (Enterprise)

Since many Enterprise schools have set up a custom login process, begin by selecting your school:

1. Use the keyboard to enter the name of your school or organization. As you type, matching choices populate in the list. The name, ID number, city, state, and zip code for the school should appear below.
2. Tap the name of your school or organization when it displays.
3. You can use an email address or username to log in to the application, depending on how your account was set up.
4. Tap **LOG IN** to complete.

Notes:

- In general, it's best to contact your instructor for assistance logging into Schoology. If your school has set up one set of login credentials to use across many apps, the school can assist you with login or reset your password if needed. This same process applies to schools using [Google Single Sign-On](#).
- Single sign-on users will be directed to their school page after they choose their school on the application. They can log in with their SSO credentials on their school page. Schools using [Google Single Sign-On](#) must also tap **Log in through your School** on the next login screen **after** choosing their school on the application to continue to the SSO login page.
- If you are **not** included in the SSO method, choose **Log in through www.schoology.com** as outlined below.
- If you sign in using an SSO and are using a shared device, be sure to log out of your account on the mobile browser when you log out of Schoology. For example, if you use a Google SSO, navigate to Google on a mobile browser and log out of your Google account. Logging out of Schoology will *not* log you out of your Google account.

Log in through www.schoology.com

If you use the free version of Schoology or do not use school-provided login credentials, use this workflow to log in to the iOS app.

1. Tap **CONTINUE**.
2. Enter your **Email** and **Password**.

Note: If you log in with a username, use the login method **Log in through your School** outlined above.

3. Tap **LOG IN** to complete.

Note: If you log in with this method, you can reset your password by opening a mobile browser to app.schoology.com and using the [Forgot my password](#) link.

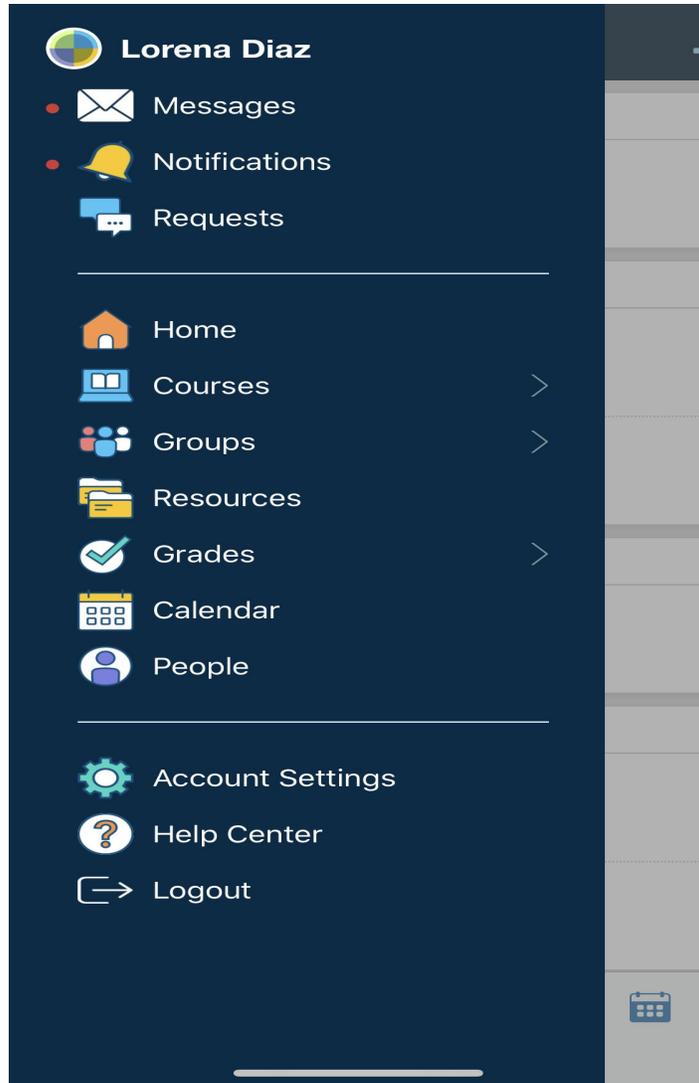

[Back to top](#)

Navigation Menu

The Schoology iPhone app navigation menu allows you to quickly navigate to each essential location on the Schoology App. Tapping the navigation menu in the top left corner of the screen gives you immediate access to:

- Your profile (tap your name)
- Messages
- Notifications
- Requests
- Home
- Courses
- Groups
- Resources
- Grades
- Calendar
- People
- Account Settings
- Logout

This navigation menu is available on every page so that you can quickly navigate through the app from any point.

Above, the navigation menu view on an iPhone X. Below, the navigation menu view on an iPad Pro.

 **Christine Carty**

Hi all,

This is a reminder that the Mount Castleville High School Talent Show 2019 will take place Friday, April 19 at the School Auditorium at 8pm.

Above, using the navigation menu to access Notifications and Courses on an iPad Pro.

[Back to top](#)

Home

Based on your [Account Settings](#), either the Recent Activity area or the Course Dashboard is displayed by default as the first screen you view when opening the Schoology iOS app. The Recent Activity area displays all of the most recent updates and blog posts that populate your Schoology home page. The Course Dashboard displays your courses in a tiled list.

You can switch between the two views by tapping the clock icon or the tile icon at the bottom of the **Home** screen.

Christine Carty

Hi all,

This is a reminder that the Mount Castleville High School Talent Show 2019 will take place Friday, April 19 at the School Auditorium at 8pm. Tickets are available at the main reception. Best of luck to all involved and to a great night!

Above, using the Home screen to access Recent Activity, Course Dashboard and Upcoming Calendar on an iPad Pro.

[Back to top](#)

Recent Activity

The Recent Activity displays all of the most recent updates and blog posts that populate your Schoology home page. You can access Recent Activity by tapping the clock icon at the bottom of the **Home** screen.

Refresh Feed

At any point, you can update the Recent Activity feed by swiping down on the Recent Activity screen then releasing to refresh. To view additional posts, simply swipe upwards to scroll.

Create a New Post

Depending on permissions in place at your school, you may be able to post course, group, and personal updates from the iOS app. To create a new post, follow these instructions:

1. Tap the **+** icon on the upper right corner of the screen.
2. Select **Post**.
3. Select a course, group or personal update from the **Post to...** field.
4. Once you have chosen the area(s) that you would like to update, use the back button in the upper left to go back to the update screen.
5. Enter your update in the **Write an update...** field and tap **Done** in the upper right.
6. Add attachments from Library, Take Photo or Video, and Resources if you wish using the **Attach** button on the bottom right.
7. Tap the **Checkmark** icon  in the upper right to post your update.

Note: If you'd like to cancel your post, you may tap the **X** in the upper left. Please remember to refresh the screen to see the latest information.

Comment on a Post

To add a comment on an update:

1. Tap **Comment** at the bottom of the post.
2. Type your comment.
3. Tap **Post**.

View and Add to Replies

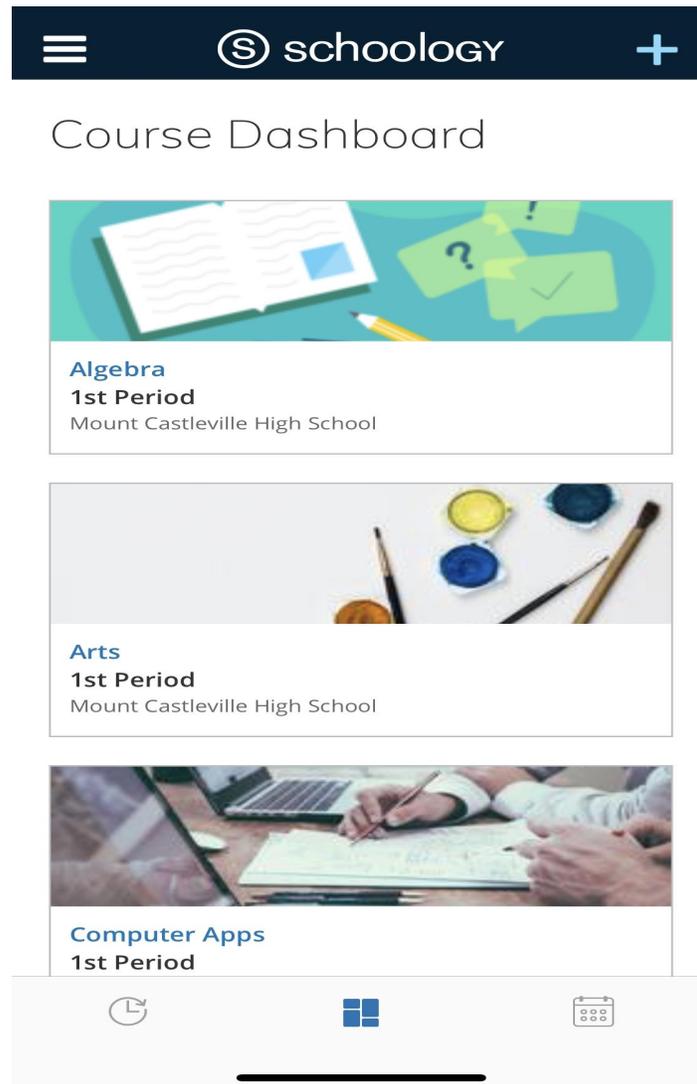

To view existing replies to a post:

1. Tap the speech bubble below the post.
2. If you'd like to add a reply, tap the **Comment...** field.
3. Type your comment.
4. Tap **Post**.

