

## ***Contracts Over \$25,000 FY 2022***

Public Act 95-707 imposes obligations on school districts to publicly disclose significant contracts, including the contract with the exclusive bargaining representative in the current fiscal year. A significant contract is any contract with a vendor over \$25,000. We have provided a listing, by name or vendor name and not the amount of the contract. The information is derived from the contracts that the school district has with employees, consultants, other institutions, and vendors. Much of the information is also provided in the Annual Statement of Affairs (ASA) that is annually printed in the newspaper each year prior to December 1<sup>st</sup>. This information is provided here on the District Website as required by law.

The list of contracts for our school district for FY 2022 include: Lillian Almeroth, Anchor Heating & Air Conditioning, Amalgamated Bank of Chicago, Arbor Food Management, Inc.
