

HUENEME ELEMENTARY SCHOOL DISTRICT

August 20, 2021

Hello HESD Family,

A few updates as we approach the first week of school.

1. You are all invited to attend SHINE on Monday, 8/23 at Blackstock JHS. Even though the event is outdoors, we are asking that all attendees please wear masks except when eating or drinking. We look forward to recognizing our longevity award recipients and introducing new staff members. Social hour begins at 8:30, and the program starts at 9:30.
2. In addition to health screenings taking place at home before coming to school, students will be actively screened (temperature checked) before entering classrooms during the first two weeks of school. Health screening procedures will be evaluated at the end of the two weeks.
3. Ventura County Public Health recently updated their Student Health Decision Tree based on the new CDPH guidelines. You can view the decision tree [here](#).

I am looking forward to celebrating all our Hueneme HEROS and kicking off the 2021-22 school year. Have a wonderful weekend!

Sincerely,

Dr. Christine Walker
Superintendent
