

# MISSION VALLEY USD 330 HOME OF THE VIKINGS SEPTEMBER 2021 NEWSLETTER

The 2021-2022 school year has finally blasted off and we are officially flying into the new school year.. This school year will be another exciting one; we have hired outstanding new staff members to combine with the already fantastic people we have on board, and we have a large number of new students and their families. There will be new opportunities available to students to help them grow academically, and new procedures and practices that will raise the level of educational expectations at Mission Valley.

On August 11th we kicked off the Back 2 School All-Staff Inservice (face-to-face) with a catered breakfast, new staff introductions, and message of support and encouragement by Senator Brenda Dietrich and Representative Chuck Schmidt. Over the course of the next several days building administrators and staff received professional development on topics including teaching reading, using data to drive decisions, and working in their professional learning communities.

This year we added to our Open House a Back 2 School Pep Rally which was attended by over 400 Viking Fans.....how great it was to see everyone having a great time and getting back to the “norm”.

This year USD 330 Mission Valley will move into Year 4 of the Kansas Education Systems Accreditation 5-year process. The vision for education in the state of Kansas is that “Kansas leads the world in the success of each student”. The ultimate goal is that each high school graduate will be successful. What is a “Successful High School Graduate”? A successful high school graduate has the academic and cognitive preparation, technical and employability skills, and civic engagement to be successful in postsecondary education, in the attainment of an industry recognized certification, or in the workforce, without the need for remediation. It is recognized that not every high school graduate needs to go to college. It is recognized that over 70% of the jobs in the near future will require certification at some level.

Along with striving to produce successful high school graduates other results will be looked at. We want to make sure that our students are receiving the social-emotional support that they need, that we know what our Kindergarten students need when they first set foot in the school, that each student has an Individual Plan of Study that supports the vision for their future, and that after graduation our students are demonstrating success at the post-secondary level. We will be exploring relationships within the Mission Valley School Community, evaluating curriculum and instruction, technology, student engagement, district/school climate, etc....

Thank you for your continued support of USD 330 Mission Valley and I hope each student, parent, patron and faculty member has a great 21-22 school year.

William J. Clark, Superintendent/SPED Director

Mission Valley Jr/Sr High School had a very exciting start to our school year. We have welcomed many new families into our building this school year and we are excited to create new relationships while sharing all of the wonderful opportunities we have to offer students here at Mission Valley.

We saw a tremendous turnout at our back to school open house and first ever back to school pep rally. We had well over 400 people in attendance which will allow us to grow this event moving forward into next year!

Homecoming week is a little earlier this year falling on the week of September 6th-10th. On Wednesday September 8th we will have some exciting community activities taking place on campus. We will have a community pep rally, food trucks, red wagon parade, yard games, and a punt, pass and kick competition. Our Mission Valley PTO, and Booster Club are working hard to start and rejuvenate some homecoming week traditions at Mission Valley and we are grateful for their enthusiasm and support.

Our students and staff have settled into their normal routines after welcoming the students back the first 2 days with assemblies, breakout rooms, class meetings, student organization presentations (rush day), as well as some outside activities.

Our students completed their first round of district MAPs assessments for science, reading and math in late August so our teachers and staff can determine what skills our students need to focus on moving forward this year.

It is our goal to make the 2021-2022 school year the best one yet here at MVJSHS! Thank you for your continued support!

**Randy Wild, 7-12 Principal**

The last few weeks our elementary staff has been getting to know students and working hard to share expectations and set routines. It has been good for all of us to have students in the building.

As we start our year, we are reviewing common expectations in the classroom, playground, lunchroom, restrooms, and hallways. With the new year off and running, below are a few reminders to help this school year continue to go smoothly. Please help us provide a safe environment for our students on a daily basis:

- ◆ Students that are brought to school at the start of the school day must be dropped off at the North East end of building. Staff is there at 7:45 - 8:00 a.m. to meet your child.
- ◆ Students are dismissed at 3:30 p.m. Students are to be picked up at the North end of the building. Elementary students are not to be walking in or across the parking lot unless escorted by an adult.
- ◆ Students are not to be left at the school unattended to wait for an activity to start. Students must be appropriately supervised by an adult at all times while attending school activities that are after the school day.
- ◆ Transportation changes
- ◆ Day to day changes - Contact the elementary office by 2:45 p.m.
- ◆ Permanent bus changes must be made with Mary Hewes at the District Office, who then notifies elementary secretaries.
- ◆ Regularly check our website for district/school updates. [www.mv330.org](http://www.mv330.org)

Welcome back to school!

