LCAP: See Survey discussion.

Survey: We reviewed the Parent Survey. Suggestions for improvements:

1. Have a space for comments that relate directly to each question
2. Add an N/A response option
3. Disaggregate elementary and high school responses
4. Change question language so that subgroups are not specified in each question as this seems to lead to a lot of 'don't know' answers. Include a question that asks if opportunities/programs etc are equally available to all subgroups.

We reviewed the CSEA Staff survey. Joanie and Evonne will find a time to meet and discuss issues re: morale and time to meet with teachers.

Survey review to be continued. Motion by Janice to add an additional meeting April 29th 4-6pm, seconded by Evonne. Motion carried. May 27th meeting will be 4-5:30pm.

Facilities: Don Alameda shared the progress in the planning process. Plans to apply for Prop 39 funds to include a photovoltaic system.
