SSDA Youth Leaders take a primary role in coordinating and organizing youth activities and work with SSDA to be the voice of California Small School Districts. Youth Leaders are expected to:

- be ambassadors
- be approachable, reliable, and trustworthy with high expectations of themselves and others
- take an active role at the local and state level on student issues
- work with others (students, teachers, parents and community members) to achieve the best possible outcomes.
- publicly speak – including introducing guest speakers, assemblies and testify at legislative and statewide hearings
- provide input into SSDA decisions.

Youth Leaders aspire to create a network of engaged young advocates who will cross county boundaries to create a youth-led movement in California.
