\_\_\_\_\_

### Option B

#### Choosing to NOT get a COVID-19 test

- ☐ Stay home
- ☐ Stay home for 10 days AND no fever for 24 hours without the use of fever reducing medication AND symptoms improve
  - ☐ Earliest Return date (10 days from when symptoms first began):  
\_\_\_\_\_

### Option C

#### Choosing to get an alternate diagnosis

- ☐ Stay home
- ☐ Get an alternate diagnosis from your health care provider that explains all symptoms.
  - ☐ It is recommended to also get a COVID-19 test but is not required
- ☐ If alternate diagnosis given:
  - ☐ A signed doctor's note must be given to school nurse.
  - ☐ Stay home for 24 hours with no fever without the use of fever reducing medications AND symptoms are improving OR
  - ☐ Stay home as recommended by health care provider, **whichever is longer.**
- ☐ If alternate diagnosis is not given:
  - ☐ Must pick Option A or B.
