

MCHS Fall Pom Clinic 2021

The Redskin Pom Squad is currently putting together our fourth annual fall pom clinic! This is a great opportunity for your child to work with some of the most talented dancers in the state of Illinois who have captured statewide recognition for the past several years. Many of these dancers have earned the title of IHSA State Runners Up and are nationally ranked! Each dance team member is an excellent role model for your child. Our program prides itself on promoting a positive experience for all those involved. The clinic participants will be taught routines and perform them at a sophomore football halftime.