[Back to top](#)

Course Dashboard

The Course Dashboard displays all your courses in a tiled list. You can access the Course Dashboard by tapping the tiled icon at the bottom of the **Home** screen.

Above, the Home screen with the Course Dashboard view on an iPhone X. Below, the Home screen with the Course Dashboard view on an iPad Pro.

Course Dashboard

[Back to top](#)

Upcoming

From the Home screen, you can view Upcoming items and events by tapping the calendar icon:

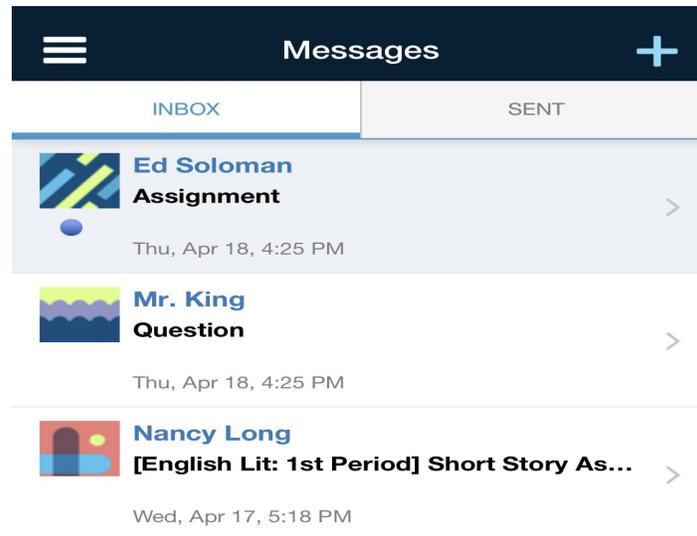

[Back to top](#)

Messages

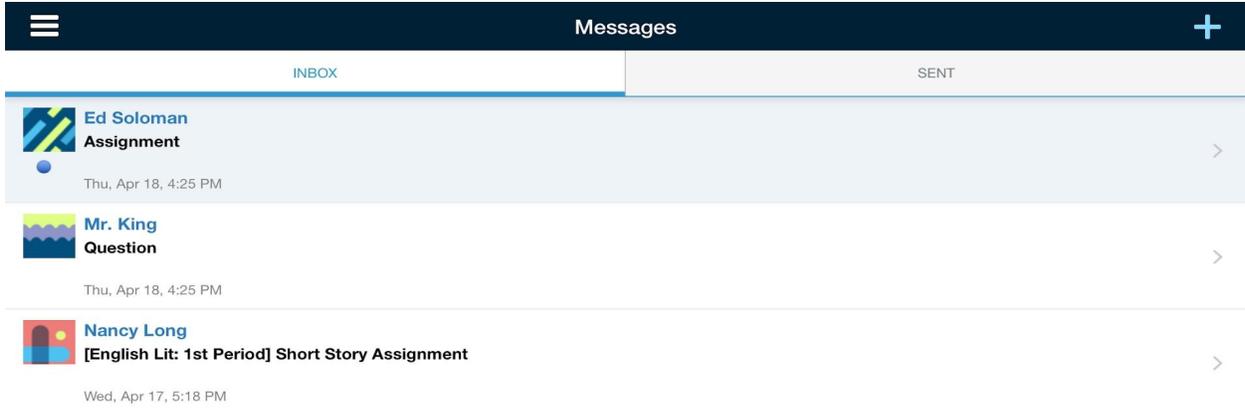

Messages contain all received and sent mail in your Schoology account. You can access messages by tapping **Messages** from the navigation menu. You can refresh, compose a new message, and reply to existing messages directly from this sub-menu. If you see a red dot next to Messages in the navigation menu that means you have a new message from other Schoology members.

You can also send a message within a course. Learn more [here](#).

Note: Your school may or may not allow you to send messages in Schoology.

Above, the Messages view on an iPhone X. Below, the Messages view on an iPad Pro.

Inbox

The inbox displays the received messages by default. A blue dot indicates an unopened message. To view the message, simply tap the message you would like to open.

Sent

To view sent messages, tap **Sent** from the Inbox screen, and tap the message you would like to open.

Compose and Reply to Messages

To compose a message, tap the **+** icon on the upper right corner of the screen while in the Inbox or Sent screen.

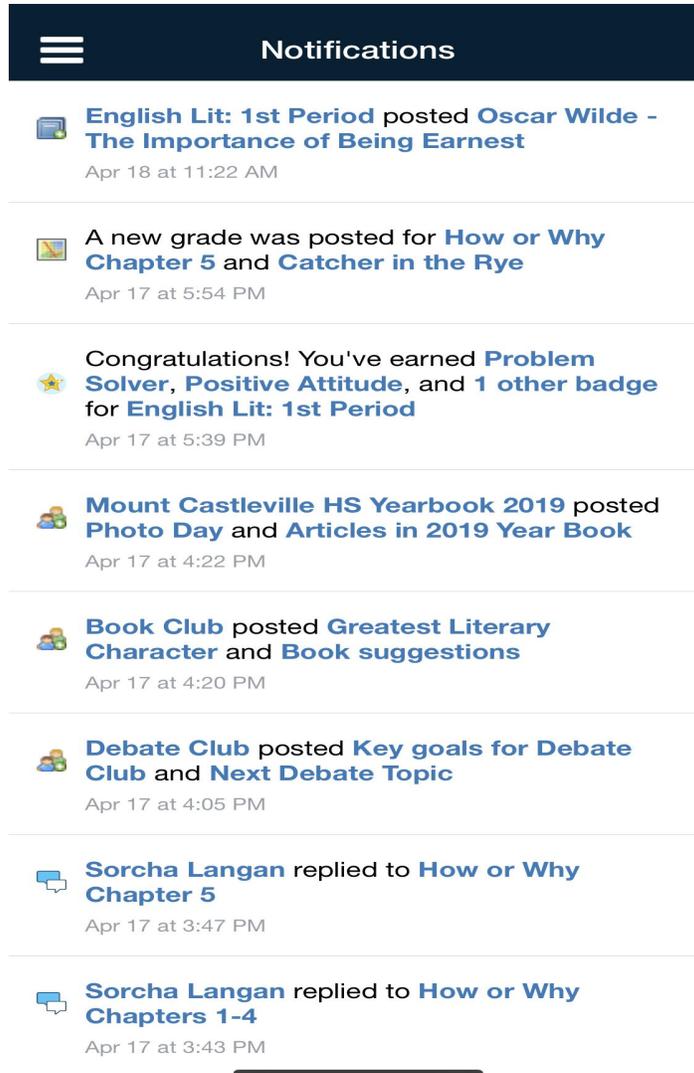

1. Begin typing a name in the **To** field. The field will auto-populate with users to whom you may send mail. To select a user, simply tap their name from among the list.
2. Type the subject of the message.
3. Type the content of the message.
4. Tap the **Checkmark** icon  on the upper right to send your message.

To reply to a message, open the message and tap the blue arrow icon on the upper right corner of the screen.

[Back to top](#)

Notifications

The menu notifications display course and group events in chronological order to keep you informed of Schoology activity. If you see a red dot next to **Notifications** in the navigation menu that means you have a new notification.

