10.1 Updates

- HB110 - Fair School Funding

Minutes:

Ms. Eyerman provided an update on the information available to date on HB110. She will continue to update the Board and administration as specific details are shared. The Ohio Department of Education is charged with interpreting the bill and implementing it. They are still working on that process. Some parts of the bill do not go into effect until after September due to the law. The first foundation payment in October should be the first payment using the new formula. the phased-in percentage for year one will be calculated then.

Mr. Hunt asked if we would have it on the October forecast. Ms. Eyerman stated that she anticipates that as ODE works through the bill they may inform the treasurers in the process which should lead to the ability to calculate the October forecast using the new funding amounts.

Ms. Eyerman stated that she would continue to update the Board as more information is available. She is attending two upcoming workshops, one in August and one in October. Each should provide more information.

10.4 Monthly Financial Report

It is recommended that the Board of Education approve the June 2021 Monthly Financial Summary Report.

Minutes:

Vote recorded in 10.0

Ms. Eyerman reviewed the summary, pointing to the month-by-month spreadsheet of revenue and expenditures. The last two columns compare the actual to the May 2021 forecast. The district's expenditures exceeded revenue, but not to the extent that was forecasted. This was mostly because of the ability to use ESSER funds this year for the supplies and Capital Outlay that were forecasted and were COVID related. It was forecasted that the district would end the year with expenditures exceeding revenue and reducing the district's cash balance by \$672,172. Actual expenditures exceed revenue and reduced the cash balance by \$218,145 after transfers and advances to other funds were posted.
