Homework Tips

Although it may be hard to believe, you can help your child enjoy doing homework! When you provide the necessary support and encouragement, most children will rise to the occasion and do their best on their assignments.

What do children need from parents?

Encouragement-Give your child praise for effort and for completed assignments.

Availability- Encourage your child to do the work independently, but be available for assistance and check for accuracy.

Scheduling- Establish a set time to do homework each day. Your child may want to use a calendar/planner/assignment notebook to keep track of assignments and due dates.

Space- Provide a space for homework, stocked with necessary supplies, such as pencils, pens, paper, dictionaries, a computer, and other reference materials.

Discipline- Help your child focus on homework by removing distractions such as television, radio, telephone & interruptions from siblings and friends.

Modeling- Consider doing some of your work, such as paying bills or writing letters during your child's homework time.

Support- Talk to your child about difficulties with homework. Be willing to talk to your child's teacher to resolve problems in a positive manner.

Involvement- Familiarize yourself with the teacher's homework policies. Make sure that you and your child understand the teacher's expectations

We take great pride and celebrate this diversity and believe it adds to our strength as a school district. We believe strongly in mutual respect and tolerance for all people. Any actions of discrimination, prejudice, or harassment will not be tolerated at any level of the school district.

D. Sexual Harassment (Board Policy BP 5145.7 a-b)

The Superintendent or designee shall promptly investigate each complaint of sexual harassment in a way that ensures the privacy of all parties concerned. In no case shall the student be required to resolve the complaint directly with the offending person.

E. Bullying (Board Policy 5131.43)

Bullying takes many forms: gossip, cruel comments, insults, snubbing, put-downs, threats (physical or verbal or cyber) and violent attacks. It is deliberate, hurtful behavior that is often repeated and a form of anti-social behavior that has no place at school. It is the intent of this policy to make sure all members of our school community remain vigilant and consistent to help insure that bullying behavior is actively resisted and stopped, and that we provide a safe school environment for all students. Any acts of bullying, at any level, will not be tolerated and will result in disciplinary action.

Cyber / electronic bullying (Facebook, Twitter, social media, texting, etc) whether in school or out of school that creates a concern / conflict / disruption in school and / or in activities will be grounds for disciplinary action.

(The State of Alaska prohibits bullying. It is a legal offense to threaten physical injury or sexual contact (AS 11.61.120 Anti-Harassment statute).

Any Student who experiences bullying of any kind should first report it to the classroom teacher / bus or playground supervisor. If the bullying continues the student will report it directly to the principal. Students may also report bullying through the “Bullying Reporting Form” linked to the school webpage.

F. Snowball Policy

Throwing of objects, not a part of a regular school program, which creates a property or safety hazard can lead to disciplinary action. This includes snowballs! Teachers and playground supervisors have the authority to control and enforce this policy. (See Discipline Section)

G. Immunizations

Upon initial entry to school, each student's parent or guardian shall provide the school with up-to-date immunization records as provided in Alaska Law. New students must have a complete immunization record. Continuing students need to keep current in their immunizations required by law.

H. Medications (Board Policy 5141.21)

District personnel shall not dispense or administer any medication to students without prior written authorization by a health care provider with written instructions and with written authorization of parents / guardians, except where, in the judgment of medical personnel, emergency provision of medication is necessary to prevent serious harm to the student. - * Breathing difficulties

A letter will be sent home to all parents with students in that classroom that a live bug has been found

During any health pandemic CDC/Alaska guidelines will be followed to help insure the safety of students and staff

In the classroom teachers may give permission for students to remove their shoes.

O. Homework Assignments When Absent

Pre-Approved / Verified Absences: Students are required to make up all work missed according to the classroom teacher's guidelines. Failure to do so may result in no credit for the work.

Incomplete Grades: Within two weeks of the end of the grading period, incompletes will be changed to a letter grade for students in 5th grade.

