

Executive Summary School Accountability Report Card, 2011–12

For Spy Rock Elementary

Address:	PO Box 325, Laytonville, CA, 95454-0325	Phone:	(707) 984-6123
Principal:	Ms. Lorre Stange, Principal	Grade Span:	K-8

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to individual public schools. Most data presented in this report are reported for the 2011–12 school year. School finances and school completion data are reported for the 2010–11 school year. Contact information, facilities, curriculum and instructional materials, and select teacher data are reported for the 2012–13 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

Spy Rock School is located 15 miles northeast of Laytonville; five miles up Spy Rock Road and is part of the Laytonville Unified School District. The school meets the needs of a small, but significant population of students who live very remotely. The school serves students in grades K-6, but this varies depending on the community need. The school is the hub for the Spy Rock community and has an active parent support group.

Each year the school's instructional program revolves around a specific theme related to the overarching school goal, the sustainable schoolhouse. Parents and community members are deeply involved with the academic and enrichment programs that make this school the center of the community. As a result of the support and commitment of the staff and community, students are able to participate in numerous field trips, music, performing arts and project-based learning opportunities.

The mission for Laytonville Unified School District is to:

- Provide a safe environment in which our young people can achieve the knowledge, skills and attitudes necessary for success now, and in the future, recognizing that varied needs require varied programs;
- Insure that our students will be prepared to pursue any avenue of their choosing, secure in the knowledge that they can meet any challenge;
- Establish from the earliest grades that students will be guided toward self-fulfillment, a sense of community and service to humanity.

School Facilities

Summary of Most Recent Site Inspection

General-

The district works hard at maintaining the facility. The buildings require ongoing maintenance and repair. The facility is in good repair. The monthly safety reports are completed by the site principal and forwarded to the Superintendent who also serves as the director of maintenance and transportation.

Maintenance and repair-

The school has two classrooms and a pump house/storage building, not used by students. Both classrooms have restroom facilities. The playground is maintained by the district grounds person, who mows, weeds and replaces the cushioning material under the playground equipment.

Cleaning process and schedule-

Both classrooms and the bathrooms are cleaned daily. The superintendent works closely with the site administrator, teacher and maintenance staff to guarantee a safe and clean school.

Deferred Maintenance-

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components.

School Accountability Report Card

Reported Using Data from the 2011–12 School Year

Published During 2012–13

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California’s public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2011–12)

Spy Rock School is located 15 miles northeast of Laytonville; five miles up Spy Rock Road and is part of the Laytonville Unified School District. The school meets the needs of a small, but significant population of students who live very remotely. The school serves students in grades K-6, but this varies depending on the community need. The school is the hub for the Spy Rock community and has an active parent support group.

Each year the school's instructional program revolves around a specific theme related to the overarching school goal, the sustainable schoolhouse. Parents and community members are deeply involved with the academic and enrichment programs that make this school the center of the community. As a result of the support and commitment of the staff and community, students are able to participate in numerous field trips, music, performing arts and project-based learning opportunities.

The mission for Laytonville Unified School District is to:

- Provide a safe environment in which our young people can achieve the knowledge, skills and attitudes necessary for success now, and in the future, recognizing that varied needs require varied programs;
- Insure that our students will be prepared to pursue any avenue of their choosing, secure in the knowledge that they can meet any challenge;
- Establish from the earliest grades that students will be guided toward self-fulfillment, a sense of community and service to humanity.

Opportunities for Parental Involvement (School Year 2011–12)

The opportunities for community involvement within the school are many and varied. The following represent opportunities for residents to become involved with the district and in our schools.

1. Classroom Volunteer: Volunteer help is always encouraged and welcome in our schools. Parent volunteers often seem to drop as children advance through the grades, although the need for volunteers continues for all grades. Interested parent and community members can contact Lorre Stange, Principal, at 984-6123 for further information.

2. School Site Council: The council serves as a primary vehicle for parent/community/staff dialogue. Their responsibilities are defined by state mandates. This advisory council ensures that the school's Single School Plan is being implemented and assesses periodically the effectiveness of each program. The site council meets on the first Tuesday of each month during the school year. Interested residents should contact the

school principal, Lorre Stange at 984-6123.

3. Indian Education Advisory Council: The Indian Education Parent Advisory Committee meets annually at the Cahto Tribal Center or the Family Resource Center. This council advises the Title VII coordinator of the Indian Education programs to ensure Indian children receive educational support as well as support in improving self-concept, cultural awareness and respect. Interested residents may contact the program coordinator, Lorre Stange at 984-6123.

4. Healthy Start: The Healthy Start Family Resource Center is in its fifteenth year of operation. The program is sustained through multiple funding sources and provides services to students, families and community members. Current projects are in the areas of access to health care, economic development, capacity building, community education, multi-agency coordination and partnership development. For more information contact the Family Resource Center at 984-8089.

5. Laytonville Unified School District Board Meetings: School Board meetings are always open to the public with agendas posted 72 hours in advance for regular Board meetings. Meetings are generally held on the first Thursday of each month. Public input and attendance are encouraged. Contact the district office at 984-6414 for more information.

6. District Advisory Committee: This committee is comprised of representatives from throughout the school district. The purpose of the committee is to advise the school board on various shared decision making topics such as the budget, school calendar and other school policies. Meetings are held once a month on the fourth Tuesday.

7. Wellness Committee: Meets as needed to develop and promote district wide health, nutrition and physical education activities. This committee serves as a subcommittee of the District Advisory Committee (DAC).

8. There are numerous school based activities that include the larger Spy Rock community; these include the Back-to-School campout and star gazing party, holiday potlucks and the annual community plant sale held in May.