Above, the menu notifications view on an iPhone X. Below, the menu notifications view on an iPad Pro.

Email and Mobile Text Notifications

In addition to the menu notifications, Schoology sends you email and mobile text notifications for Social, Academic, Group, and School activity that occurs in your account. In the [Notifications](#) area under [Account Settings](#), you can manage which activity generates email or mobile text notifications.

Note: Email and mobile text message notifications differ from the **Notifications** menu located in the left navigation menu. The notifications listed under the navigation menu are not customizable. They display information related to course and group events in chronological order to alert you to Schoology activity. For more information on the notifications that appear in the bell icon menu, see: [What kind of notifications appear in the menu notifications?](#)

Managing Email and Mobile Text Notifications

To change the email and mobile notifications that you receive:

1. Log into the Schoology app.
2. Select **Account Settings** from the navigation menu.
3. Tap the **Notifications** tab.
4. You can customize the notifications you receive by adjusting the various settings under the Email and Mobile column.
5. Be sure to tap **Save Changes** at the bottom of the panel.

Push Notifications

You can choose to receive a push notification on your iOS device whenever an important piece of content is added to a course or group. Here are some examples of the types of occurrences push notifications would relay:

- Course update post
- Group comments on updates and discussions
- New assignment or discussion post
- Receive a private message

When a notification arrives, if the app is closed, then you may see a banner or alert display on your screen. If the Schoology app is open, then the notification will be displayed on your screen. Tapping the notification will take you to that piece of content within the Schoology iOS app.

Enabling Push Notifications

To enable notifications:

1. Make sure you've downloaded the latest version of the Schoology iOS app from the [Apple AppStore](#).
2. After installing the update and logging into the app, you will be prompted to enable notifications.
3. Select OK, and you will be registered for notifications

Disabling Push Notifications

To disable notifications:

1. Go to your iOS Settings.

2. Select the Notifications option and then select the Schoology app.
3. From there, select disable Allow Notifications or select None for the Alert Styles.
4. You should stop receiving notifications immediately.

Re-Enabling Push Notifications

To re-enable notifications:

1. Go to your iOS Settings.
2. Select the Notifications option and then select the Schoology app.
3. From there, either select Allow Notifications or select the Alerts and Banner style.
4. As a final step, you may need to 'kill' the Schoology app from the background if it is there, and then restart the app.
5. You will now start receiving notifications.

[Back to top](#)

Requests

The Requests area lists all of the course and group requests that are associated with your Schoology profile. Tap **Accept** or **Dismiss**, depending on the action you would like to take for each item. If you see a red dot next to the Requests icon in the navigation menu that means you have a pending request.

Above, the Requests view on an iPhone X. Below, the Requests view on an iPad Pro.

Debate Club
Mount Castleville School District

Accept

Dismiss

[Back to top](#)

Your Profile

Tap your name from the navigation menu to view your personal profile. These same areas also display if you view the profile of another user in the app.

Updates

The **Updates** tab of your profile displays updates you've posted on your personal profile.

Info

Tap **Info** to view the info displayed on your user profile. To edit which info displays on your profile, go to [Privacy Settings](#) from your Account Settings

Note: Depending on the settings in place at your school, you may or may not have access to Privacy Settings.

Badges

Tap **Badges** at the bottom of your profile to view badges you've been awarded in Schoology.

Problem Solver

You think critically, work hard, and solve complex problems.

English Lit: 1st Period · Awarded on Apr 17, 2019 at 5:39 pm

Positive Attitude

You are a positive thinker with a great attitude in and out of school.

English Lit: 1st Period · Awarded on Apr 17, 2019 at 5:39 pm

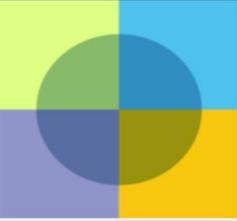

Participation

You actively participate in class and enhance our discussions and events.

English Lit: 1st Period · Awarded on Apr 17, 2019 at 5:39 pm

Courses

The Courses area lists all of the courses for which you are a member. You can also join a course from this area.

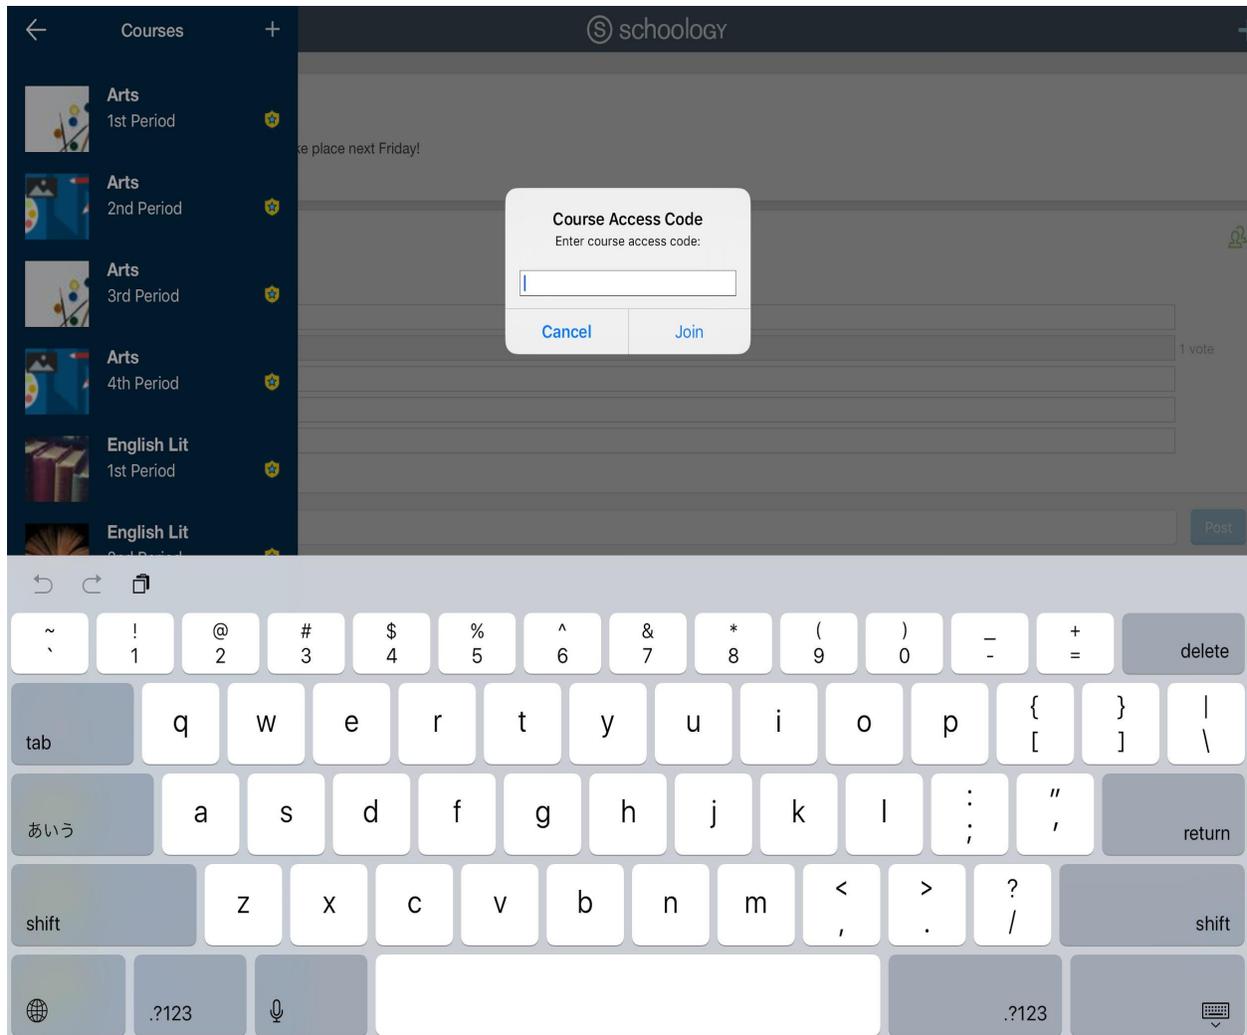

Join Courses

To join an existing Course:

1. Tap **Courses** from the navigation menu.
2. Tap the **+** icon on the upper right.
3. Enter the Course Access Code.
4. Tap **Join**.