Unexcused Absences: Unexcused absences (which includes skipping) are those absences that are not verified by the parents by telephone or note **and are not excused** by the administrator, which includes leaving school grounds without permission. The student forfeits the right to make up work, and no credit will be granted for the work missed.

K-8 students with pre-approved extended absences resulting from a medical condition will be provided with ongoing curriculum from the teacher. Upon submission of finished work the student may be counted as Medical absence.

P. Meal Program

Lunches are provided at a set cost. Lunch menus are available at the school and on the website. Because the number of students eligible for Free and Reduced lunches affects the District's eligibility for federal grant opportunities, families are strongly encouraged to apply for Free and Reduced Lunch. Students are allowed to charge meals to their account and notices are sent home on a regular basis when students owe money for meals. This bill should be paid in full every month. If a student's bill (meal account) reaches \$50 or more, the AD will notify parents and the coach that the student will not be allowed to practice, participate in, or compete in extracurricular activities until the amount owed is paid in full. The District may file a Small Claims Case with the State of Alaska when a household lunch account exceeds \$1000.

Q. Visitors

Adults: All adult visitors must sign in at the School Office upon arrival on campus. Students: Classroom visits by students who are not enrolled in our school are limited to a half day. For prospective students, the principal has discretion in determining the length of the visit. The parent / guardian / and / or student may be required to submit a Student Visitor form to the principal at least a day in advance to approve the student's visit. All student visitors must wear a student visitor name tag which must be visible at all times.

R. Volunteers

Volunteers are a mainstay of our school program. Volunteers are asked to contact the Principal or the teacher to set up a volunteer schedule. Volunteer's time, talents, and contributions are a great asset to the education of our students. All volunteers

who chaperone student activities are required to undergo fingerprinting and background checks.

S. Recess

KCSD understands the importance of physical activity. All students, kindergarten through fifth grade, will have the opportunity for physical activity through weekly PE class and 3 daily recesses.

While at recess, students are expected to treat all equipment, students and recess monitors with respect. In addition, all students have the right to play in a safe environment. In order to ensure student safety and maintain a clean playground, the following rules have been established. In addition, the recess monitor may communicate additional rules to maintain safety of all students:

1. Leave ground cover “chips” on the ground
2. All food will be eaten on the breezeway or covered area and garbage disposed of in receptacles.
3. Maximum occupancy of twirling cage is 3 and recess monitor will inform when it is time to rotate students.
4. Hands and feet to self (no pushing, hitting, kicking or etc beyond a one hand touch when playing tag).
5. Students may climb on playground equipment, but NOT jump off of it (use slide or stairs to go down)
6. Slides are for sliding down, not climbing up. Students must climb up stairs.
7. No electronic devices are to be used during recess time

Consequence: Students who break one of the above rules or additional rules verbalized by recess monitor will have the following consequences:

Second Offense- Student will have a “time out” for 5 minutes in breezeway

Third Offense or 1st violent Offense- Student will be sent to office to discuss choices with principal. Principal will assign “detention” or inside recess based on how many offenses the student has.

T. Transportation

Bus / van transportation is a privilege extended only to students who display good conduct while waiting to ride, riding, or leaving the vehicle. Riders shall be respectful to the driver and fellow passengers. Continued disorderly conduct or

persistent refusal to submit to the authority of the driver shall be sufficient reason for a student to be denied transportation.

Students can only be dropped off at their own residence unless written or verbal parental / guardian permission is turned in to the classroom teacher or office by 12:00. The secretary will send a notification to the bus driver. The driver may also obtain verbal confirmation from the parent at his discretion but must then notify the office or teacher of the change. Students cannot be dropped off by the bus prior to the designated time at school. Bus students who do not ride for 10 consecutive days will be dropped from the route until a new bus form is on file. Note: A camera system may be used to monitor student behavior on the bus.

