

Family and Community Information:

Vaccines:

- *The best defense against COVID is the vaccine, so we strongly encourage all that are eligible to get vaccinated to do so.*
- *Vaccinations **cannot** be required and we cannot ask staff their vaccination status, unless regarding quarantining or close contact. Student vaccination records are accessible to our health personnel.*
- *Quarantining staff and students (12 and up) will depend on their vaccination status.*

Masks:

- *Face masks will be **optional but encouraged** for all students and staff. We will continue to monitor the situation and make changes as necessary.*
- *Students that have symptoms and are tested will be **required** to wear a mask for that day.*
- *Face masks will be **required** for students exhibiting illness, as recommended by our medical advisor.*

Activities:

- *WASD will welcome volunteers, parents and outside presenters. Visitors exhibiting symptoms will be denied entrance. WASD reserves the right to remove this access. Screening (to include temperature checks) and rapid testing **may be required** for outside visitors based on local COVID metrics. WASD reserves the right to remove access based on local COVID metrics. WASD will follow WIAA requirements and regulations.*
- *Spectators will **not** be limited at school sponsored events.*
- *Outside groups will be allowed to access facilities based upon completion of required application. WASD reserves the right to limit or cease outside groups based on local COVID metrics.*

Social Distancing:

- *Student and staff will **not** be required to maintain 3 or 6 feet of distance. This is subject to change based on local or state health officer recommendations along with internal metrics.*

Testing:

- *WASD **will** quarantine staff and students that test positive with the rapid antigen and/or PCR test. WASD is providing onsite antigen rapid tests and PCR tests for students and staff. PCR tests are given onsite and sent to a lab. Results are typically returned within 48 hours.*
- *Parents will be notified and offered the option of testing their child or not.*
- *If your child is symptomatic, they will be required to either rapid test or stay home.*

Other:

- *Due to CDC order, all students are **required** to wear a mask while riding the bus.*
- *Food service and ala carte will resume as normal.*
- *Virtual or alternate learning **may** be offered for students who are required to isolate or quarantine due to exposure to, or contraction of, COVID-19. The school district will work with each family to the best of its ability to provide equitable access to education.*

Unvaccinated Students:

School Exposure:

* School will contact trace, and students will stay in class, are **required** to wear a face mask, and will receive a rapid antigen test on day 6 or 7. Refusal to test will **require** an additional 7 days of wearing a face mask and no symptoms.

Household Contact:

*Unvaccinated household sibling(s) of positive individual will quarantine. Stay home and follow CDC/WI-DHS guidelines for release. Isolated students may return with a negative test on day 8 or 10 days with no test. Non-isolated students may return in 17 days with a negative test or 20 days with no test.

Non-Household Close Contact (Symptomatic)

*Stay home until 24-48 hours fever free, symptom improvement and a negative test. Refusal to test will **require** a 7-day quarantine.

Non-Household Close Contact (Asymptomatic)

*Parents are highly encouraged to have the student tested at school. Student will stay in school but will be **required** to wear a face mask for 7-9 days. If the child is sick, parents must keep them home and monitor for symptoms.

Vaccinated Students:

School Exposure:

* School will contact trace, and students will stay in class, are **required** to wear a face mask, and will receive a rapid antigen test on day 6 or 7. Refusal to test will require an additional 7 days of wearing a face mask and no symptoms.

Household Contact:

*Vaccinated students may return to school immediately and will be **required** to wear a mask for 7 days post exposure, unless symptomatic. A rapid test is encouraged. If symptoms, student may be required to rapid test or stay home.

Non-Household Close Contact (Symptomatic)

*Stay home until 24-48 hours fever free, symptom improvement and a negative test. Refusal to test will **require** a 7-day quarantine.

Non-Household Close Contact (Asymptomatic)

*Parents are highly encouraged to have the student tested at school. Student will be **required** to wear a mask in school. If the child is sick, parents should keep them home and monitor for symptoms.

Unvaccinated Staff:

School Exposure:

*Unvaccinated staff with classroom exposure will stay in class and are **required** to wear a face mask for 7 days post exposure. Rapid testing on days 5-7 is **required**.

Household Contact:

*Stay home and follow CDC/WI-DHS guidelines for release. Isolated staff may return on day 8 with a negative test or 10 days with no test. Non-isolated staff may return in 17 days with a negative test or 20 days with no test.

Non-Household Close Contact (Symptomatic)

*Stay home until 24-48 hours fever free, symptom improvement and a negative test. Refusal to test will **require** a 7-day quarantine.

Non-Household Close Contact (Asymptomatic)

*Monitor for symptoms, notify school health personnel and administrator, and stay home if you're sick. Staff may choose to be tested at work. Staff member will be **required** to wear a mask for 7-9 days.

Vaccinated Staff:

School Exposure:

*Vaccinated staff with classroom exposure will stay in class and are **required** to wear a face mask for 7 days post exposure. Rapid testing on days 5-7 is **required**.

Household Contact:

*Vaccinated staff may return to work immediately, unless symptomatic. They will be required to wear a mask for 7 days post exposure. Staff member will be **required** to rapid test 5-7 days post exposure.

Non-Household Close Contact (Symptomatic)

*Stay home until 24-48 hours fever free, symptom improvement and a negative test. Refusal to test will **require** a 7-day quarantine.

Non-Household Close Contact (Asymptomatic)

*Monitor for symptoms and notify school health personnel and administrator. Staff will be **required** to wear a mask for 7 days post exposure. Rapid testing on days 5-7 is **required**.