III. School Climate

School Safety Plan (School Year 2011–12)

The Spy Rock Elementary School Safety Plan has been drafted in coordination with the Laytonville Elementary Plan and is revised annually. It strives to identify areas of improvement for school climate and school safety. Quarterly safety meetings are held as part of the District Advisory Committee's responsibilities. In addition, the safety plan includes emergency preparation and procedures. The Safe Schools plan is reviewed in staff meetings and in DAC meetings every other month. A district wide nutrition grant focuses on serving healthier foods in our food service program. All students participate in a physical education program that either meets or exceeds the required minutes of instruction. Multiple modules of the

Healthy Kids Survey are administered and the results are used to determine focus areas for health education.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2011–12)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* Web page at: <http://www.cde.ca.gov/nclb/sr/tq/>

Other: Garden Nutrition Coordinator	Satellite school uses main campus resources	

Note: Cells shaded in black do not require data.

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2012–13)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instructional materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: _____

Core Curriculum Area	Textbooks and instructional materials/year of adoption	From most recent adoption?	Percent students lacking own assigned copy
Reading/Language Arts	K-6: Houghton Mifflin	No	0
Mathematics	K-6: Scott Foresman	Yes	0
Science	K-6: McMillan McGraw Hill	Yes	0
History-Social Science	K-5 Houghton Mifflin	Yes	0

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2010–11)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental / Restricted)	Expenditures Per Pupil (Basic / Unrestricted)	Average Teacher Salary
School Site	\$6,785	\$408	\$6,377	\$46,394
District			\$7,468	\$55,381
Percent Difference – School Site and District			14.6%	16.23%
State			\$5,455	\$57,948
Percent Difference – School Site and State			14.46%	19.9%

Note: Cells shaded in black do not require data.

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. **Basic/unrestricted** expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the *CDE Current Expense of Education & Per-pupil Spending* Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the *CDE Certificated Salaries & Benefits* Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2011–12)

The Laytonville Unified School District provides general education services, special education services and alternative education services to children in grades K-12 in the greater Laytonville community. Library services, counseling, psychological services, child welfare and attendance services, services for English Language Learners and remedial academic services are provided either on site or at the elementary school in town. Academic support and enrichment is provided through a comprehensive summer school program.

Restricted Categorical Funds (2011-10)

The district receives State and Federal categorical funding that is legally restricted to the intended programs and purposes. The primary purpose of these funds is to provide supplemental support programs to assist all students to meet State and local performance standards and growth targets. The School Site Council oversees many of the categorical funds and recommends their use to the School Board. The administrative team works collaboratively to maximize the impact the funds have on the educational programs that support student achievement.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

California Physical Fitness Test Results (School Year 2011–12)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school’s test results to the district and state, see the CDE *PFT* Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API* Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school’s statewide and similar schools’ API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched “similar schools.” A similar schools rank of 1 means that the school’s academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school’s academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator

- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE *AYP Web page* at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2011–12)

AYP Criteria	School	District
Made AYP Overall	Yes	No
Met Participation Rate - English-Language Arts	Yes	Yes
Met Participation Rate - Mathematics	Yes	Yes
Met Percent Proficient - English-Language Arts	Yes	No
Met Percent Proficient - Mathematics	Yes	No
Met API Criteria	N/A	No
Met Graduation Rate	N/A	N/A

Federal Intervention Program (School Year 2012–13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations Web page*: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Indicator	School	District
Program Improvement Status	Not in PI	Not In PI
First Year of Program Improvement		
Year in Program Improvement		
Number of Schools Currently in Program Improvement		2
Percent of Schools Currently in Program Improvement		33.3%

XI. School Completion and Postsecondary Preparation

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course

work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the *UC Admissions Information Web page* at <http://www.universityofcalifornia.edu/admissions/>. (Outside source)

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the *CSU Web page* at <http://www.calstate.edu/admission/admission.shtml>. (Outside source)

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The principal is the instructional leader at Spy Rock Elementary School. The district's academic curricula are aligned with the State Frameworks and Content Standards. Various state publications emphasizing research-based strategies are used as guidelines for creating curriculum that will help our students be prepared for the future. The Director for Curriculum and Instruction, from the Mendocino County Office of Education, regularly collaborates with the staff during the twice monthly meetings devoted to discussing student progress, assessment, curriculum implementation and extracurricular programs. English Language Arts and Math intervention programs are being developed and implemented. Many classes include performance assessment and small cooperative group strategies as regular instructional strategies to teach the standards-based curriculum.

Spy Rock Elementary School professional development focuses on strategies to assist all students in meeting or exceeding the California state academic achievement standards (proficient or advanced levels), including integrating standards based curriculum, instructional practice, assessment and understanding the strengths and needs of the student population. The Professional Development Plan encourages that activities are based on the California Standards for the Teaching Profession. All staff are either CLAD certified or have participated in Specifically Designed Academic Instruction in English (SDAIE) methods where specific teaching strategies are used to meet the needs of English Language Learners.

The district supports minimum days on Fridays during the school year. These days allow the staff to meet as teams to plan curriculum, discuss student achievement, revise assessments, discuss school safety and work on other necessary and essential components of the school program. The district staff development program continues to encourage teachers to participate in various professional development opportunities. Some of these may include:

1. Participation in professional development during the three paid teacher in-service training days;
2. Participation in Friday common planning time (1:30 dismissal);
3. Participation in Summer Institutes English Language Arts training and math, technology use and P.E.;
4. Participation in professional growth conferences with expenses and substitute costs covered by various categorical funds including Indian Education, Title VII, Title II, Special Education, School-Library Block Grant, GATE, Title I and others.