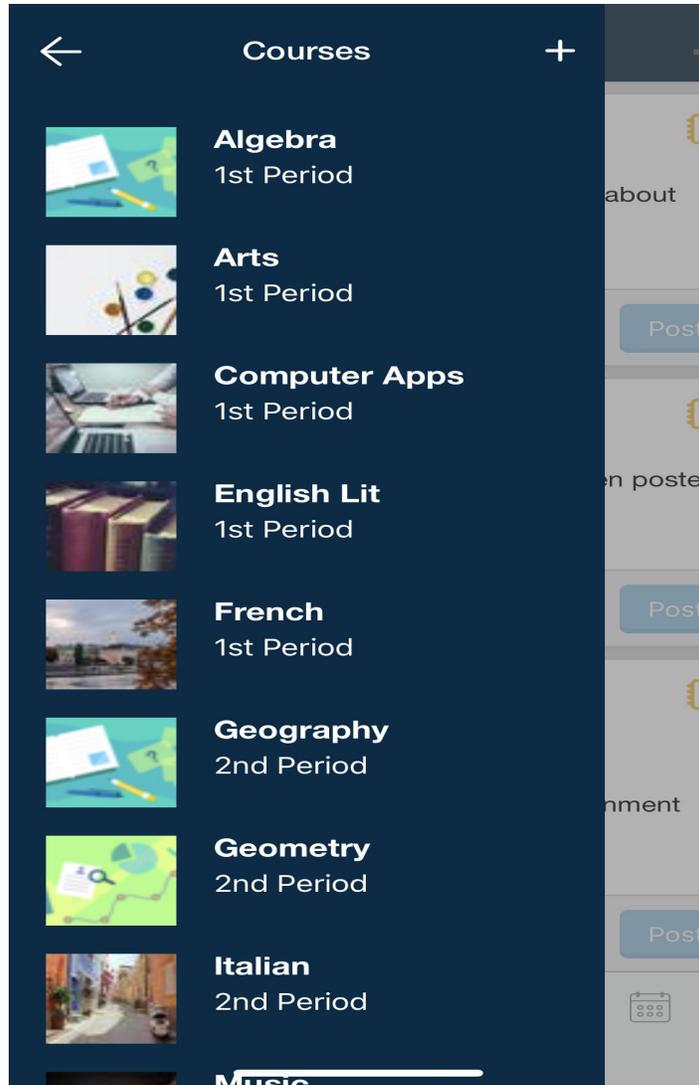

Above, the Join Course view on an iPhone X. Below, the Join Course view on an iPad Pro (landscape view).

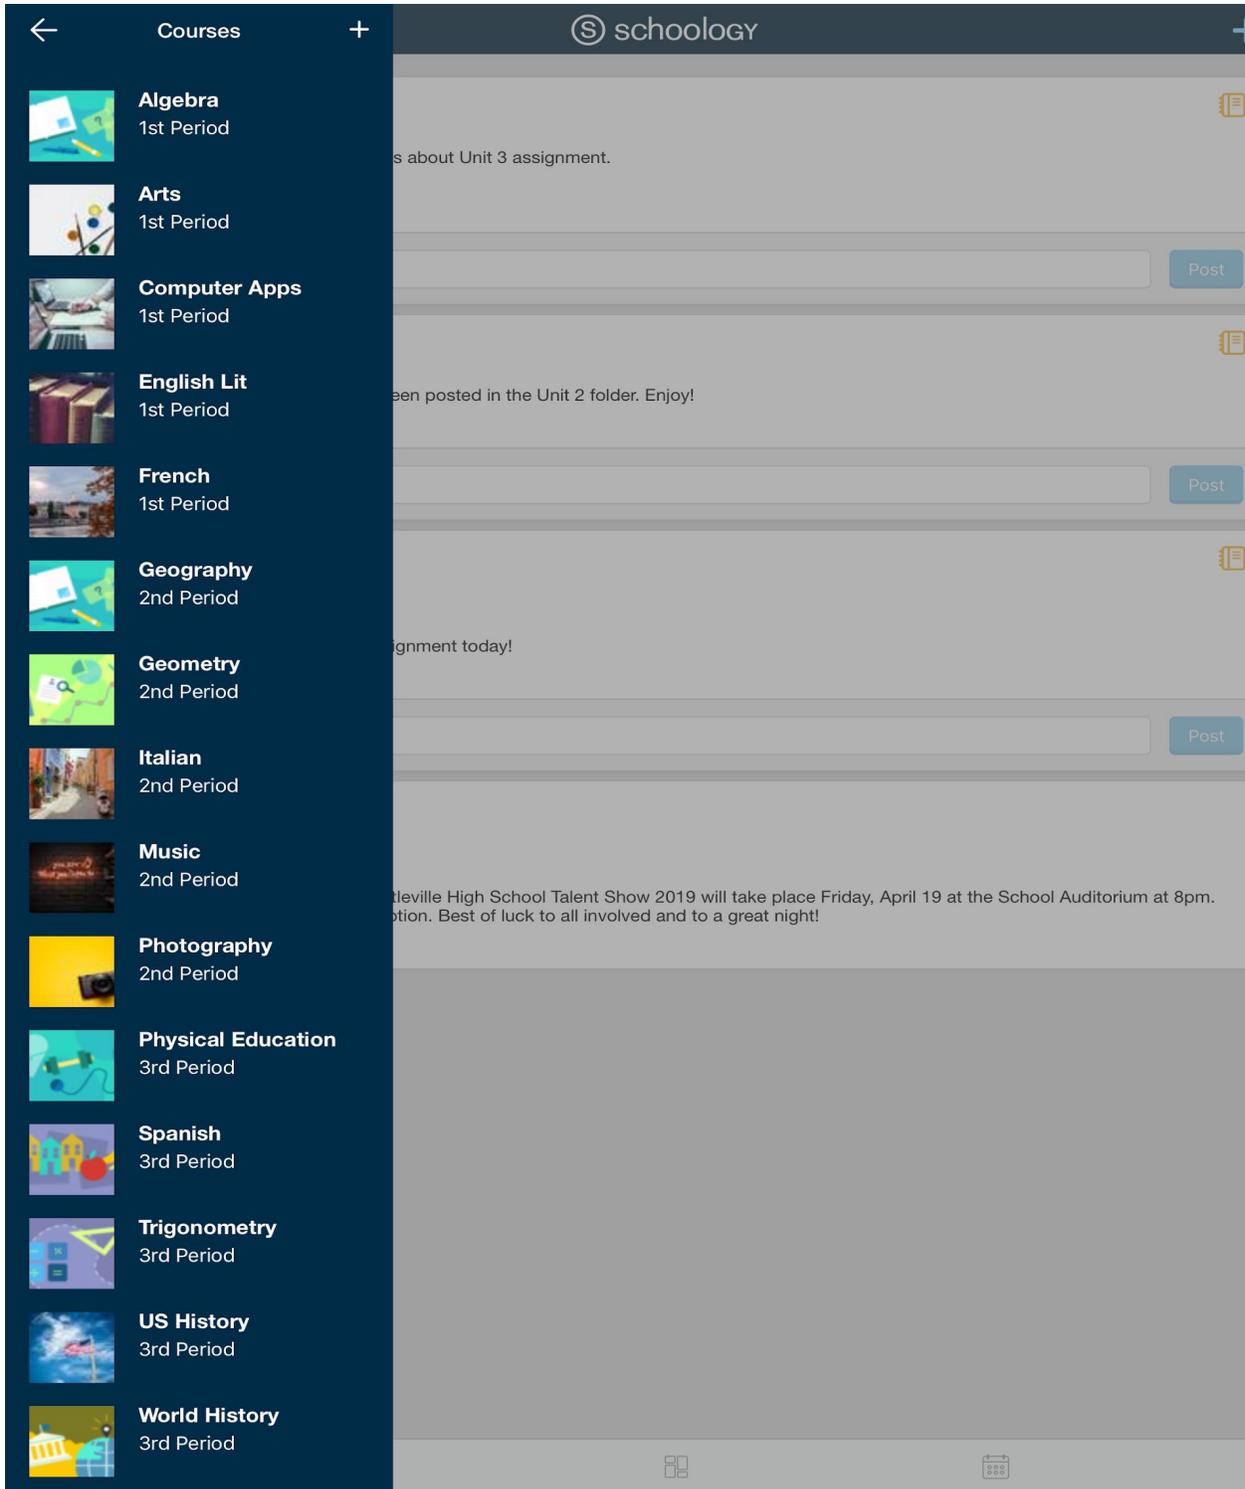

The format of the course code should be XXXXX-XXXXX (10 digits). Once you join a course, you will begin receiving updates, grades, comments, and material notifications from the course. To manage which notifications you receive, see [Notifications](#).

