

Chromebook Requests

In the event that BPS shifts to distance learning for any reason during the 2023-2024 school year, students must have a Chromebook request on file by October 13, 2023. For students who enroll after October 13, 2023, a request form is due within two weeks of enrollment in order to be sent home with a device. This form can also be used to purchase Chromebook insurance which covers use both in school and/or at home.

FAQ

Does it cost anything to utilize a school Chromebook?

No; however, students are responsible for any damages and/or loss relative to the device and/or its accessories while in their possession both at school and off-campus.

Can you tell me more about the insurance policy?

Because the cost of potential repair and/or replacement of Chromebooks can range up to \$300, families have the option to purchase a voluntary insurance policy.

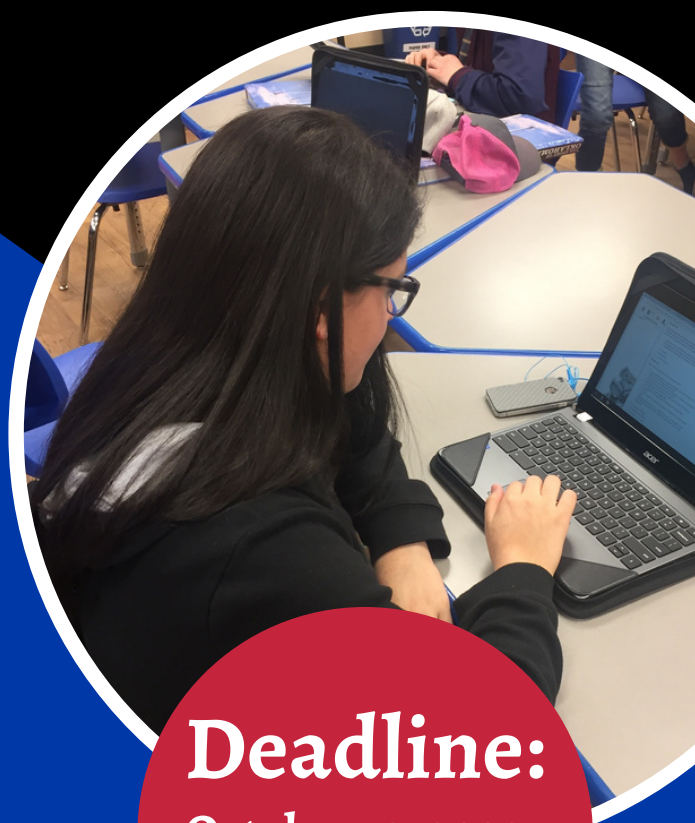

Details:

- \$20 per school year per student
- Non-refundable
- Must be purchased annually via an online form
- Although insurance is optional, the form is **REQUIRED** if a device is requested for inclement weather/DL days
- Insurance does **NOT** cover lost devices/chargers or devices damaged intentionally.

What does the insurance cover? How many incidents?

The insurance policy covers accidental damages incurred at school or at home for up to 3 incidents per year:

- 1st incident- 100%
- 2nd incident- 60%
- 3rd incident- 20%

Deadline:
October 13, 2023

or for students who enroll
after October 13, 2023:
within 2 weeks of
enrollment