Bus / Van Conduct Rules

In order to ensure the safety of all passengers, the following rules must be followed:

1. Students will display good conduct while waiting to ride the bus.
2. Riders shall follow the instructions and directions of the driver at all times.
3. Riders should arrive at the bus / van stop on time and stand in a safe place to wait quietly for entering the vehicle. Riders shall enter in an orderly manner, go directly to their seats, fasten their seatbelts, and remain seated while the vehicle is in motion. They shall not obstruct the aisle with their legs, feet, or other objects. Riders shall remain seated until the vehicle stops. When entering and exiting, riders should be alert for traffic.
4. Serious safety hazards can result from inappropriate behavior that distracts the driver. Such behavior may lead to suspension of riding privileges.
5. No part of the body, hands, arms or head should be put out of the window. Nothing should be thrown from the vehicle.
6. Riders shall help keep the bus clean. Riders shall not damage nor deface the vehicle or tamper with bus / van equipment.
7. No animals are allowed on the bus / van.
8. Bus riders caught vandalizing the bus may have privileges suspended and be required to pay for damages.
9. Students are to remain on school grounds after arriving on the bus in the morning and while waiting for the bus in the afternoon.
10. Displays of affection beyond holding hands are prohibited; kissing, necking, and petting will result in disciplinary action.

Staff, parents / guardians and the students themselves must see that these rules are followed. Riders who fail to comply with the above rules shall be reported to the Principal, who shall determine the severity of the misconduct and take action accordingly. In all instances of misconduct, the rider and his / her parent / guardian

shall be given notice and warning. In the case of a severe violation or repeated offenses, the rider may be denied transportation for a period of time determined by the Principal, up to the remainder of the school year.

V. Concerns and Complaints (Board Policy 1312.3 b)

A Klawock City School District priority is to improve communications with parents and to improve our effectiveness in working as partners toward quality education for each student. An important component of this goal is **to establish communications at the level in which a problem occurs**. Below is the Klawock City School District Board Policy, which is aimed at establishing a positive and effective manner in which to handle complaints and concerns.

The Klawock School Board believes that the quality of the educational program can improve when the district listens to complaints, considers differences of opinion, and resolves disagreements through an established, objective process. Individual Board members do not have authority to resolve concerns. The Board encourages individuals to resolve problems early and informally whenever possible. If a problem remains unresolved, the individual should submit a formal written complaint as soon as possible in accordance with appropriate district procedures. District procedures shall be readily accessible to the public. District procedures are available through the Principal or Superintendent's Office.

If approached directly with a concern, however, Board members should listen to the individual and refer the person to the Superintendent or designee so that the problem may receive proper consideration. **See Section B "Due Process" for specific instructions on Conflict Resolution.**

W. Telephone and Cell Phone Use

Students will use the telephone in their classroom with teacher permission unless making a long-distance call. The school secretary will make these calls. Cell phones may only be used before or after school or with teacher permission. Students bring these devices to school at their own risk. KCSD, its faculty and staff are NOT responsible for any damaged, missing, or stolen cell phones.

X. Personal Electronic Devices

In order to minimize distractions, academic dishonesty, and theft, all personal electronic devices (MP3 players, cell phones, iPads, etc.) are to be turned off and stowed away during the regular school day. Use of personal electronic devices are

only allowed before and after school. **Under no circumstances are personal electronic devices to be used in the cafeteria, library,** at recess or in the gym. Students bring personal devices at their own risk.

Y. Surveys

The Klawock City School District may survey students, parents and community regarding general educational programs and grant-required data.

Z. Notebook Computers and Peripherals

Students are responsible for his / her actions and activities involving School District computers, peripherals, networks and Internet services for his / her files, passwords and accounts. Consequences for non-compliance will be administered in accordance with the Discipline section of the Handbook. Prohibited uses include, but are not limited to: Accessing inappropriate materials, illegal activities, violating copyrights, plagiarism, copying/ downloading/streaming music or video / installing or modifying software; non-school related uses; misuse of passwords / unauthorized access; malicious use / vandalism; unauthorized access to chat rooms.