There are a lot of exciting things taking place during this upcoming 2021-22 academic year. Between the ACT & ACT Workkeys assessments being offered for free to the Juniors in the spring semester, the ACT Tesseract, PreACT for the 9th graders, the FHTC Wrangler Virtual Day opportunity for the Freshmen, the ASVAB testing for the Sophomores, college visitation opportunities for 9-12th students each semester, and Job Shadowing opportunities for Juniors and Seniors, all of the students will have plenty on their plate to go along with the basic rigors of school and extracurricular activities.

Student-Led Conferences will start taking place in the Fall (for seniors) and Spring (9-11th grade) semesters from now on. The dates for the fall are October 20th & 21st.

**COLLEGE & CAREER READINESS FAIR - 9/20/2021**

MVHS is offering a college and career readiness fair. This fair will have 3 classes for 'seniors & parents/guardians' that will help provide information to help prepare the seniors for their first year of college (FAFSA training, College Preparedness, & Admission Rep / Military Meet & Greet). There will be many admissions representatives from Kansas colleges/universities in the HS commons that will be ready to answer questions and schedule college visits for ALL MVHS students (not just seniors). The US Armed Services will have their recruiters available to assist with financial funding options for college, as well as present career readiness opportunities.

## Viking HOUR

Viking HOUR will focus on college/career readiness, socio-emotional character development, academic intervention, team-building, career speaker engagements, and civic engagements all done to help prepare the students for current and post-secondary success.

The counseling department will be directly assisting the students, the teachers and administrators in this area by introducing a comprehensive school counseling program that includes curriculum and guidance lessons that are developmentally sound and can be directly tied to the needs of the students.

The lessons and assignments are geared to fit the student at their specific grade/age level. The students will have the entire week to complete the lessons and assignments that are assigned to them weekly.

Mission Valley will sponsor the Apply Kansas event on 10/1/2021 from 2-3:30 p.m. for MV Seniors. This event will bring in college admissions representatives to help students with the application process to the colleges of their interests for the upcoming 2022-23 academic year. They will also help students to answer any questions they have about post-secondary transition. The event is filled with college-swig giveaways, fun, and pictures of the students with the pennants of the colleges for which they applied. Parents are welcome to join in the festivities.

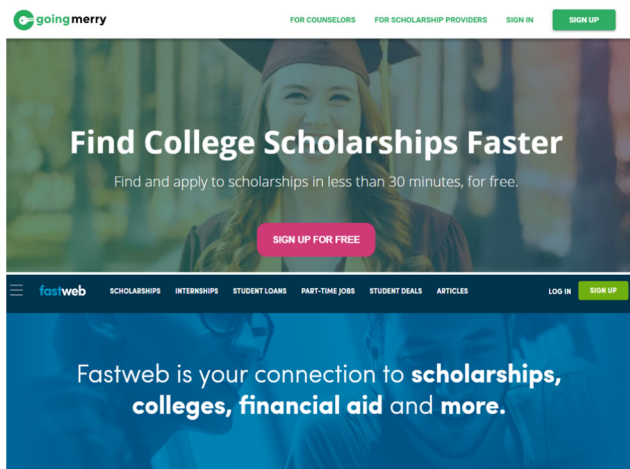

### Scholarships are a Priority for all GRADE LEVELS!!!

Time is passing quicker and quicker it seems, and soon our seniors will be graduating. Because of this, securing the seniors financial requirements for post-secondary education is vital. If your child is thinking about or will be attending a post-secondary educational institution, it is time to focus on scholarships, financial aid information, and the steps the students should already be taking to ensure that their college experience does not include high levels of indebtedness.

Scholarship help can be found in the Mission Valley scholarship listing by going to this website:

<https://www.mv330.org/scholarship-information--37>

Just a reminder, all of the freshmen, sophomores, juniors and seniors have received emails from me regarding multiple scholarship opportunities (local, state, and federal level). Two major scholarship websites are shown below, and I have information on both if requested.

1. They have all received an invite to [www.goingmerry.com](http://www.goingmerry.com). This is a free website, and is a 'one-stop-shop' that allows students to do one application for many different scholarships, and it will continually provide new scholarships that Mission Valley students qualify.

2. Fastweb ([www.fastweb.com](http://www.fastweb.com)) is a free website that focuses on scholarships, college searches, FAFSA/Financial Aid, and job searching.