Note: Depending on the settings in place at your school, you may or may not have permission to join Courses via Course Access Codes.

Tap **Courses** from the navigation menu to see a list of all of the courses for which you are a member. To access a course section, tap the name of your choice.

Above, the Courses view from the navigation menu on an iPhone X. Below, the Courses view from the navigation Menu on an iPad Pro.

Depending on the settings in place at your school, the following information is available under a particular course section:

Members

Tap **Members** at the bottom panel to access course members. The Members area allows you to view all of the members of the course in alphabetical order by last name. To view a member profile, simply tap the user's name.

Note: Depending on the settings in place at your school, you may or may not have access to view the member profiles.

To send a message to a course member:

1. Tap the name of the course member you wish to message, you will be directed to their profile.
2. Tap the + sign in the upper right.
3. Type the subject of the message.
4. Type the content of the message.
5. Tap the **Checkmark** icon  on the upper right to send your message.

Note: Your school may or may not allow you to send messages in Schoology.

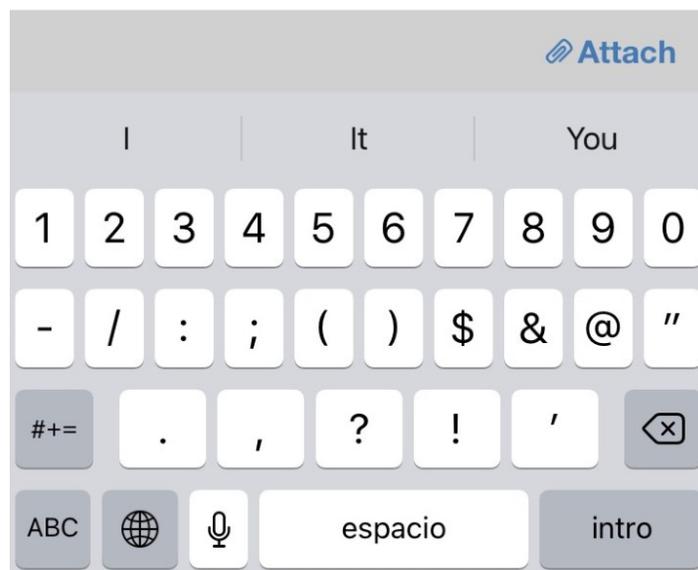

X New Message **✓**

To: Jenna Lewis

Subject: Spanish Lesson

Hi, Mrs. Lewis!

I have a question about my Spanish quiz.

Above, the New Message view on an iPhone SE.

[Back to top](#)

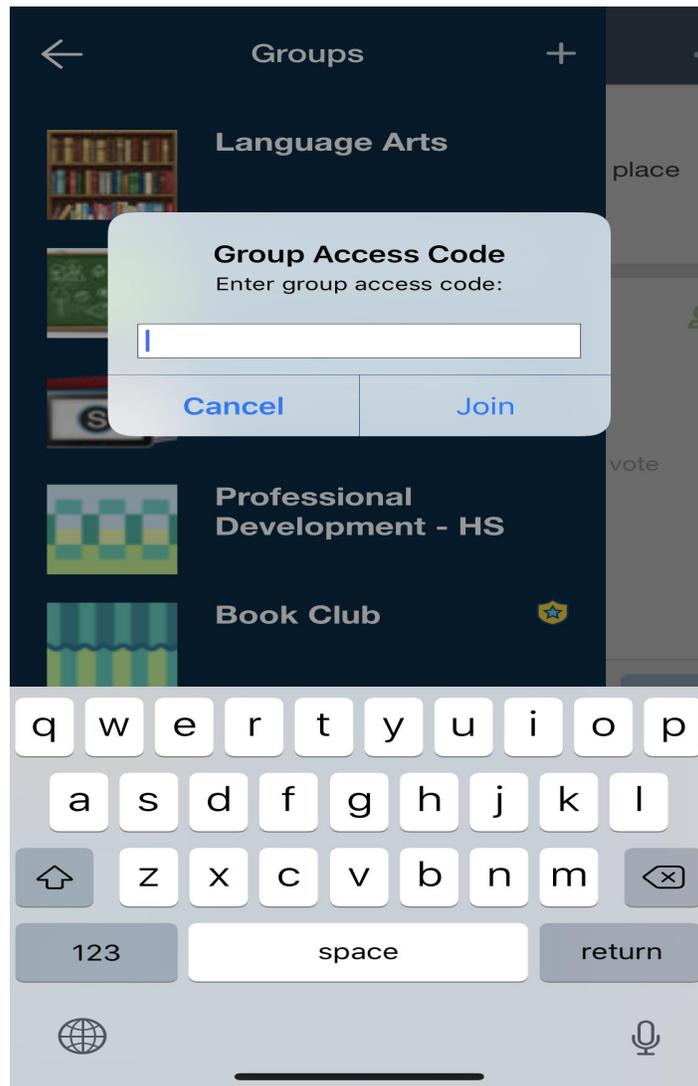

Groups

The Groups area lists all of the groups for which you are a member. You can also join a group from this area.

