

Drug Use, Drug Misuse, and Drug Dependence: What's the Difference?

Never Say, "It Won't Happen to Me"

Learn about the warning signs of drug and alcohol use and abuse by taking a walk through the "Hidden in Plain Sight" trailer, presented by the [HERO foundation](https://www.hero-foundation.org/).

The "Hidden In Plain Sight" trailer is an interactive, educational tool designed to look like a teenager's bedroom, with seemingly ordinary items placed in plain view revealing where drugs or alcohol can be hidden "in plain sight." It will be on site to educate family members about the warning signs of substance use and abuse.
(Open for viewing **to adults 18 years and older** beginning at 6pm, will close and re-open after the presentation portion of the event).

Join our speakers as they share education and prevention information as well as their personal stories of confronting the realities of drug use, abuse, and dependence.

Connie Dewall

Program Manager, Will County Substance Use Initiatives

Mary Ellen Miller