AA. Food / Drink Consumption

BB. Activity Program

Students third through fifth grade may participate in cross country in the fall, and basketball in the winter. There is no fee, but all required forms must be turned in and the student must meet attendance and academic eligibility requirements. If MS participation is low, 5th graders will be invited to participate in volleyball and basketball at the middle school level with all MS eligibility and attendance rules applied.

II. ATTENDANCE

A. COMPULSORY EDUCATION (State Statute 14.30.010)

School attendance is required under Compulsory Education Statute. Every child between seven and 16 years of age shall attend school at the public school in the district in which the child resides during each school term. If a student starts school at age six, Compulsory Education begins at that time for that child. Every parent, guardian or other person having the responsibility for or control of a child between seven and 16 years of age shall maintain the child in attendance at a public school in the district in which the child resides during the entire school term, except as provided in (b) of the state statute. Research shows that **attendance is the single most important factor identified in school success.**

Any students with excessive absences may also be reported to the Office of Children's Services and / or Tribal Family Youth Services.

The responsibility for regular school attendance lies with the student and his / her parents / guardians. Maximum success in school is highly correlated to a total commitment to attendance at school. The following Attendance Policy is based on this major factor.

For Grades K-5 the principal's office will send out a letter when students have accumulated 8, 18 and 28 and 30 absences.

A Team Parent meeting will be scheduled at 10 absences

Students who have 10 or more days of consecutive absences will automatically be dropped from the school roster as per state regulation.

For K-5 students, when the total number of absences for the majority of the academic day (2 or more periods) reaches **30 per year, these absences may result in retention.**

Students who reach **20 absences in a semester** (half day or more) will not be eligible to participate in extracurricular sport activities **for the remainder of that semester.**

B. General

Leaving During School Hours

Students will not be permitted to leave the building without parent / guardian's stated or written permission **and permission of school authorities or designee.** Students are not allowed to leave the school building or grounds at any time during

school hours unless they have reported to the office, received permission from parents or guardians and have a signed permit to leave the building. Students who become ill must report to the office before receiving permission to leave the building. Parents wishing their student to leave the school grounds should contact the Principal's office in advance. **When arriving to school 10 minutes late, or returning to school after checking out, students must check in at the office to obtain an admit slip to return to class.** Leaving school grounds without checking out of the school office will result in disciplinary action.

SKIPPING

A student who is absent from his/her assigned classroom without teacher permission, but still within the school facility is regarded as skipping class. Skipping will result in disciplinary action (See Section IV Discipline).

□ PRE-ARRANGED ABSENCE FROM SCHOOL

If a student knows he / she is going to be absent from school, the student is asked to complete a pre-arranged absence form prior to the absence.

MIGRANT RELATED ABSENCES

Currently eligible Migrant Education students may have a maximum of five days pre-approved per school year for qualifying migrant activities. Note: "Qualifying Migrant Activities" includes an overnight stay away from home ie. Fishing Subsistence Trips, Herring Ponds, Commercial Fishing. They will be able to participate in school activities when migrant absent.

MEDICAL ABSENCES

Students with pre-approved extended absences resulting from a medical condition will be provided with ongoing curriculum from the teacher. Upon submission of finished work the student may not be counted as absent.

CLOSED CAMPUS (Board Policy 5112.5)

The Klawock School campus is a closed campus for grades K-12 students. To check a student out for lunch, a parent must provide a signed, written note with a contact number, submitted to the School Office prior to 10:45 a.m.

III. EDUCATION

A. Alaska Comprehensive System of Student Assessments

(State Statute HSC CS SB 133)

Federal / State mandated assessments will be administered to all students according to the following guidelines:

Performance Evaluation for Alaska's Schools (PEAKS) Assessments –

B. Performance Based Grades

Students grades K-5 receive standards-based report card at the end of each grading period. The key below explains what each number represents toward achieving each end of year standard.