## Busy Summer & Early Fall for FCCLA

Five members of our chapter attended the National Leadership Conference in Nashville, Tennessee. Members attended leadership training and career exploration sessions in addition to being recognized for their national-qualifying competitions. Clara Johnston earned first place for her STAR Event, Chapter in Review Portfolio. Kiki Widau and Paige Sims earned second place in Hospitality, Tourism & Recreation. Megan Deters earned a silver medal and placed 20th overall. Mission Valley was also represented on stage with Mrs. Bergin earning adviser recognition for Spirit of Advising and completing Adviser Academy. Finally, Karlyn Gustin ran for a national officer position and was elected to serve as the Vice President of Parliamentary Law. We are so proud of all the hard work these members have put in!

This summer, our FCCLA officers went to Overland Park for their officer retreat, where they planned the upcoming year in FCCLA. The officers also visited a ropes course for team building exercises!

Earlier this month, the Mission Valley FCCLA chapter went to Summer Leadership Training in Alma. With the other chapters in District D they did team building exercises, had a guest speaker (Kelly Hoelting), a pool party, and learned their duties for the new FCCLA year! District officer, Clara Johnston also led a workshop.

For their August Community Service Project the FCCLA members helped the teachers and staff get set up for the new school year. Some tasks they did include: laminating, putting up bulletin boards, hanging posters, and much more!

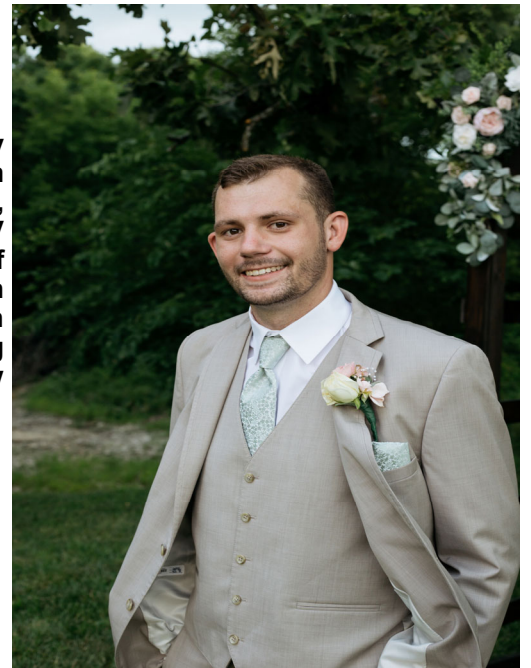

Next up is our annual Kansas FCCLA Take AIM Conference in Manhattan. Anyone interested in joining FCCLA this year can talk to Mrs. Bergin or an FCCLA officer. *By: Lucy Bryan & Kenady Deever, Co-VPs of Public Relations*

Hello Mission Valley Community!! First off I want to say "It's good to be HOME" I am Breanna Jackson students call me (Bre) from Eskridge elementary then when the schools combined at Mission Valley attended there and graduated in 2013. I attended Butler Comm College for a couple years and later met my husband Trent through a mutual friend, we have three daughters, Claire, Caroline and Collins. Claire and Caroline attend Preschool here at MV. Collins is two months old. School was always the highlight of my day. I loved being around people, helping the teachers with things they needed help doing, playing sports and being the athletic trainer for football. So to become the JH-HS Secretary is a joy and dream of mine. And I am so happy that my children get to attend MV and experience what it is like to be a Viking, I know they will love it just as much as I do.

**My name is Cade Fiske and I am a recent graduate of Kansas State University where I received my bachelors degree in Agricultural Education. I am originally from Solomon, Kansas and currently live in Wamego with my wife, Skyler and our black lab named Frankie. I am excited to be a part of the MV agriculture program and to help young individuals become better versions of themselves. I am an avid K-State sports fan and enjoy hanging out with friends and family. This school year, I have the opportunity to teach Horticulture, Animal Science, Ag Mechanics (Woods), 8th Grade Ag, and Ag Structures and Electricity. I look forward to meeting and getting to know members of the communities throughout the school year!**

My name is Caleb Olsen, I joined Mission Valley High School at the beginning of the 2021-22 school year as a brand new teacher, working through the US Department of Education's Transition to Teaching program and taking courses through Fort Hays State.

I attended St. Mary's High School in St. Mary's, Kansas, before acquiring a Bachelor's degree in English from the University of Kansas in Lawrence. I moved to Portland, Oregon, and developed a stand-up comedy routine, before moving back to Topeka for my first copywriting job at WIBW Radio. There, I wrote commercials for radio and television, which you may have heard on 94.5 fm, 106.9 fm, and 580 am. That year (2015), myself and my colleagues won first place at the KAB (Kansas Association of Broadcasters) Awards for a 60-second commercial, as well as second place for a 30-second commercial.