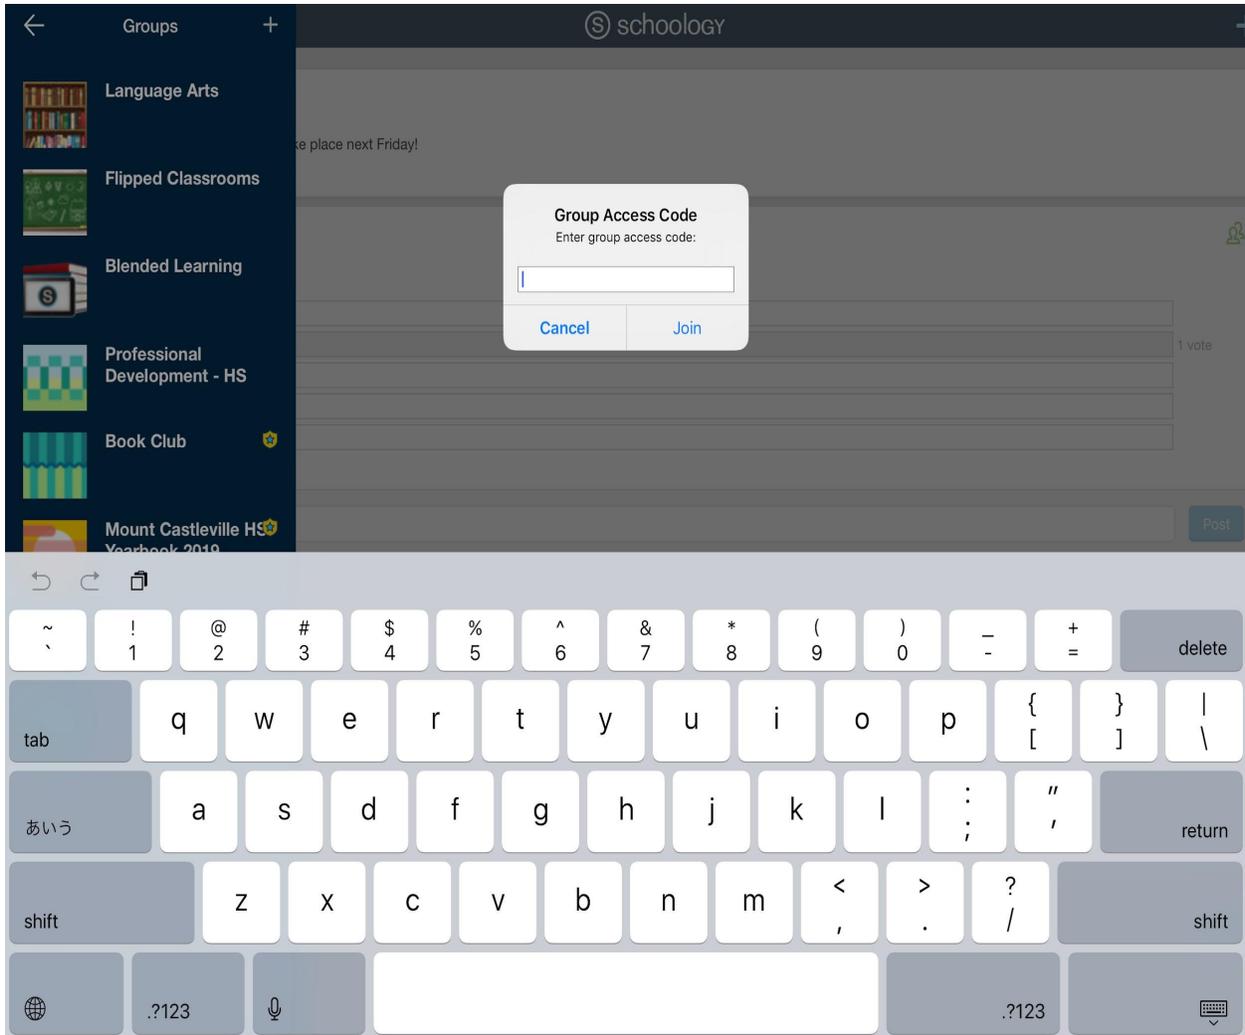

[Join Groups](#)

To join an existing Group:

1. Tap **Groups** from the navigation menu.
2. Tap the **+** icon on the upper right.
3. Enter the Group Access Code.
4. Tap **Join**.

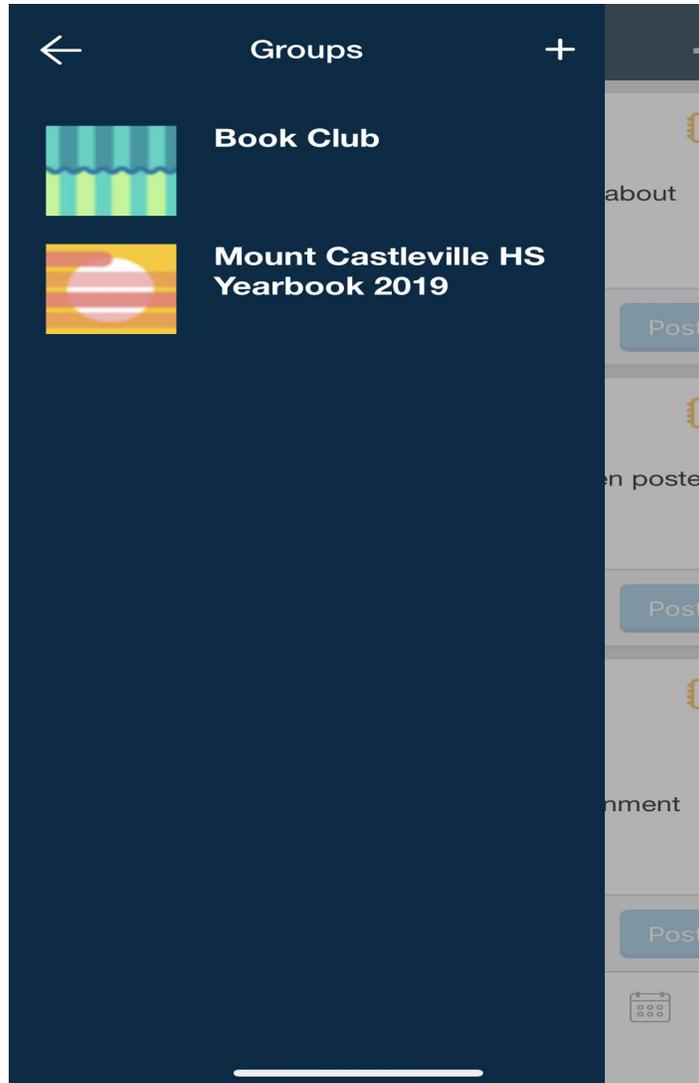

Above, the Join Group view on an iPhone X. Below, the Join Group view on an iPad Pro (landscape view).

