March 28, 2018

**Marysville School District invites families, community and staff
to attend a community meeting**

MARYSVILLE, WA - Marysville School District (MSD) is asking MSD families, staff and community members to attend a community meeting on Saturday, April 21, 2018 from 9:30 a.m. - 11:30 a.m. at the Francis Sheldon Gymnasium located at the Marysville Tulalip Campus, 7204 27th Ave NE, Marysville, WA 98271.

During the meeting, the District will bring staff, students, families and the community together to hear some of our initial thoughts and the early actions that we are taking in response to what we have heard as a result of the recent online surveys. In addition to hearing about what we are doing so far, we will ask your help in shaping and strengthening ways that the District can act on several important topics (for example, engagement with parents and the community, strengthening school safety and security, and fostering a culture of high expectations for every student, among other things) and upcoming decisions (for example, school choice and neighborhood schools).

“We are grateful for the feedback from our students, staff, families and community on the direction Marysville School District is taking, and how we should plan for our future,” said Acting Superintendent Jason Thompson. “This is an exciting time to be a part of our community, and we look forward to the conversation on April 21 and our next steps in updating our Strategic Directions.”

The community meeting is the sixth and final stage in the public engagement effort that MSD began in the fall of 2017 to update MSD’s strategic directions. You can learn more about that effort here: <http://bit.ly/MSDPlanning>. The current Strategic Directions are the result of the 2014 Dream Big for Kids event.

Those who would like to attend can RSVP here: [RSVP HERE](#) - Click on link. This event is open to all.

ABOUT THE MARYSVILLE SCHOOL DISTRICT

The Marysville School District seeks to engage our community, inspire our students, and prepare our graduates. It is our belief that every child in our community deserves the very best educational experience possible, and every child has the potential to achieve success in life if given the right tools to do so. Learn more at www.msd25.org.