I then moved to Nashville, Tennessee, where I worked at Mix 92.9 fm as an on-air radio personality from midnight - 5:30 am. When my grandmother developed health problems, I moved back to Kansas and eventually settled in Kansas City where I worked as a copywriter at a local creative agency called Rivet. I enrolled in the University of Missouri-Kansas City as a graduate student, and three years later received a Master of Fine Arts degree in Creative Writing and Media Arts. Three months after that, I taught my first day at Mission Valley High School.

My name is Mr. Kalas. This is my first year at Mission Valley! In fact this is my first year as a teacher! But fear not. I have multiple years of experience in educational courses at Washburn University, one year as a sub and full time paraprofessional at Silver Lake where I worked with a wide variety of ages and backgrounds as well as with multiple fantastic teachers, finished my Masters in teaching at Kansas State University this May, and quickly got to finishing my license this summer. Finally, I have quickly found that I have one of if not the most supportive fellow staff members of any job you could ever have! I am very excited to work with everyone, especially my students who I already love having in my classroom! If you need to contact me for any reason email me at my school email, [ikalas@mv330.org](mailto:ikalas@mv330.org). Here's to a great year!"

My name is JennyLou Spoon I went to American University in Washington, D.C., and graduated in May 2019. I joined the Peace Corps that fall. I was in Indonesia from September 2019 until March 2020 when the COVID-19 pandemic forced my evacuation. In the fall of 2020, I started working as a K-12 substitute at Mission Valley. I am very excited to start this school year as a long-term substitute in 5th grade!

Hello, Viking family and friends! My name is Jerri Palmquist. It is my pleasure to start the 2021-22 school year in Mission Valley as the K-12 art teacher. I attended Fort Hays State University to earn a BA in Art Education, graduating in December of 2002. Go Tigers! My last 15 years of teaching experience was in Oakley, KS with elementary and middle school artists. Due to my husband's job transfer, we recently relocated to Council Grove before the first of the year. We are excited for the opportunity to live closer to family to help raise our two energetic and adventure seeking daughters who are nine and three.

My approach to teaching involves project based learning and developing creative skills by utilizing a variety of media, exploration and resources. My background is not limited to drawing, and I am capable of sharing printmaking, ceramics, sculpture, painting, digital design and more to multiple levels of learners. I frequently use technology to improve instruction and provide good digital citizenship. It is a goal to incorporate such tools as Google Classroom, as well as to introduce the online publishing tool called Arstonia as a digital portfolio to track student growth and more to keep communication open as your children develop their artistic problem solving skills. Please be ready to accept an email from Artsonia to grant permission for your student, which will allow you and family to view the work they design in class. The plan is to keep their work organized in portfolios which will not be returned until after the art show in May.

I feel blessed to share my love of visual arts with your students. The local community thrives with an appreciation and creativity for art, which makes me very excited to help encourage the same education and involvement with the arts in our youth. Growing up in a large family and living in rural communities have helped instill in me the importance of hard work, being organized and creative at problem-solving as well as to involve parents, family and professional "experts" to help improve the quality of education for students. If you are interested in volunteering to assist with publishing student work to Artsonia or knowing more about your child's art education, please feel free to contact me at [jpalmquist@mv330.org](mailto:jpalmquist@mv330.org)!

Hi Everyone, my name is Josey Marcotte and I will be the new School Nurse for the 2021-2022 school year. I graduated from MV in 2015 and went straight to Washburn University to get my nursing degree. I live in Auburn with my husband Colton and two dogs, Odie & Olive. In my free time I love hanging out and being outside with my friends, family, & two pups. I am excited to be back as a MV Viking!

My name is Kevin Vanderbilt and this is my 9th year of teaching and 11th year of coaching high school football and track and field. I will be the new 7-12 PE/Strength and Conditioning teacher at Mission Valley High School. I will also be an assistant high school football coach, head high school track and field coach, summer strength and conditioning coordinator, and driver education teacher.

My wife Shannon of 9 years, 6 year old son, Moxon, and 4 year old daughter, Mattox, live in Silver Lake, KS. My wife is also a teacher and coach, therefore our kids are at ball games and other school activities quite often throughout the school year. I am excited to join the MV family! GO VIKINGS!
