

AIDS PREVENTION EDUCATION FOR STUDENTS

It is the policy of the Yale Board of Education recognizes that Acquired Immune Deficiency Syndrome (AIDS) prevention education will be taught a minimum of once each year during grades 5 through 12. The district will use the curriculum developed by the Oklahoma State Department of Education.

The general objective of the curricula for all eight levels includes being made aware of (1) the forms of the disease, (2) methods of transmission, and (3) prevention of Acquired Immune Deficiency Syndrome.

The district will make the curriculum and materials that will be used to teach AIDS prevention education available for inspection by the parents and guardians of the students who will be involved with the curriculum and materials. Furthermore, the curriculum must be limited in time frame to deal only with factual medical information for AIDS prevention. At least one month prior to teaching AIDS prevention education in any classroom, the district shall conduct for the parents and guardians of the students involved, during weekend and evening hours, at least one presentation concerning the curriculum and materials that will be used for such education. No student shall be required to participate in AIDS prevention education if a parent or guardian of the student objects in writing to such participation.