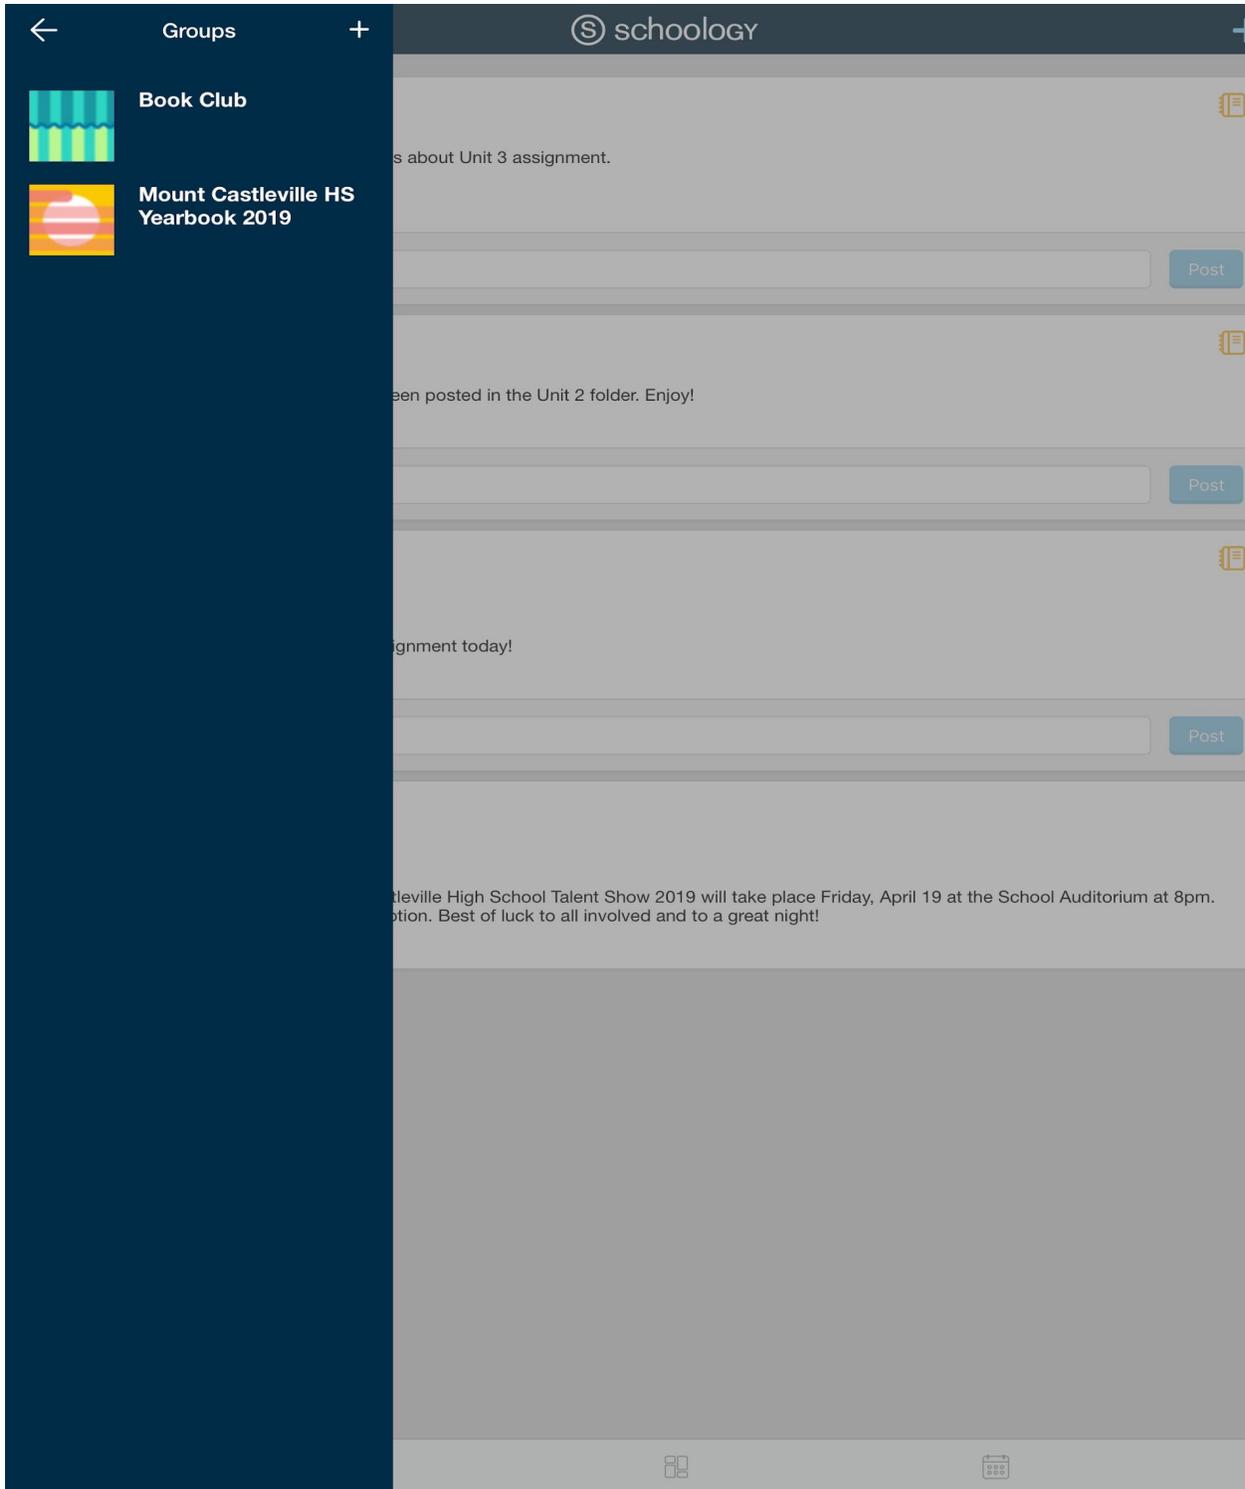

The format of the group code should be XXXX-XXXX (8 digits). Once you join a group, you will begin receiving updates, posts, comments, and event notifications from the group. To manage which notifications you receive, see [Notifications](#).

Note: Depending on the settings in place at your school, you may or may not have permission to join Groups via Group Access Codes.

Tap **Groups** from the navigation menu to see a list of all of the groups for which you are a member. To access a group, tap the name of your choice.

Above, the Groups view on an iPhone X. Below, the Groups view on an iPad Pro.

The following information is available under a particular group:

- Updates
- Discussions

- Albums
- Members
- Resources

Group Updates

Group updates show the Recent Activity for a particular group. For more information about Updates, see [Recent Activity](#).

Group Discussions

Group Discussions displays the discussions associated with the group.

Group Albums

Group albums display the media albums associated with the group.

Group Members

Depending on your device, you can access Members by tapping **More** in the bottom tab bar of the group profile and tap **Members**, or tap Members directly from the left menu. The Members area allows you to view all of the members of the group in alphabetical order by last name. To view a member profile, simply tap the user's name.

Note: Depending on the settings in place at your school, you may or may not have access to view the member profiles.

Group Resources

Depending on your device, you can access Group Resources by tapping **More** in the bottom tab bar of the group profile and tap **Resources**, or tap Resources directly from the left menu. Group Resources displays the materials and resources associated with the group.

Note: Only the following items are accessible from the mobile app:-

- Files
- Links
- Pages

All other items are listed as templates in Resources and can be accessed via the mobile browser or web browser.

[Back to top](#)

Resources

Tapping Resources on the navigation menu allows you to access your existing Resources and Collections. For more information, please see [our article on Resources](#).

Note: The only materials that can be loaded in the mobile app are read-only materials:

- Files
- Links
- Pages

All other items (Assignments, Assessments, Discussion, Test/Quiz, etc.) are listed as templates in Resources and can be accessed via the mobile browser or web browser.

Create a Personal Event

You can add events to your personal calendar through the iOS app from your Schoology Calendar. To create a personal event:

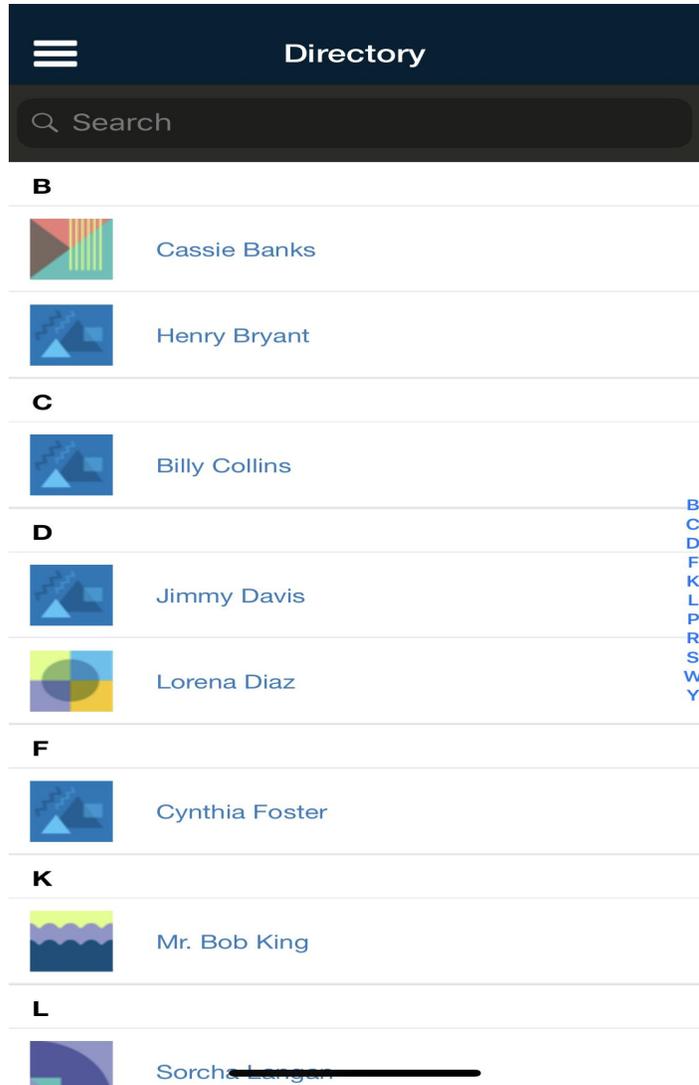

1. Tap the + icon on the upper right corner of the screen.
2. In the **Post to...** field, select Personal Event.
3. Select **When** to add a Start Date and Start Time.
4. Select an optional End Time, or make the event an All Day Event by checking the **All Day** box when selecting the Start Date.
5. Add a title to the event.
6. Select an RSVP option. You can set it to Disabled, Only invitees can RSVP, and Anyone can RSVP.
7. Add an optional description to the event.
8. Add attachments from Library, Take Photo or Video, Resources, Record Audio, and iOS Apps if you wish.
9. Tap the **Checkmark** icon  in the upper right to finish creating the event.

People

Note: Depending on the settings in place at your school, you may or may not have access to view the school directory.

The People area allows you to view your School Directory. Tap **Directory** to see a list of all the members in your School in alphabetical order by last name. To view a member profile, simply tap the user's name.

Above, the People view on an iPhone X. Below, the People view on an iPad Pro.

Account Settings

The Account Settings area allows you to control your account settings and preferences pertaining to Account Settings, Notifications, and Privacy Settings.

Account Settings

The Account Settings tab allows you to change and update your personal information as well as Merge Accounts.

Note: Depending on the settings in place at your school, you may or may not have the permission to edit your personal information or merge accounts.

Notifications

Schoology sends you e-mail notifications for Social, Academic, Group, and School activity that occurs in your account. For more information about notifications on the iOS Schoology app, please see [Notifications](#).

Privacy Settings

The Privacy Settings tab allows you to select who can access and search for your information.