Habits that Support Learning		Academic Performance Level Key
4	Consistently demonstrates	4.0 - Student is Excelling in Grade Level Standards
		3.5 - In addition to score 3.0, partial success at 4.0 content
3	Usually demonstrates	3.0 - Student is Proficient in Grade Level Standards
		2.5 - In addition to score 2.0, partial success at 3.0 content
2	Sometimes demonstrates	2.0 - Student is Partially Proficient in Grade Level Standards
		1.5 - Partial success at 2.0 content
1	Seldom demonstrates	1.0 - Student is Performing Far Below Proficient in Grade Level Standards

NA	Not Applicable	While some learning standards will be addressed throughout the entire year, others will be taught during a specific unit of study. An N, on the report card indicates that the standard has not been taught.

Letter grades will also be given in 4th and 5th grade. Honor Roll will be posted at the end of each quarter for 4th-5th graders. No student with a grade of D or F will qualify for Honor Roll. To qualify for Honor Roll, a student must have a grade point average of 3.0 to 3.49. To qualify for High Honor Roll, a student must have a grade point average of 3.50 to 4.00.

C. Promotion

The School Board desires to see student's progress with their peers through the school system's grade levels. To accomplish this, instruction should accommodate

the varying interests and growth patterns of individual children and include strategies for providing extra attention or assistance when needed.

D. Acceleration (AR 5123)

When considering the possible acceleration of a student the Principal or designee shall establish a “Child Study Team” which will consider the academic, social and emotional needs of the child. The Child Study Team will include, but will not be limited to, the student’s past, present and / or receiving teacher, the school counselor, and the student’s parents. Student academic records, test scores, general classroom performance, and other school records will be taken into consideration in the decision regarding acceleration. Acceleration will only be considered prior to the beginning of the school year or upon initial enrollment in the Klawock City School District. The Child Study Team’s role is to provide insight and input into the needs of the student. **The final decision will be made by the Principal or designee.** The parents will be notified as to the decision.

E. Early Entrance (BP 5111 b)

Children under school age (children who are not age five by September 1st) who exhibit the ability to perform satisfactorily including advancement through the curriculum or grade level the following year, may be admitted with administrative permission. A school official will administer readiness tests prior to admission.

October 1st is the deadline for early *admission testing* to kindergarten.

F. Retention (Board Policy BP 5123 a & b)

The School Board recognizes that research indicates that very few children benefit from being retained during the elementary and middle grades. The Superintendent or designee shall promote alternatives to retention.

When a teacher believes that retention is necessary to meet a student’s needs, he / she shall ask the Principal to establish a student study team to consider the child’s academic, social and emotional performance. The student’s parent / guardian shall be invited to participate on the student study team. The team shall follow the school’s timeline indicated on the form

Before retaining a student, the Principal or designee shall consider the following factors:

1. The student has not met grade-level standards of expected student achievement.

2. Remedial help for the student has not sufficiently prepared for advancement.
3. Appropriate treatment targeted to the student's needs will be provided in addition to retention.
4. The student's parent / guardian has been notified and given reasons for the retention.
5. Excessive absences (*30 or more*) *Parental agreement suggested, not required, for retention.

IV. DISCIPLINE

We believe the district discipline program should advance the learning of social and life skills and should be based on maintaining a safe and effective learning environment within an atmosphere of mutual respect. Age appropriateness, frequency and severity of the violation will be considered when dealing with behavior and consequences. In all disciplinary actions handled by the administration, a parent letter will be sent home with a copy of the infraction. In addition, the parent may also be contacted by phone.

The District will comply with all State and Federal laws.

At the beginning of each school year the administration shall ensure that each student and his / her guardian are notified in writing of the Discipline policy. It is understood that not all possible situations or circumstances can possibly be outlined in this Handbook. This Handbook should be considered general guidelines relating to discipline during the instructional day and / or while students are under school supervision.

This Handbook serves as notification.
