

Morse Newsletter

June 5, 2023

Notes from the Principal, Mrs. Roux ...

What an amazing school year we have had. We are down to just a few days left and those days will be spent finishing up last minute assessments, squeezing in a little more skill development, and allowing students to participate in fun activities as they prepare to say goodbye to friends and teachers for the summer.

As students wrap up the school year and head home for summer break, teachers will also be wrapping up the year by digging into this year's data to determine strengths, challenges and plans for next year. Families will be hearing from teachers later in the summer to introduce them to their classrooms and teachers for next year. Some decisions are still to be determined based on the school budget approval and other factors that we will consider over the summer in order to plan for another incredible year starting on August 29, 2023

I want to wish our 5th grade students the best of luck in middle school next year. It has been a privilege watching them grow this year. They are all ready for the next exciting chapter in their lives. I also want to say thank you to the parents of these students. It has been a pleasure working with you to meet your child's needs.

This will be my last newsletter for this school year. I will reach out over the summer to keep everyone informed of important decisions and updates regarding next year, with important dates to remember as we gear up for another fantastic school year. I hope you all have a safe and sunny summer with plenty of opportunities to make special memories with family and friends.

Notes from the Office:

Important Upcoming Dates.....

June 8 - Spring Concert 1:45 p.m.

June 9 - 5th Grade Celebration

June 12 - Field Day

June 13 - Last Student Day (early release)

June 13 - Budget Referendum - please get out and vote

June 14 - School Board Meeting

Check Out What's Happening at Morse School: **Week of 5/29**

K/1	<p>What a hot and busy week! We have finally wrapped up end of the year testing, and I am so proud of how hard everyone has worked to show what they know and of all the growth that was made this year. We are finishing up a couple of science mini-units. This week we started learning about the water cycle including making a "cloud in a box" and monitoring how fast water evaporates. Next week, we'll revisit the five senses.</p>
1	<p>We checked our knowledge on plural nouns with a scavenger hunt for words in the classroom and hallway that we had to add s or es to. Then we checked our answers using a QR reader on the iPads. During our workshop rotations this week, students had the opportunity to look at different seeds with magnifying glasses and write/draw about them, read books about plants, made a plant life cycle diagram and labeled stages, and best of all, got to do some dramatic play in the class Flower Shop. In math we were comparing numbers up to 120 with greater than, less than, or equal to signs.</p>
4	<p>We're strengthening our writing skills by completing some fun end-of-year writing activities. We're continuing to work on multiplication fluency in order to divide more fluently. We've also had time to celebrate progress in our classroom! I'm proud of everyone's hard work!</p>
5	<p>Please join our class on Friday, June 9th to help us celebrate our 5th graders as they move onto middle school. Our class will walk to the park around 12:30 where we will meet friends and family for lunch. After that, the kids would like to challenge the adults to a game of kickball. We will wrap up the afternoon inside the community building, there at the park, for the presentation of certificates. I'm looking forward to a fun afternoon to celebrate all that the 5th graders have accomplished during their time at Morse Memorial. Permission slips for our walk to the park have already been sent home. Because we have access to the building, we will do this on the 9th, rain or shine. We hope to see you all there!</p>
Library	<p>This is one of our last weeks of library! We will be working on finishing up our chapter books and enjoying some picture books. Please remember to help your students return all their overdue books before the last day! We still have so many out there that need to come back!</p>
SEL	<p>This week at Morse was relaxed and fun! We talked about next year and then got to enjoy some time on the playground!</p>
Garden	<p>Whew, it was a busy week in the school garden! We finished planting potatoes, planted popcorn, weeded, and watered the garden.</p> <p>With summer vacation just around the corner, summer garden helpers are needed. If you are willing to help do a little weeding or watering this summer, on a one-time or more frequent basis, please let me know! No experience necessary! Please contact Darcy Johnston at djohnston@rsu3.org, or leave a message with the office at 722-3636.</p>

2023 Mount View Soccer Camp

July 24 - July 28

The Mount View Youth Soccer Camp is coming and we are pumped to get back at it!

What: Mount View Youth Soccer Camp

Where: Mount View Complex & MVMS soccer field

Who: All students entering K-8

When: July 24 - July 28, 8:30 AM-1PM

Cost: \$100 (Scholarships available - email Coach Page for more info)

Please make checks payable to Mount View Soccer Program

Camp Director: David Page (dpage@rsu3.org) - MV Girls Varsity Coach

All proceeds benefit both the Girls & Boys Soccer Programs. Every player will receive breakfast and lunch each day as well as a camp t-shirt. Mornings will focus on individual, partner and small group skills while the afternoon will work on team skills and strategy.

You will need to register in advance to guarantee your t-shirt size. You can also register from 8:30 to 9AM in the MVHS lobby on the first day. **There is no one available to supervise campers before 8:30 so DO NOT drop your child off before that time.** Thanks everyone - I hope you and your player are as excited to get back at it as we are!

You can join our Facebook Group to keep updated about MV Community Youth Soccer News at: @Mount View Community Youth Soccer News
