✦ Grading program

✦ See the assignment name, due date, category, and grade earned

Read comments from teachers *ie:*

✦ *Assignment was due 5/16, please complete and turn in for credit or Received extra time and graphic organizer for this assignment.*

✦ View marking period grades for each class

✦ Parents have an account that has access to Genesis

✦ Suggest checking Genesis once a week since classes are always updating grades

GENESIS

GOOGLE CLASSROOM

- A different classroom for each class period. This serves as a digital notebook.
- Teachers will post almost ALL assignments & materials here.
- Most assignments will have a due date so students know when to submit their work.
- Most assignments will also have a topic - basically a category to keep organized, *ie: Classwork, Study Guides, Writing Prompts*
- Students have complete access with their [@rocktown.net](https://www.rocktownship.net) Google Account
- Parents/Guardians do not have access to Classroom pages, but can be invited to receive student work summaries via email.
- We suggest checking Classrooms with your CHILD often, as most teachers post every single day.
- Most teachers will grade assignments through Google Classrooms. Teachers will leave feedback through suggested comments on the student's work or private comments on the assignment.

QUESTIONS?

✦ If you have any questions, please write them for us and leave here in our bin.

✦ We will go through the questions and answer them on our FAQ page linked here: [CMS Portrait of a Student FAQs](#)