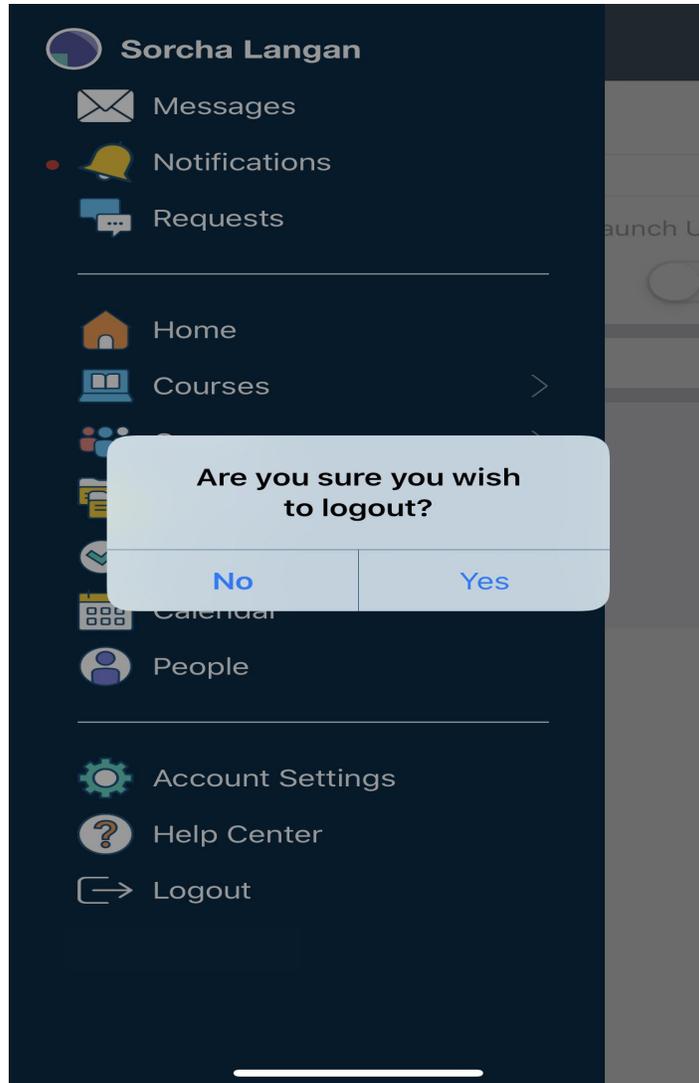

Note: Depending on the settings in place at your school, you may or may not have access to privacy settings.

[Back to top](#)

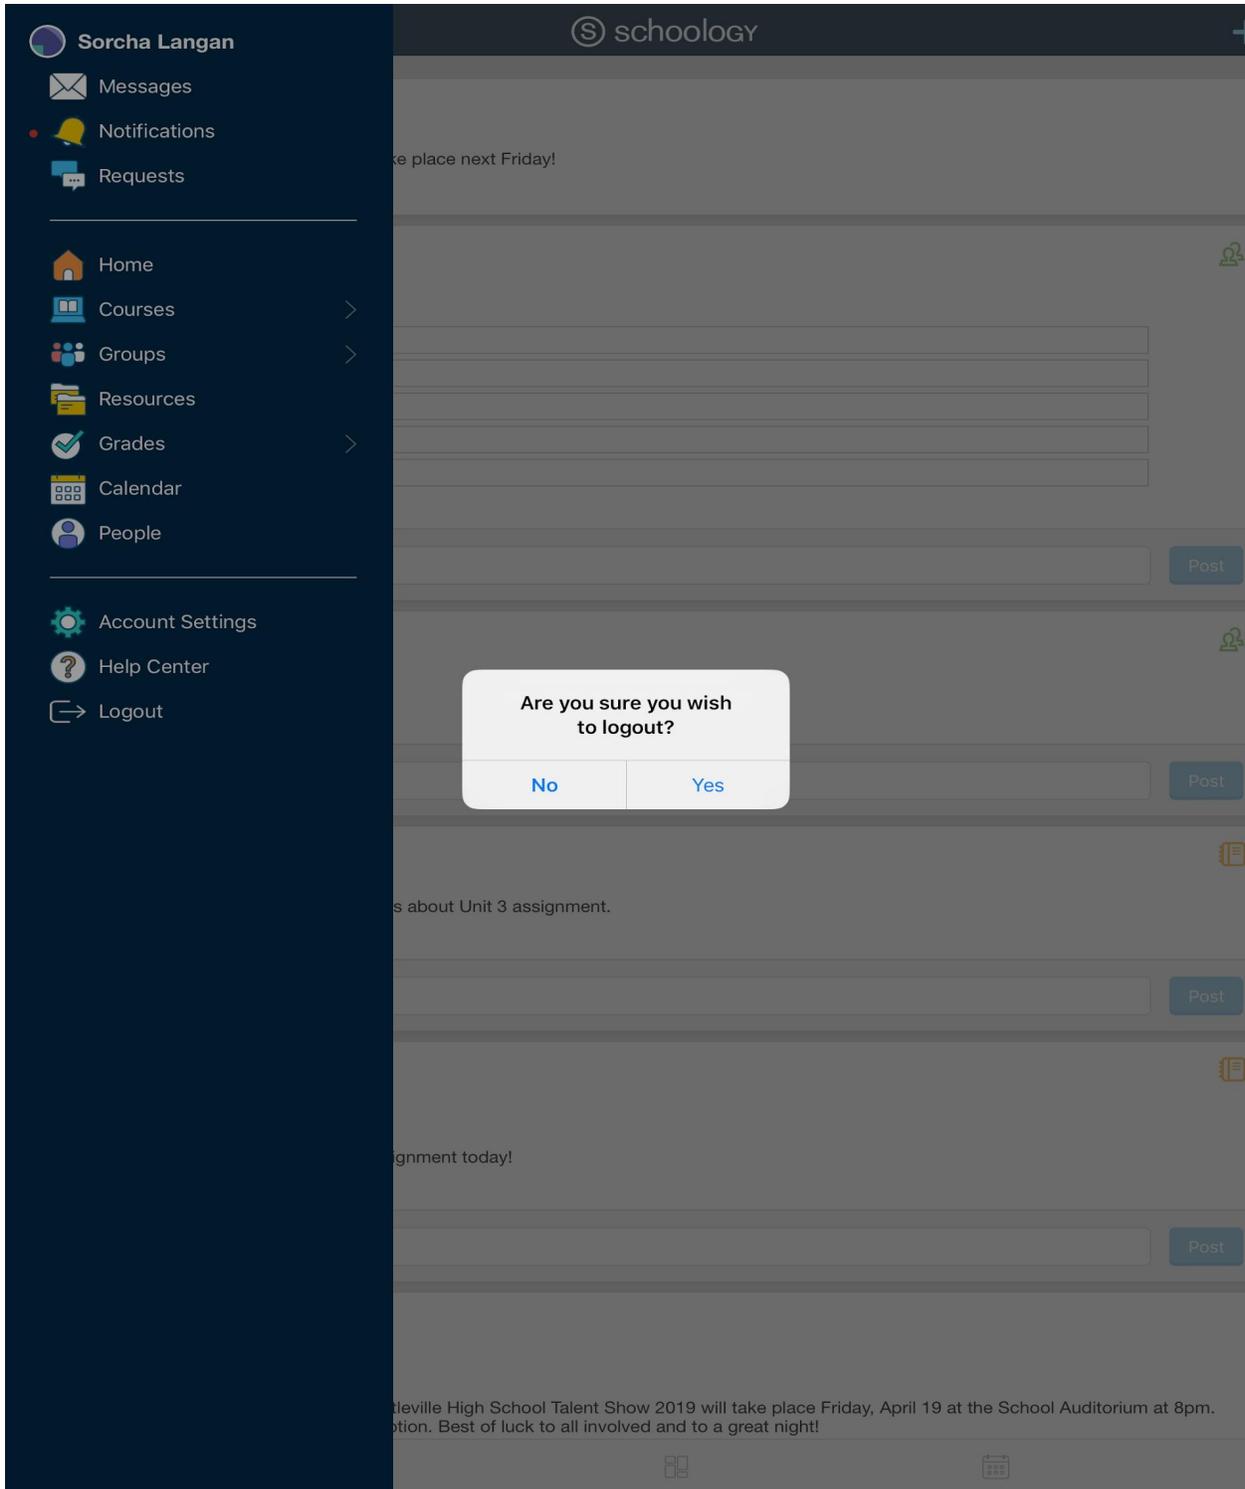

Logout

The Logout button is located on the navigation menu. You may log out at any time by tapping on the navigation icon on the upper left corner of the screen. Logout is the last option on the navigation menu.

Note: You will stay logged in until you manually log out or uninstall the application. If you quit the app, this will not log you out.

Above, the Logout view on an iPhone X. Below, the Logout view on an iPad Pro.
