

Unit Title	LM*	Evidence Outcomes
Health		Trimester 1 Unit 1 Physical and Personal Wellness
	LM	H.2.2a Describe what is means to be healthy.
	LM	H.2.2b Explain why hygiene is important for good health.
	LM	H.2.2c Demonstrate the steps for proper hand washing.
	LM	H.2.2d Explain positive outcomes from brushing and flossing teeth daily.
	LM	H.2.2e Demonstrate steps for proper brushing and flossing of teeth.
Physical and Life Science		Trimester 2 Unit 2 Sorting
	LM	S.1.1a Observe, investigate, and describe how different objects move.
	LM	S.1.1b Describe the motion of a child who is playing.
	LM	S.1.2a Observe, investigate, and describe how objects can be sorted using their physical properties.
	LM	S.1.2b Explain why objects are sorted into categories.
	LM	S.1.2c. Sort a set of objects based on their physical characteristics, and then explain how the objects are sorted.
	LM	S.2.1a Sort a group of items based on observable characteristics.
	LM	S.2.1b Communicate and justify an evidence-based scientific rationale for sorting organisms into categories.
Earth Systems Science		Trimester 3 Unit 3 Sun and Earth
	LM	S.3.1a Investigate, explain, and describe that the Sun provides heat and light to Earth.
	LM	S.3.1b Analyze and interpret temperature data between day (<i>when the Sun shines on our area</i>) and night (<i>when the Sun does not shine on our area</i>).
	LM	S.3.1c Investigate and communicate findings about what happens when the Sun's light is blocked.
	LM	S.3.1d Investigate and communicate the effect of varying heat and light on the growth of plants through a scientific study.
